AUTUMN DISPLAY OF FLOOR COVERINGS!

With the passing of Summer comes thoughts of Fall House Cleaning. It is a time when every housewife seeks new things to brighten the home—old Carpets are replaced by new ones...A Rug is added here and there...a new piece of Furniture where needed and the general comfort of the family looked after. We direct your attention to the department where floor coverings are carried, and have great satisfaction in being able to offer not only new and novel patterns but a number of exclusive designs which will be sought after by the family desiring to be "just a little different."

RUGS

This fall's showing includes all the standard patterns and weavers and some very exclusive patterns in standard sizes. We offer to the particular shopper some beautiful designs that are new and novel besides being absolutely exclusive. Most of the one hundred and fifty different Rugs are displayed, enough variety to allow the most discriminating purchaser the forest range.

CARPETS

Some of the newest and prettiest Wiltons ever shown here are in this fall's stock. The spring season exhausted our Carpet line, leaving the stock now and clean for fall and winter trade. There are beautiful patterns in Tapetree, Brussels, Axminster and Wilton. Among them are patterns that are exclusively our own. Again the interest of the consumer is served.

LINOLEUMS

If you are particular about your floor coverings you had better come here early for a look at these.

NO FRONT HALLS IN THE BEST HOMES.

Being economical or stylish, is the way of floor coverings ever been shown in this city. Several patterns and everyone a winner.
