

## TERRORIST BOMB FOR DOUBASOFF

### Governor-General of Moscow Hurlled Under Horses' Hoofs.

## SENTRY, AIDE AND ASSASSIN DEAD

### Governor of Elizabethpol Assassinated—Convention of Moderates at St. Petersburg Adjourns in Order to Cheer Would-Be Murderer.

(By Associated Press.)

MOSCOW, May 6.—A bomb was thrown at the carriage of Vice-Admiral Doubasoff, Governor-General of Moscow, as he was being driven to the palace today. He was wounded in the foot, and his aide-de-camp and a sentry were killed. The man who threw the bomb is reported to have been killed. He wore an officer's uniform. Access to the palace is barred.

Governor-General Doubasoff was returning in an open carriage from the Uspenski Cathedral, and the outrage took place outside the carriage entrance to his palace. Several bystanders were injured.

### Thrown Under Horse.

According to the route decided upon in advance, the Governor-General should have returned to the palace by the side entrance, but during the drive he changed his route, and thereby ran into the peril he was seeking to avoid.

Vice Admiral Doubasoff's life was saved by the poor aim of his would-be assassin. The bomb exploded on the pavement several paces to the right of his carriage, hurling the mutilated corpse of the terrorist several yards back, and tearing off one arm and the face of an aide, who was descending from the carriage. Governor-General Doubasoff was thrown from his carriage and under the horses' hoofs. His hat was buried and his leg bruised, but he was able to walk unassisted into the palace. The coachman's skull was fractured and he was taken to a hospital.

It is thought the assassin was the student in whose room a bomb exploded Saturday, killing three accomplices, but who at the time was watching the palace from a room in the hotel opposite.

## CHEERED ASSASSIN FOR TEN MINUTES

### Russian Convention Adjourns in Order to Give Vent to Feelings.

(By Associated Press.)

ST. PETERSBURG, May 6.—The moderates carried another feature of the programme of the Constitutional Democratic Congress to-day by adopting the project of party organization, which places the control of both the policy and the tactics of the party in the hands of the national congress and its executive arm, the central committee. This project was introduced on Saturday, and was bitterly fought by the extremist wing of the party.

The deputies spent most of the day discussing their tactics for agitation in the country, and at the evening session the agrarian programme, fixing the maximum size of farms, the redistribution of the government agency of lands exceeding this maximum, etc., was introduced.

The radicals immediately attacked this, demanding the nationalization and socialization of all lands.

A feature of the session was the picturesque scene when the news was received of the attempt upon the life of Governor-General Doubasoff at Moscow. It was then supposed that the attempt had been successful. The convention took a recess and cheered the assassin and the dead for some minutes.

During the evening news also was received of the assassination of the Governor of Elizabethpol, in revenge for his savage representations in the Caucasus.

### Delegates Arriving.

The members of the National Parliament and of the Council of the Empire are arriving here on every train.

The fears that the government might attempt to dissolve the Parliament before it had the opportunity of accomplishing anything are vanishing, and despite the bomb outrage at Moscow today and the continued irreconcilable attitude of the extreme revolutionists there is a more hopeful feeling that Russia may enter smoothly into parliamentary life.

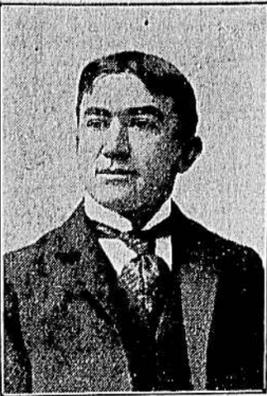

The new cabinet has announced a policy of hands off, practically saying that the Parliament shall have carte blanche, and that so long as it does not attempt to meddle with the fundamental laws of the empire the Parliament will be allowed to offer its own solution for the crying agrarian problem.

The constitutional Democrats believe their final victory, when the Emperor will be forced to grant a constitution, is not far off—a few months at most—especially if in the meantime they are permitted to accomplish something tangible which will strengthen them with the country.

The Associated Press to-day talked with M. Nabokoff, the leader of the Constitutional Democrats, who said frankly that his party had no desire at present to have a premier and cabinet, even if it could. By remaining in opposition, with the party behind him, the chances of forcing a complete surrender were increased instead of being diminished.

### Dies From Injuries.

Mr. Clare H. Walpole, son of Frederick W. Walpole of Norfolk, Eng., died Sunday at Charlotteville. The injury which caused Mr. Walpole's death was received by a fall from his horse. He is survived by his widow and one daughter.

MR. L. O. WENDENBURG, Commonwealth's Attorney of Henrico, swears out warrant for negro who five times has attempted to burn his residence.

## MR. WENDENBURG AFTER THE NEGRO

### Swears Out Warrant for Man Suspected of Five Attempts to Burn Dwelling.

### SPEEDY CONVICTION CERTAIN

### Constables Working Case Say They Have Perfect Chain of Evidence.

After making five attempts to burn the home of Henrico Commonwealth's Attorney L. O. Wendenburg, in Barton Heights, James Lewis, alias Jim Daggert, will be brought to account, evidence having been secured with which to convict him.

The attempts to set fire to the fine residence of the lawyer have aroused the greatest indignation throughout the county, and the police were interested in the case from the start. They have been hot on the trail of the criminal for some time, and their suspicions were so strong in the direction of the negro Lewis, that they persuaded Mr. Wendenburg to swear out a warrant for his arrest. The arrest will be followed by a vigorous prosecution, which, on the evidence gathered, will certainly convict. He will be given the extreme penalty of the law for attempted arson, if caught.

Suspicion first attached to Lewis because of his oath to take vengeance on the attorney for having caused him to be convicted and put in jail for cutting wires on the Seven Pines Electric Railway. This was last July.

### Swore Eternal Vengeance.

The arrest of Lewis followed that of an accomplice of his named Helter, who was sufficient to implicate his partner. They were both given the extreme in the case, which was six months in jail and twelve months' security for good behavior. As he was being locked up in his cell he swore that he would get even with Mr. Wendenburg. If it took him eighteen years.

Lewis was discharged from the jail the 6th of last January, and the first attempt at burning followed close on the night of January 23d. Since that time there have been four other attempts, at short intervals of time.

The people of the Heights are much wrought up over the matter, and they have urged the authorities on in their efforts to secure sufficient evidence to convict the negro. By dint of close inquiry, the constables who were detailed on the case have discovered two of Lewis's friends, who will be used as witnesses in his forthcoming trial. They confessed to them that he had tried to burn the house, and further, that they were convinced finally that he would shoot Mr. Wendenburg on sight.

The warrant for Lewis was sworn out Saturday, and it is expected that the officers will be able to nab him at once, in which case he will be given a quick trial. His conviction is certain, say the police, on the evidence they have.

### Campaign in Atlanta.

(By Associated Press.)

ATLANTA, GA., May 6.—Rev. R. A. Torrey and Charles M. Alexander, the celebrated evangelists, reached this city yesterday afternoon, and to-day opened their campaign for Christianity before a large and enthusiastic gathering. The meetings are expected to continue for a month.

## DRUGGED ZULUS FIERCE ATTACK ON BRITISH

### Display Desperate Fury But Are Routed With Sixty Killed.

(By Associated Press.)

DURBAN, NATAL, May 6.—Colonel Mansell's column, which is pursuing the Zulu rebels, under Chief Bambata, was attacked to-day by two hundred Zulus while descending a precipitous hill near the grave of Chief Cottwayne. Sixty Zulus were killed; Colonel Mansell and three men wounded.

Mansell was engaged in a reconnaissance from Fort Yolland. He was operating with other columns in expelling the rebels from a forest with a view to cutting Bambata's retreat. He thought the Zulu attackers were Bambata's men. They numbered altogether over a thousand men, and attempted to employ the crescent formation adopted in the Zulu war, and only Colonel Mansell's prompt disposition of his forces prevented disaster.

The Zulus displayed desperate fury. They were armed with spears and assegais, and evidently had been drugged by witch doctors, who pretend to be able to render them impervious to bullets.

## AGED COUPLE AT OWN FUNERAL

### Monuments at Graves Are Unveiled With Much Ceremony.

## GREAT GATHERING HEARS EULOGIES

### "Uncle Joel" Sometimes Lies Down in Tomb to See How Comfortable It Will Be.

### Entertains Funeral Party at Dinner.

(Special to The Times-Dispatch.)

BENNETTSVILLE, S. C., May 6.—The monuments at the graves of Mr. and Mrs. Joel Covington were unveiled in Hebron Cemetery, near Bennettsville, Marlboro county, to-day in the presence of a large gathering. The aged couple were present to participate in the exercises and hear the eulogies of themselves. J. P. Gibson, member of the House of Representatives, was the orator. Captain Frank Manning presided and made an appropriate speech, and an essay was read by Miss Jean Cameron, of Virginia. Some thought Uncle Joel was not a comfortable person to be in the tomb, but he is reported to be comfortable in it.

"Uncle Joel" is a jolly old man and enjoys telling and hearing a joke. He sometimes lies down in his tomb and laughs at the exercises. He is reported to be comfortable in it. He has two sons, Thomas C. and Julius, both prosperous and useful citizens. Julius was mayor of McColl for several years.

## NO DISORDER AT FRENCH ELECTION

### Military and Police Guard Booths Closely—Few Changes in Chamber.

(By Associated Press.)

PARIS, May 6.—The results thus far announced in the general parliamentary elections, which were held to-day, show few changes in the chamber, most of the former deputies being re-elected, but an extraordinary number of second ballots will be necessary in Paris. The present ballot gives the opposition a majority, but the second ballot, which will be taken May 20th, is expected to reproduce the results of the first election, and the government of the capital was equally divided. Nevertheless, the government has gained one seat.

It is estimated that there was a record poll of votes. Owing to the excitement caused by the recent strike and the disorders occasioned by the taking of inventories of church property, the polling booths were guarded by military and police, but to-day passed practically without incident and intervention by the authorities was unnecessary.

Great crowds this evening surrounded the Hotel de Ville, the Ministry of the Interior and the newspaper offices, where results of the voting were posted, cheering or booing when the return of popular candidates was announced. The success of prominent men, such as Mm. Briand, Pressensac, Millerand, Lock Roy and Millereux, and Admiral Beniamine, was greeted with enthusiasm. Marcel Habert, director of the League of Patriots, was defeated.

Police and cavalry patrols prevented demonstrations by the disorderly element, and good humor was generally prevalent.

### To Make Inquiry.

(By Associated Press.)

WASHINGTON, May 6.—Postmaster-General Cortelyou has recommended to Congress the appointment of a commission to inquire into the subject of second-class mail matter, with a view to ascertaining what modifications of the present second-class laws are necessary, the commission to render its report to Congress not later than December 10, 1906.

## VIRGINIAN SHOTS WIFE DEAD IN STREET

### Followed Woman From This State to New Jersey, Where He Killed Her.

(By Associated Press.)

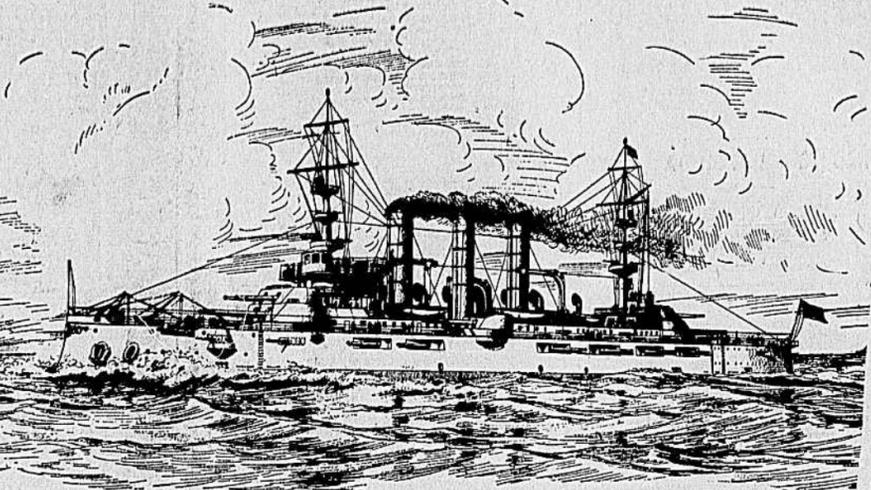

LONG BRANCH, N. J., May 6.—Thaddeus Burch, who came here from Virginia, was arrested here to-day for the murder of his wife, who was shot in the street to-night, and after a few words, shot her dead. He was arrested, and declared his love for his wife impelled the deed.

## EPIDEMIC HAS BEEN STAMPED OUT IN MEXICO

(By Associated Press.)

CITY OF MEXICO, May 6.—The typhoid epidemic is practically stamped out, only two cases and one death being reported yesterday. The Board of Health of the Federal district and the district government have effectively co-operated in the sanitation of the city, and especially in the poorer quarters. The magnitude of the task accomplished is shown by the fact that since October 1st there were 3,372 cases and 785 deaths, one of the severest visitations of fever ever known here.

## BIG BATTLESHIP FLOATED AFTER BEING AGROUND SINCE SATURDAY MORNING

BATTLESHIP RHODE ISLAND.

## COAL DISPUTE NOW NEAR END

### Every Assurance That Committees Will Reach Agreement To-day.

## CONFERENCE IN NEW YORK

### Mitchell Prefers Agreement for Two Years, But Will Defer to Operators.

(By Associated Press.)

SCRANTON, PA., May 6.—Nothing developed to-day to disturb the general belief that a strike of the anthracite mine workers had been averted. There seems to be every assurance that the sub-committee of the organization, which will go to New York early to-morrow morning for a conference to-morrow afternoon with the operators, will be assured by the latter that there will be no discrimination shown in the case the men are ordered back to work, and that the terms of agreement to be made will be readily agreed upon.

It is felt that the readjustment of working conditions can be made at each colliery in a very short time, providing the men use a little patience, and also providing that the foremen make an extra effort to restore peace and harmony.

The sub-committee is composed of President Mitchell, the three district presidents and the three district secretaries. They will return to this city from New York after the conference to-morrow afternoon, and will report to the convention Tuesday morning at a special session to be held in Music Hall.

It is expected that the convention will ratify their report and vote for a resumption of work on Monday, May 14th, under the award of the Anthracite Strike Commission.

While President Mitchell would prefer an agreement for two years, both he and the other members of the committee, it is understood, will bow to the wishes of the operators and accept an agreement for three years, if the latter so desire it.

## CHEMICAL WORKS AFIRE: MUCH DAMAGE

(By Associated Press.)

JACKSONVILLE, FLA., May 6.—Fire in the storage yards of the Vernice-Mariner Chemical Company, in the western suburb of this city, to-night destroyed fifteen thousand tons of bating draught, valued at \$150,000. The reports and buildings of the company were in great danger, but were saved by hard work. It was first reported that the fire was in the company, and the local officials hastened there to direct operations.

### Bulgarians Killed.

(By Associated Press.)

SALONICA, EUROPEAN TURKEY, May 6.—Turkish troops on Saturday terminated a band of fourteen Bulgarians at Lyoudja, near Kluppell. The Turks had two men killed.

## THE WEATHER.

Forecast: Virginia—Fair and cooler Monday, preceded by rain in southeast portion; Tuesday, fair; continued cool; Wednesday, fair; continued cool; North Carolina—Showers and cooler Monday; Tuesday, fair; cooler on the coast; fresh north winds.

## MOODY AT WORK ON OIL CASES

### Extensive Preparations Being Made in Washington for Prosecution of Standard.

## MUCH EVIDENCE SECURED

### Action Will Likely Be Brought in New York, Pennsylvania or Indiana.

(Special to The Times-Dispatch.)

WASHINGTON, D. C., May 6.—Attorney-General Moody, assisted by the entire legal contingent of the Department of Justice, is now preparing to prosecute the Standard Oil Company for accepting rebates from the trunk railroads on shipments of the products of the trust. This prosecution will be brought as the result of the investigation conducted by James R. Garfield, the Commissioner of Corporations, who, together with his assistants, secured evidence which not only shows that the trust has demanded and received rebates on its shipments, but which is strong enough to enable the government to secure a conviction.

### Alleged Conspiracy.

Aside from the prosecution for receiving rebates, it is declared that the government has also enough evidence to enable it to prove that this great trust has conspired to ruin the business of its competitors. There will not be a prosecution of Jewish Charities, which brings the action will be brought against the trust for receiving rebates in violation of the Elkins anti-trust law.

This law provides that the penalty for each violation is a fine of \$5,000, and as the government has secured evidence of many violations of the law, if conviction is secured, will be a heavy one, but out of all proportion to the amount of tribute that has been extracted from the people by the trust. It has not yet been decided where the prosecution will be brought. The law provides that the action must be begun in the United States Circuit Court for the district in which it is charged the violation took place.

### Made More in North.

The Department of Justice will therefore be able to act in almost any State in the Union, and it is likely that the prosecution will be brought in New York State, Pennsylvania or Indiana, where the principal operations of the trust are carried on.

Attorney-General Moody declines to discuss the plans, but it will be some weeks before the case against the trust can be prepared, and it is more than likely that it will not be presented in any court until next fall, as the Circuit Courts will take a recess in a short time until the fall term begins.

## IGNORED WARNING; MOB ATTACKED HOUSE

### One More Killed and Father and Daughter Injured in Shooting Affray.

(By Associated Press.)

NASHVILLE, TENN., May 6.—Marvin Winters was shot and instantly killed and Thomas Stewart and his young daughter were severely wounded during an affray at Stewart's home, near Pleasant View, Chatham county, last night. A few days ago Stewart received a letter, warning him that he and his family did not leave the neighborhood within ten days they would all be killed. Saturday night a mob surrounded Stewart's house and opened fire on it, and Stewart and his daughter were wounded. Stewart returned the shots, and the mob scattered. This morning the body of Marvin Winters was found about fifty yards from Stewart's home, a load of shot having taken effect. Sheriff Harper and deputies this afternoon arrested Jim Hunt, Ep. Boyle and Newton Winters.

### Strike in Boston.

(By Associated Press.)

BOSTON, May 6.—It was announced by the Cigar Makers' Union to-night that arrangements were complete for a strike of cigar makers to-morrow for a wage increase. It is thought that 1,200 men employed in the six principal cigar factories in the city will go out.

## MRS. MORRIS EXPRESSES THANKS

### Lady Who Was Ejected From White House Grateful for Sympathy.

## TILLMAN NOBLE, CHIVALROUS

### Has Confidence in Justice of Cause Before Great American People.

(Special to The Times-Dispatch.)

LYNCHBURG, VA., May 6.—The News this morning prints a letter three-quarters of a column in length from Mrs. Minor Morris, the lady who was ejected from the White House by Assistant Secretary Barnes, in which she expresses her thanks for an editorial favorable to the lady. In concluding, the lady says: "It is all over, and I have wronged no one. This in itself is enough. I have been hopeful that the great United States Senate might give its support to a thorough investigation—one that would really investigate. Senator Tillman is very noble and chivalrous, as was also Congressman Sheppard, of Texas, in the House. Interest in the justice of my cause is constantly growing. A retired diplomat of great astuteness called last night to tell me how greatly the feeling against such cruelty had increased locally, and have evidences from everywhere that there is enough true patriotism in America not to see an American woman outraged at the door of our national residence, or elsewhere, without its protest and accomplishment of its redress."

### JEWISH CHARITIES CONFERENCE MEETS

(By Associated Press.)

PHILADELPHIA, PA., May 6.—The biennial meeting of the National Conference of Jewish Charities, which brings together representatives of every Jewish charity of any importance in the United States, was formally opened to-night in Keneseth Israel Temple, in this city, and will continue until Wednesday. The address of welcome was made by William B. Hackett, and this was followed by an address by the president of the conference, Judge Julian W. Mack, of Chicago. The report of the Committee on Distribution was read by Cyrus W. Sulzberger, of New York. The Jewish Publication Society, of Philadelphia, also held its annual meeting here to-day, at which the following officials were elected: President, Edwin Wolf, of Philadelphia; vice-president, Dr. Henry W. Lepsler, New York; treasurer, Henry Fernberger, Philadelphia; secretary, Dr. Lewis W. Steinbach, Philadelphia.

### Fair Weather Saturday.

There was fair weather at York Spit yesterday morning and no sea was running. The wind at Cape Henry at 8 o'clock yesterday morning was blowing from the southwest four miles an hour. The wind at the mouth of the York River was blowing from the west, but the government is negotiating with the Merritt & Chapman Derrick and Wrecking Company to float the vessel.

Not one of the naval tugs, the Mohawk, Hercules or Uncas, which went to the aid of the vessel, has yet returned. The Uncas is the most powerful tug in the navy.

## ADVISED OF THE BATTLESHIP'S PLIGHT

(By Associated Press.)

WASHINGTON, May 6.—The Navy Department was advised to-day of the grounding of the battleship Rhode Island through a telegram from Captain Harrington, commander at the Norfolk Navy Yard. The message reads:

"At half-past one o'clock (Saturday) received a telegram by wireless from Captain Perry Gurst, of the Rhode Island, stating that the ship was ashore on York Capes, the Wahneta and Hercules (tugs) were sent to him, and reached there about four o'clock. At four-thirty a wireless message was received from the Minneapolis, sent by Bradford, stating that he was there and would make an effort to get the Rhode Island to get aloft. He also asked for more tugs. I sent the Wahneta and the Uncas. At 9:30 last night, received a wireless dispatch from Bradford, saying that the Rhode Island made an attempt at high tide to float, between 6 and 7 o'clock last night, using her own power with that of the Hercules and the Mohawk, but failed to get aloft. The Rhode Island was ashore at nearly high tide, drawing about twenty-four feet. Will make another attempt this morning at high water."

### May Lighten the Ship.

In view of the presence on the scene of four powerful tugs, and the fact that the Rhode Island is inside of the bay and in smooth water, the naval officials hereabouts said they felt no doubt that the Rhode Island would get off without harm, though it might be necessary to lighten her by taking off some coal and heavy stores.

A court of inquiry will be appointed to ascertain the cause of the accident and to report whether further action should be taken against anyone who may be responsible. This court, usually appointed by the commanding officer of the fleet or squadron, will, in the present case, be the court of inquiry. The court will be named by the Secretary of the Navy, as the Rhode Island had not yet been attached to any squadron, but was merely out for a shake-down. If the court of inquiry finds any of the officers culpable, a court-martial will be appointed.

## THE BATTLESHIP IS AFLOAT AGAIN

### Pulled Off Last Night By United Efforts of Powerful Tugs.

## UNCAS COLLIDED CARRYING AWAY RAIL

### It Developed That There Was No Native Pilot Aboard the Vessel When She Entered the Capes, One Having Offered and Been Refused.

(Special to The Times-Dispatch.)

NORFOLK, VA., May 6.—The Rhode Island was floated to-night after having been aground on the York Spit Bay since Saturday morning. It was due to the efforts of four powerful naval tugs, the Uncas, Wahneta, Hercules and Mohawk, that the big warship was drawn from the sand-bar. She was floated at high tide, at 6:30 o'clock this afternoon. The United States cruiser Minneapolis stood by and saw the Rhode Island pulled from the sand-bar. Part of her ravel tugs, the Wahneta, Hercules and Mohawk, that the big warship was drawn from the sand-bar. She was floated at high tide, at 6:30 o'clock this afternoon.
