HONOLULU, HAWAII TERRITORY, SUNDAY, APRIL 9, 1905.—TWELVE PAGES.

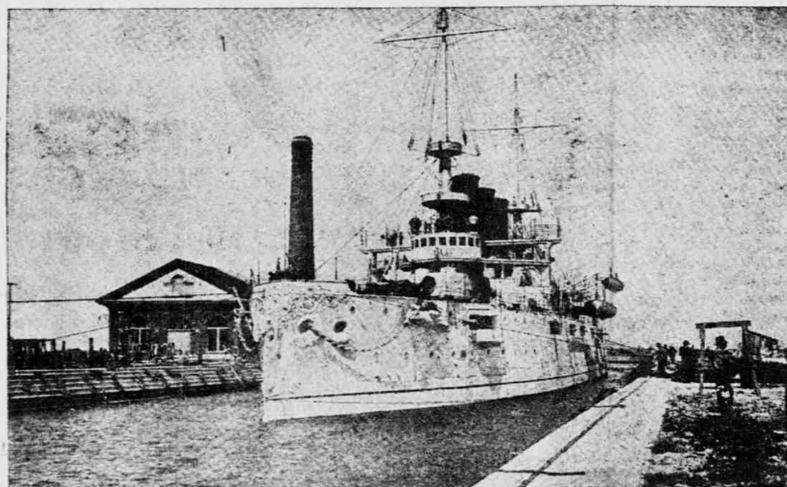

Entered Jan. 19 1898, at Honolulu Hawaii, as Second Class Matter, Under Act of Congress, of March 3, 1879.

## BIGGEST BATTLESHIP VISITS HAWAII NEAR CZAR'S SHIPS BADLY FOULED

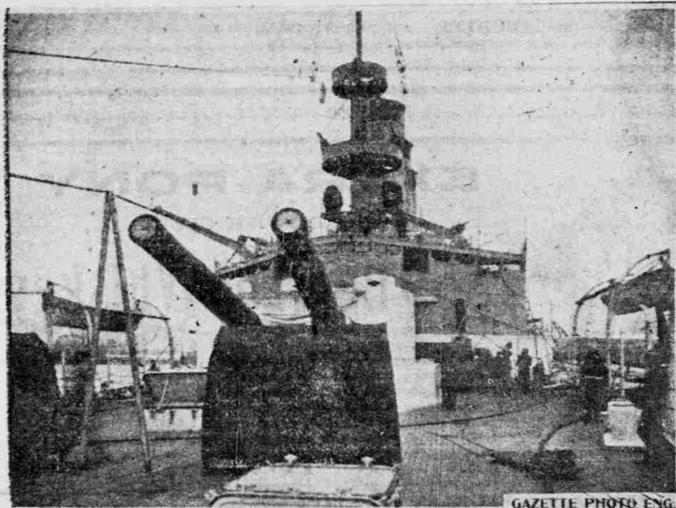

### Ohio In Port On Way To The East.

### Hits Transport When Docking--Receives Today.

Up from the eastern horizon rose a masthead yesterday forenoon, then some fighting tops and finally a great white hull, topped by a superstructure that bristled with guns. Visions of approaching Russian fleets were quickly dispelled when the Stars and Stripes were seen floating upon the breeze and nearer view showed the warlike visitor

THE OHIO IN DRY DOCK.

AFTER TURRET OF THE OHIO.

to be the United States first-class battleship Ohio, on her way from San Francisco to the Astoria station. It was but a few minutes after noon when the big fighting machine came to anchor off the harbor and the Quarantine officials went aboard. At about the same time the naval station launch with Captain Niblack reached the battleship. It did not take the doctor long to pass the ship but it was decided not to attempt to enter the harbor until the transport Sherman had sailed as it would be impossible to dock both the Sherman and the Ohio in the No. 1 slip.

All afternoon the big ship lay off the harbor but shortly after five, when the Sherman got away for San Francisco, she weighed anchor and headed in for the harbor. As the beautiful white ship came up the channel crowds on the pier heads watched her with admiration. Her rails were lined with jacksies in white who eagerly viewed the shore with visions of future liberty and good times in the city. On the Naval Dock No. 2 where the big transport Thomas lay was the Philippine Scouts' band which discoursed patriotic and popular airs while the warship docked.

#### SMASHED INTO TRANSPORT.

As the big man-of-war came slowly into the slip a slight accident occurred which might have been serious. The transport Thomas lay at the Walkiki side of Dock No. 2, her stern projecting some distance beyond the pier head. It was desired to dock the Ohio on the other side of the same pier, which is triangular in shape. The slip between Docks 1 and 2 is so narrow that it was with difficulty that the battleship made her way in past the projecting stern of the Thomas. Most of the ship was in when it was seen that the ships were going to crash. As quickly as possible the battleship reversed her engines but there was a rending sound as the boat davits on her starboard quarter crashed into the transport's stern. The taffrail staff of the Thomas with her big ensign went down but was grasped by many hands before it could fall overboard. A little party of men and women who were standing near it watching the Ohio beat a hasty retreat. There was another crash as a section of the transport's rail went by the board. By this time the bow of the Ohio had bumped into Dock No. 1 and she was brought up standing. In another moment her engines swung her clear and she soon was warped into her dock. During the whole time the Philippine band played on as if nothing were happening. No blame seems to attach to anyone for the slight accident as it was

(Continued on page 9.)

### POLICEMEN ATTACKED

### Waipahu Mob Assaults Officers--One Is Hurt.

Six policemen from Honolulu battled with three hundred excited Chinese at Waipahu plantation and succeeded in escorting twelve prisoners, whom the mob was trying to take away from them, to the Ewa jail. One officer was injured and all were roughly used. According to the story reported to High Sheriff Henry by his officers last night one Worthington, a head luna on the plantation, is guilty of inciting the Chinese to attack the policemen and liberate the prisoners. An investigation will be made at once, and if the facts are as stated a warrant will be issued for the luna.

It seems that Deputy Sheriff Fernandez of Ewa reported to the High Sheriff that considerable gambling was going on at the plantation among the laborers and requested aid in stopping it. Accordingly a squad of six men under Captain Kanae was sent down in a wagon last night. They made a raid and captured a dozen prisoners. While marching them along the public road at about 8 p. m. they were encountered by a mob of some 300 Orientals. According to the story of the police the luna, Worthington, in inciting the Chinese to attack the officers, fired his revolver in the air three times as a signal for the assault.

The Chinese were armed with clubs and sticks and made a furious onslaught. The police beat them off with their clubs. All the officers were more or less bruised and Officer Frank Kanae had his scalp cut open by a blow from a club in the hands of an unknown Chinaman. The wound was dressed by Dr. Judd last night. Wholesale arrests are predicted.

A four-foot baby shark is now on exhibition at the Aquarium. Open today from 1 p. m. to 9:30 p. m.

### TOM FITCH TO MARRY

### He Will Wed a Widow of His Own Name On the Coast.

SAN BERNARDINO, March 20.—Colonel Tom Fitch, the silver-tongued orator, secretly secured a license Tuesday morning to wed Mrs. Rena Fitch. His first wife died in Los Angeles last April, soon after which Fitch moved to his ranch at Highlands, opening a law office here, where he practiced but a few weeks, when he went to Honolulu. On returning to this country he located at Boise City, Idaho, returning here two months ago.

One January morning he went to the County Clerk's office, secured a license for his daughter, Ethel Carolyn, aged 21, to wed Dr. Joseph Muir, aged 40, placing the Clerk under oath not to tell of the issuance of the license. Tuesday he returned to the Clerk's office on a similar errand, being the prospective groom himself, and as before, he pledged the Clerk to secrecy, but this afternoon these secrets leaked out and the licenses were formally placed on record.

Fitch appeared twenty years younger Tuesday, having shorn his long silvery locks. But only a few of his family knew the secret. Though the bride bears the family name, she is believed here to be a widow of one of Colonel Fitch's cousins.

### ELKS AND PACIFIC CLUB MAY NOW SELL LIQUOR

Honolulu lodge of Elks was the first organization to take out a liquor-selling license under the law just passed for the relief of social and fraternal clubs.

The Pacific Club was the second. This oldest and most potential club of Honolulu, it will be remembered, was recently adjudged by the Supreme Court to have been properly fined \$100 by District Magistrate Whitney, under the liquor law, for selling liquor without a license.

Organizations taking out licenses under the club license law are not permitted thereunder to sell intoxicating drink to other than their own members. The license fee is \$200.

### REVIVALIST IS COMING

### Rev. Henry Ostrom Has Been Engaged by Cable.

There is another real revivalist coming to take hold of the new religious movement in Honolulu. And he is expected to make things hum.

The man is the Rev. Henry Ostrom, and he has had great success in the work on the mainland. He has been secured for Honolulu by cable through the efforts of Rev. D. Turner, and he will be here on the steamer Sierra which is due here on May 2nd. That is, he is expected on the Sierra.

Some days ago Mr. Turner cabled to Rev. J. Wilbur Chapman, the revivalist, asking that Evangelist W. E. Biederwolf be sent to keep up the work and awaken the sinners in Honolulu. To this cablegram the following answer was received:

"Portland, Oregon, April 7.—Rev. D. Turner, Honolulu: Biederwolf impossible. Shepherdson cannot sail until May 12. Henry Ostrom can come April 27. Great evangelist. Cable quick. "CHAPMAN."

To this Mr. Turner responded: "Revival on. Send Ostrom, sailing Alameda April 15, if possible. "TURNER."

And then this message came back: "Ostrom free 23rd of April. Can sail immediately after. Cable acceptance. Quick. Exceptional opportunity. "CHAPMAN."

The following brief cablegram closed the correspondence: "Welcome Ostrom. "TURNER."

And so the sure enough evangelist will be here, and the sinners can prepare to come into the fold—because, he will fetch them. Mr. Ostrom took part in the recent great revival in Denver, and is spoken of by the Denver newspapers as a man of remarkable earnestness and power.

The ground is being prepared now, and as soon as Mr. Ostrom reaches Honolulu the revival work will begin in earnest, and will be kept up from that time forward without cessation.

Tickets for the benefit baseball game between the Senate and the House of Representatives will be on sale at the office of Geo. P. Thielen, 529 Fort street, on and after 19 a. m., Monday morning, April 10.

## CZAR'S SHIPS BADLY FOULED

### Steaming at Eight Knots and Not Yet in Sight of the Enemy. Russia Jubilant.

(ASSOCIATED PRESS CABLEGRAMS.)

SINGAPORE, April 9.—The Russian fleet is steaming at a speed of eight knots. The bottoms of the ships are fouled with seaweed and their decks are coal-laden. Colliers show light draft. Rojstvensky has seven battleships, eight cruisers, eight destroyers, five volunteer cruisers, sixteen transports and colliers, one salvage ship and one hospital ship. The Russian consul here delivered dispatches to the admiral.

#### PROUD DAY FOR RUSSIA.

ST. PETERSBURG, April 9.—There is rejoicing here over Rojstvensky's successful evasion of Togo's fleet in Malacca Straits. The Japanese were deceived by the unexpectedly direct route taken. The admiralty believes that Togo is waiting near Formosa. A battle is expected within ten days.

#### TO RELEASE WOUNDED PRISONERS.

ST. PETERSBURG, April 9.—It is reported here that Japan intends releasing 25,000 incapacitated prisoners.

#### AFTERNOON REPORT.

LONDON, April 8.—A great naval battle in the China Sea is imminent between the fleets of Admirals Togo and Rojstvensky. Forty-seven Russian vessels have passed Singapore headed for Saigon. Twenty-two Japanese warships are within fifty miles of the Russian fleet.

ST. PETERSBURG, April 8.—General Linevitch reports fighting with small losses. The Japanese have been repulsed in the various engagements.

## JAPANESE FROM HAWAII NOT TO WORK ON THE CANAL

WASHINGTON, April 9.—Secretary Taft has replied to the protest of Governor Carter of Hawaii saying the United States government will not take Japanese from Hawaii to work on the Panama canal.

### TO PREVENT A STRIKE

CHICAGO, April 9.—The Employers' Association is seeking a conference with union labor leaders with the object of preventing a gigantic strike.

## THE TERRORISTS ARE BUSY IN ST. PETERSBURG

ST. PETERSBURG, March 31.—The authorities continue to find evidence of terrorist activity in St. Petersburg and in spite of the precautions of the police another tragedy may occur at any moment. The fighting organization is known to have on its condemnation list thirty persons, headed by Grand Duke Alexis and Governor-General Treppoff, but the police, although they have arrested several persons with bombs in their possession and have taken many suspects into custody, have been completely baffled in their efforts to discover the invisible hand which is directing the campaign of the terrorists. The police theory continues to be that the central organizations of those engaged in the conspiracies are at Geneva and in Paris and that the men arrested in Russia are agents selected to execute the sentences. When arrested, these agents invariably are true to their oaths and refuse to divulge anything, no matter to what ordeal they are subjected. Only yesterday the police by chance foiled what is believed to have been a plot to kill Governor-General Treppoff. According to the latest details of the affair, a man was observed during the morning lounging at the corner of Great Morskala street, about a block away from the entrance to General Treppoff's chancellery. The man attracted no attention at first, as he wore the red cap which is the distinctive mark of the employees of the messenger company, whose messengers stand at every street corner, but at last a policeman noticed that the man's face was not familiar to him, and approached the supposed messenger with the object of interrogating him. The man thereupon became alarmed, drew a revolver and fired at the policeman, but

missed him. The policeman then overpowered his assailant and arrested him. Almost at the same hour that the bogus messenger was being arrested on Great Morskala street the police, who have been keeping a sharp lookout at the hotels and lodging houses, discovered several bombs of the terrorist pattern in a trunk belonging to a stranger who occupied furnished rooms in a house in Pushkin street, but who was absent at the time the police searched his apartment. The man was promptly taken into custody when he returned and last night two individuals who called to see him also were arrested. All the prisoners declined to give any account of themselves. Although the police are reticent, refusing to furnish any information or give the names of the prisoners, the two incidents—the arrest of the man on Great Morskala street and the finding of the bombs—are undoubtedly connected. The man captured by the police on Great Morskala street probably was on the outlook for some mark by which to distinguish General Treppoff's carriage as several vehicles of the same style are constantly before the Governor-General's chancellery, and when he drives out they circle around and leave in different directions so that it is almost impossible in the confusion to determine definitely which carriage contains the Governor-General. It is said that General Treppoff, a fortnight ago, received a letter informing him that this ruse was unavailing as he would be killed in his bed.

### A DANGEROUS TRIP.

Mr. Dent H. Robert, managing editor of the Examiner, has gone on a trip around the island. Mr. Kidd, the Examiner correspondent, was assigned to drive him and was given two fiery steeds for the purpose. As Mr. Kidd has never driven before, always having employed a coachman, the fate of the party is in doubt. Anticipating trouble Messrs. Robert and Kidd carried a large stock of First Aid to the Injured, both in wood and glass.
