

PEAKS OF FORCE FROM HUSBAND TO HELP RIVAL

Mrs. Cunningham Urges Novel Plea in Court to Make Decree Final.

CHILD WON HER HEART. Once Horsewhipped Woman She Charges with Supplanting Her.

It is a unique reason which Mrs. Isabelle Cunningham, a wealthy woman, who lives in a handsome home at No. 61 Citrus street, Brooklyn, sets forth as the principal ground for the final decree of divorce that she is now asking.

In the petition, which her lawyer, Robert W. May, filed for her to-day before Justice Scudder in Special Term of the Supreme Court, Brooklyn, the wife states that her chief motive in seeking for a severing of the last legal tie which holds her to Cunningham is a desire to see him married to the woman who supplanted her in his affections, in order that the two children borne to him by the rival may be legitimized.

Cunningham, according to his wife's statement, is an engineer employed by the National Electric Company at No. 111 Broadway, at a salary of \$15,000 a year. He comes from Boston, where he was an intimate friend of Josiah Quincy, the Democratic leader of Massachusetts. Mrs. Cunningham belongs to a family prominent in New England.

In her petition she says that her husband is living in a Queen Anne cottage at No. 247 Fifth street, Manhattan, with Miss Elizabeth Deane, daughter of a Boston politician. She says the couple should be married by their neighbors to be married. They have two daughters, one aged six and the other four years.

Mrs. Cunningham says she once met the woman who supplanted her in the street. She was a woman whom she now names as Cora, but that, having become greatly attracted by the beauty and sweetness of the younger of Cunningham's two children she desires that as their father should be married to her to give them his name and keep their innocent lives from shame.

She adds she is reluctant to make public the secret of Cunningham's present domestic relations, but that love for the child impels her to take the step.

Justice Scudder reserved his decision.

JUMPS ON HORSE'S BACK AND STOPS RUNAWAY. School Children Have Narrow Escape From Being Run Down.

Gustav Dolren, Wend, of No. 311 East Twenty-sixth street, a cattleman who spent his youth on the plains of Nebraska, made a thrilling stop to a runaway horse this afternoon by jumping on its back and bringing him to a sharp halt.

The horse is owned by the Elbe Laundry Company, No. 311 East Twenty-second street, and was frightened while standing in front of the establishment. Running through Twenty-second street, east, a group of school children narrowly escaped being run down.

FRENCH PRESIDENT'S ASSAILANT UNDER FIRE.

PARIS, July 15.—The examining magistrate to-day completed a searching questioning of Leon Mallé, the naval recruit of Havre who yesterday fired two revolver shots at President Faure on the steps of the Elysées. However, to his mind, no official statement regarding this examination has been made. An exhaustive and general investigation of the incident is about to be started.

Help Wanted To-Day!

As advertised for in The Morning World's Want Directory.

ROOSEVELT IN CAMP ALL NIGHT WITH HIS BOYS

President Tells Hunting Stories and Cooks Breakfast for Party at Outing.

OYSTER BAY, L. I., July 15.—President Roosevelt spent last night on the open on the Sound shore at Lloyd's Neck. With him were his sons and three of their boy cousins. For years the President has made it a practice to spend a night either in the woods or on the shore with his boys, and the night picnic, as it is called, has grown to be for them a real climax of delight in the summer vacation.

Of all the nights which have ever been spent by the President and his sons in roughing it last night was the most ideal, a pleasant moon hung in the west until the camp fire burned low, the water of the Sound was a silvery sheet, and the air was tempered and sweet just enough to be delightful.

After these conditions a series of thrilling hunting stories told by the President to the circle of youngsters, and the possibilities of boyish delight seemed to be exhausted.

The party left the Emien Roosevelt wharf in Oyster Bay shortly before dawn, going out on the Sound and around to the selected camp site on the sylvan. The roughing-it camping outfit was taken ashore in small boats and the evening meal prepared over the camp fire. Breakfast was cooked this morning in the same fashion, and the return to Sagamore Hill was made shortly after the sun was up.

Last night the President and his boys encountered a severe thunderstorm during their picnic on the shore.

GIANTS LOSE TO CINCINNATI.

Mowrey taking third, Kane tapped in. McGinnis whiffed. McGinnis whiffed. McGinnis whiffed.

Huggins out, Dahlin to Hannan. Mitchell was out on his grounder to Devlin. McGinnis flied out to Hannan. NO RUNS.

Devlin fouled to Ganzel. Seymour struck out. Kane threw out Hannan. NO RUNS.

Ganzel singled. Mowrey fouled to Hannan. McGinnis whiffed. McGinnis whiffed.

Huggins sacrificed. McGinnis whiffed. McGinnis whiffed.

FIVE KILLED IN BIG BATTLE-SHIP

(Continued from First Page.)

eight-inch charge ignited in the after superimposed turret. Lieut. Goodrich and Minshpurn Cruse and Goldthwaite were seriously injured. None dead yet. A board of investigation has been ordered. Will send the Georgia to the Boston Navy Yard at once for transfer of the injured to a hospital. Will wire the names of the injured immediately on receiving information.

The Georgia is the fastest battleship in the navy, her speed trials showing her capable of making 19.26 knots an hour. She was built at Bath, Me., launched in October, 1904, and formally accepted by the Government last March. Her gun tests at that time were said to be the most successful ever made.

She is a vessel of 15,000 tons, a sister ship of the Virginia, New Jersey and Rhode Island, and carries twenty-four guns. At present she is attached to the second division of the First Squadron of Admiral Evans's Atlantic fleet. Her commander is Capt. Henry McCrea, who was recently transferred from the Iowa.

At the Naval Hospital in Chelsea all necessary arrangements had been made for the reception of the injured men. An increased corps of physicians was in attendance and the ambulance equipment had been augmented by those of the Chelsea Marine Hospital and the Police Department of the city.

At the Naval Hospital it was stated that the only detailed directions they had received from the Government authorities was to prepare for the treatment of men suffering from burns.

Lieut. Goodrich, one of the injured, was born in Italy, but was appointed to the navy from Connecticut in September, 1897. He has been attached to the Georgia since November, 1903.

Midshipman John T. Cruse was born in Kentucky and appointed to the navy from Nebraska. He had been attached to the Georgia since October last.

Midshipman Faulkner Goldthwaite (correct) is from Connecticut and was appointed to the navy in June, 1903. He has been attached to the Georgia only two months.

WASHINGTON TAKES ACTION.

WASHINGTON, July 15.—Immediately upon hearing of the disaster on the battleship Georgia to-day Acting Secretary Newberry sent directions to the Naval Hospital authorities at Chelsea, Mass., that everything be done to care properly for the sick and wounded. At the same time he sent a telegram to the ship's officers expressing his condolences over the sad affair.

The Georgia is commanded by Henry McCrea, former commander of the battleship Iowa, who recently relieved Capt. R. G. Davenport, retired.

PLATT, AT 74, EXPECTS TO LIVE TEN YEARS MORE

Senator Thomas Collier Platt celebrated his seventy-fourth birthday in the Oriental Hotel, Manhattan Beach, to-day and declared that he hasn't felt more chipper since he was a boy. He said that it was nonsense to say that he was lonely or friendless.

"Why I never had more friends in my life than I have now," he said to a reporter for The Evening World, as he was being wheeled along the boardwalk. "There are a stack of telegrams in the hotel that will show you I am not forgotten."

"The reason that I am not celebrating my birthday publicly this year is a very good one. My son, Henry Barlow Platt, died last night at Laurel Run, Pa., of pneumonia, yesterday. There was no sweeter woman on earth than Mrs. Grace Lee Phelps Platt. I intend to go to the city to-morrow and then to come to see her."

Senator Platt opened one of his batch of telegrams and said: "There is a pretty sentiment that has pleased me very much. 'If all the persons you have befriended in your lifetime and of whom you are still thinking, were placed in a row stretching from New York City to the Oriental Hotel.'"

"You see," chuckled the old man, "this is the way the world is. I have never before in my life. I am enjoying myself to the limit. I have cut out politics for the summer and will have no conferences of a political sort whatever."

"What do I attribute my good health to?" To good everything. That is the secret. Young man. Breathe deep and you will live to a ripe and cheery old age. Get all the good things you can into your lungs and develop them. I feel so strong that some night I am going over to Coney Island to see the lights. I also intend to take some still water baths. The surf is a little too strong for me."

PAVEMENT BUCKLES.

The pavement of vitrified wood blocks in State street around Battery Park, between Broadway and Whitehall street, buckled badly in part a dozen places today, so that it had to be torn up and the blocks laid loosely. A whale's back.

In the opinion of the contractors, the buckling was caused by the combined heat from the subways underneath and the rays of the sun, following the rains.

OVERCOME BY HEAT.

Samuel J. Pines, thirty-three years old, residing at Fifth street and Avenue C, was overcome by heat in front of No. 5, Fourth avenue to-day. He was taken to New York Hospital.

Mama, be Warned! Protect the Little Ones!

AMA! Don't be frightened—but be warned! Every Mother knows, or should know that the terrible mortality among children is caused by Stomach and Bowel troubles. Colic, Sour Curd, Cholera Infantum, Summer Complaint, Measles, Rash, Scarlet Fever—even Mumps—have their first cause in constipation.

"The Doctor" Tins of a Baby's Bowels will not stand rough treatment. Salts are too violent, and Castor Oil will only grease the passage, but will not make and keep them Clean, Healthy and Strong.

There is no other medicine so safe for a child as Cascarets, the fragrant little Candy Tablets, that have saved thousands of families from wretchedness.

The Nursing Mother should always keep her Milk Healthy Purger by taking a Cascaret at night before going to bed. No child medicine is so remarkably and valuable quality. Mama takes the Cascarets, Baby gets the Benefit.

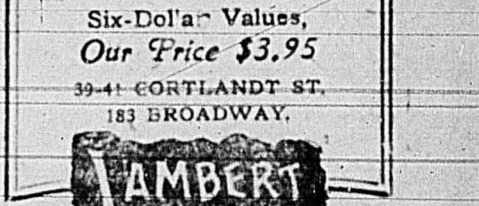

Cascarets act like strengthening exercises on the weak little bowels of the growing babe, and make them able to get all the Nourishment out of Baby's Natural Food.

Larger children cannot always be watched, and will eat unreasonably. The Ready Remedy should ever be at hand—Cascarets—to take care of the trouble when it comes.

No need to force or bribe children to take Cascarets. They are always more than ready to eat the sweet little bit of Candy.

Home is not complete without the ever ready Box of Cascarets. Ten cents buys a small one at the Corner Drug Store.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

They "paint" our shoes in glowing—but true—"colors." Their materials represent the best procurable and they are made on lasts designed by the foremost shoemakers in the world.

All our good words for them, our claims for their smartness of style and finish, of fit, durability and comfort, may be corroborated if you will only "Ask the Man Who Values Them."

Six-Dollar Values, Our Price \$3.95. 39-41 CORTLAND ST. 183 BROADWAY.

PENNSYLVANIA RAILROAD Bulletin.

ALL ELK TRAILS LEAD TO PHILADELPHIA. Philadelphia is the Capital of Elkdom this week. There never was such a gathering of the faithful, and no town has ever given itself so exclusively to the entertainment of its guests.

Philadelphia is the Capital of Elkdom this week. There never was such a gathering of the faithful, and no town has ever given itself so exclusively to the entertainment of its guests. The decorations are imperial in their splendor; the streets are a flood of light by night and a riot of color by day.

There is something doing every minute in which every Elk is interested and in which every visitor may participate as a pleased spectator.

The consolidated band parade of 3,000 musicians' bombard the welkin with synchronous melody is not only the most spectacular but the most daring achievement in music ever attempted. This is the feature of Wednesday morning.

The grand parade on Thursday morning will be the high-water mark of Elk ensemble. Unique in diversity, unusual in numbers, it will be an uncommon spectacle, to which a splendid, broad avenue, decked with color and enriched with examples of modern plastic art, will lend a fit setting.

ESTIMATED VALUE OF HER PHOTOGRAPH AT \$10,000.

Says Ad. Makes People Think She Obtained Beauty in Drug Store. Claiming they used her picture without permission as an advertisement, United Drug Company, 209 West 125th st., says the advertisement is not for profit but for the purpose of making people believe that it is not so unprofitable or unattractive as they think it is.
