SOUTHERN NEWS & RECORD.

TUESDAY, MARCH 26, 1901.

Mexico is in bower of her hopes. The revolutionary leaders do not expect it to be a cakewalk. The war is likely to go on for a long time. But the revolutionists are not discouraged. They are determined to win, and they will not rest until they have done so.

SWAPPING PARTY THEOREM.

The swapping party theorem is a good one. It is based on the idea that if you swap two things, you will get two different things.

ENDEAVOR TEST FOR OUR ATLANTIC SHIPS.

Philadelphia, March 24—The last trial of the great new 20,000-ton battleship of the American Pacific fleet was completed today. The ship was launched on the 12th of March, and has been under test ever since. The result of the trial is that the ship is now ready for sea, and will be sent to the United States for further trials.

England Interferes
With Our Telephone System

The British Government has decided to take steps to prevent the extension of the telephone system in this country. The interference is likely to be serious, and will probably result in a great deal of inconvenience to the public.

FLASHPAD KERARDS THAT WILL LEAD ATLANTIC QUADRANT.

Washington, March 25—The new flashpad kerosene that will lead the telephone system of the Atlantic quadrant is being tested at the present time. The kerosene is being used in the telephone system of the British Post Office, and is proving to be very satisfactory.
