### WHY NOT?

Editor Evening Bulletin:—I have read the communication in the morning paper signed "reformer." It deals with W. O. Smith and his idea of the best way to elect a reputable set of officers. The letter strikes me this way: "Why does not a man sign his own name to a communication when he publishes it in his own paper?"

CHARLEY CHIP.

Honolulu, Oct. 3, '06.

## Bids Open For Country Club House

Bids were this afternoon opened for the construction of the Country Club house in Nuuanu valley. The contract will be given to Charles Matzel, the lowest bidder, whose figure was \$6085. Seven other contractors, John Walker, Hawaiian Ballasting Co., C. D. Walker, Redward, Wong Wong, I. Numura and Ouchi figured on the job, but not all of them turned in bids. The construction will be begun immediately, under the supervision of Architect Thos. Gill and it is expected that before long the Country Club will be installed in its new home.

The plans of the building, which are on file in Gill's office, show that it will combine both beauty and comfort and the most artistic and effective manner. The house, the floor dimensions of which will be 100 by 140 feet, will consist of a basement and one story. In the basement will be the janitor's quarters, work shop, lavatories, toilets, lockers, etc., etc.

The main floor will be surrounded on all sides by a lanai twenty feet in width, and will include a spacious reception hall finished in the old mission style with heavy rafters, wide, open fireplace, etc., as well as a lounging room for gentlemen and one for ladies.

The building will be built principally of stone in the rustic style. Special features will be a wide porte cochere, which will be able to stand a dozen automobiles, an important provision when the frequency of Nuuanu valley showers are considered, and a swimming tank 40 by 20 feet large.

It has been some time since Honolulu had a company of great dramatic artists come to its theaters. But they have come. It is announced that Mansfield and Hackett and John Drew and Willie Collier are all preparing to take to the woods when the Wisconsin reaches the States. Blanche Walsh and Maude Adams and Margaret Anglin expect to leave suddenly for parts unknown, while all the nigger minstrel troupes will probably cancel their engagements and retire permanently to the remote scenery.

For the Wisconsin Dramatic Club and Minstrel Troupe is on the way home. Meantime, it will give a performance here next Saturday night. The men have been practicing all the way from Yokohama for the show to be presented here and they say they have it down right. They have appeared at Yokohama, Manila, Hongkong and other places, but they say they are going to beat their record when they appear at the Young hotel next Saturday night. The dramatic club is under the guidance of Lieutenant J. P. J. Ryan, ordnance officer of the ship, who says that his men will give a performance that will be both amusing and interesting. The receipts from the show, after expenses have been paid, will go to one or more of the popular charities of Honolulu.

## WISCONSIN HOMEWARD BOUND

### CRACK BATTLESHIP OF NAVY ARRIVES

Wisconsin Comes Back From Service In The Orient

HAS SPENT THREE YEARS IN FAR EASTERN WATERS

FLIES AT HER FORE PRESIDENT TROPHY WON BY SUPERIOR TARGET SHOOTING—IS SPICK AND SPAN

Flying at her masthead the President's Trophy for target practice, signifying that she is the finest vessel in the United States Navy, the battleship Wisconsin steamed into the harbor this morning and at 8:30 o'clock docked at the Navy wharf, fourteen days out from Yokohama.

It has been more than three years since the vessel was in this port the last time, on a visit from the Asiatic station, where she has been ever since. Many important events have happened in that time, and the officers and men of the battleship have for forty long months hungered for a sight of their native land, sweated in the steaming tropics and been present as spectators at some of the great changes that have altered the course of history.

The Wisconsin left Chesoo on September 5 and was expected to arrive at Honolulu some days ago. But she stayed ten days at Yokohama before resuming her homeward voyage. Since leaving there pleasant weather has been experienced and the voyage has been uneventful. On September 26 the America Maru was gassed and at 12:30 on the morning of September 30 the Siberia went by.

The officers and men of the Wisconsin are more than glad to be homeward bound. Three years on the Asiatic station is a long time, and they are all anxious to see the loved ones whom they left in the States in 1903. The Wisconsin's stay in Honolulu will not be a long one. Time will be taken merely for coaling and cleaning ship, and Captain Drake states that he will get away Monday morning for San Francisco. It is as yet undecided whether the Wisconsin will go out of commission at the Mare Island navy yard or at Bremerton. Later she will go around the Horn to Atlantic waters. Whether she will be part of the

Atlantic or the Pacific squadron is not known as yet.

### Wisconsin's Armament

The battleship Wisconsin has a displacement of 11,565 tons and a speed of 16 knots. She is protected with armor varying in thickness from 16 1/2 inches on the turrets to four inches on the decks. She has two armored turrets. The armament consists of four 13-inch guns, fourteen 6-inch, twelve 6-pounder, eight 1-pounder, four Colts, two field guns and four torpedo tubes.

She has two sets of vertical, triple-expansion engines, two screw propellers and eight Scotch boilers. Ten thousand horsepower can be developed. The vessel belongs to the same class as the Alabama and the Illinois. She carries four searchlights, making it difficult for an enemy to approach without being seen.

The normal complement of the battleship is 490 men, but she has on board now about 615. This is on account of the fact that she carries a considerable number who are going home from the Asiatic station to receive their discharge.

Quite a number of the Wisconsin's crew were enlisted in Honolulu, and their cruise ends here. Possibly twelve or fourteen men will be discharged here, and about 300 will get their discharges when they return home.

### Officers of the Wisconsin

The Wisconsin is under the command of Captain Franklin J. Drake, with Lieutenant Commander Roger Welles as Executive Officer. The list of officers of the vessel is as follows:

Captain Franklin J. Drake, commanding; Lieut. Comdr. Roger Welles, Executive Officer; Lieut. J. P. J. Ryan, Ordnance Officer; Lieut. Z. E. Briggs, Navigator; Lieut. Henry N. Jensen, Engineer; Ensign Thomas L. Osburn, Ensign William Ancrum, Ensign William J. Giles, Ensign Frederick V. McNair, Ensign Daniel T. Ghent, F. A. Surgeon Henry E. Odell, Paymaster William B. Rogers, Captain James T. Rootes, First Lieut. Nelson P. Vofte, Boatswain Frank Brennan, Gunner Ernest Kollenberger, Carpenter Robert H. Lake, Warrant Machinist Chas. G. Nelson, Warrant Machinist George S. Dingham, Warrant Machinist Arthur (Continued on Page 2)

### NAVAL HOP AT SEASIDE
