PENSACOLA, FLORIDA, THURSDAY MORNING, JANUARY 19, 1911.

Small Factories Will Benefit Pensacola.

Small factories employing from half a dozen to a hundred hands should be invited to Pensacola and inducements offered them to come. The pay roll of a dozen such manufacturing concerns would be felt by the local merchants and many small industries are better than one large one. The work is steady and where one closes up during a certain season the others are running at that time and in this way many are continuously employed at good salaries.

Pensacola has depended too much upon her harbor and has not given the proper attention to securing businesses and manufacturing concerns to make this Deep Water City their home.

Canning, factories, cracker works, novelty shops, harness factories, wagon manufacturing plants, carriage shops and many other similar industries could be brought here by proper inducement and by a proper showing of the advantages Pensacola affords as a point to locate.

Pensacola will, and is, growing as a natural result of its natural advantages, but with the assistance the new commercial body can give in bringing new industries here, the prospect is indeed bright, and Pensacola's prosperity assured.

Getting a Dose Of Their Own Medicine.

Spending millions of dollars in buying meats, poultry, eggs and butter for nearly five years and placing it in cold storage in order to exact from the buying public a price to their own liking, the big cold storage plants of Chicago are being given a dose of their own medicine now by being compelled to sell at a lower price than was paid for the articles at first.

Just how many pounds of produce are on hand cannot be learned, but it is known that forty-four million pounds are in cold storage and some of it has been there for five years. Now the trust is forced to sell and at a loss.

No one sympathizes with these cold storage people who tried to corner the market and would have forced people to have paid two prices for these articles of food. On the contrary the public will rejoice to know that the scheme was a failure.

The cold storage process of keeping meats and other edible fresh is of great benefit to man, but when it is used to take unfair advantage of the people it is a menace to humanity and civilization.

Governor Woodrow Wilson said something in his inaugural address. He jumped square upon the corrupt trust methods of his state which shows that he understands conditions as they are.

Harmon and Harmony were in evidence at the Democratic celebration in Baltimore Tuesday.

Ladies will now be able to get rats and punts much cheaper as the Chinamen have given up their proverbial pigtails and they will be placed on the market for those who think they are not properly dressed unless they have several rolls of artificial hair on their heads.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Dr. J. C. Cheney's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally and goes from the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists. Take Dr. Cheney's Family Pills for constipation.

Today we celebrate the birthday of that great southern general, Robert E. Lee.

It is not necessary to yearly write eulogies to the memory of this beloved son of the Confederacy. More words cannot describe the love that is felt in the southland for his memory, nor can history point to a man who is worthier of such love. His wonderful intellect, together with his lovable and kindly nature and his dislike of wordy praise, places him in a class of heroes by himself. To yearly celebrate his birthday is a noble means of keeping his memory green in the hearts of the coming generations. His character is one which all children might well be taught to emulate.

Tomorrow the Chinaman will be separated from his quack and before sunset millions of Chinamen for the first time in their lives will be minus this unnecessary pig-tail. The movement to bring about this change in the Chinese empire has been in progress for several years, but the government has recently taken an active part and set today as the time for the general cutting of the queue.

The memory of Horace Greeley is to be honored appropriately by the celebration of the one hundredth anniversary of his birth. Horace Greeley was a great man and a great editor. He fought for what he thought was right and set an example of clean journalism for the American newspapers.

Escambia county is destined to have a rival in Jackson county in the percentage of votes to be given to Mr. Blount. The latest Blount Club formed in that county is at Cotacunda, of which the most important and influential citizens are members. The club is out after the voters.

Pensacola's oysters are so delicious that most of them are consumed at home. Can't afford to send away all of the good things, for the visitors are entitled to some of the best.

Samuel Compere gives out the opinion that the supreme court judges are small potatoes and few in a hill. Might disagree with Samuel but if he thinks that way about the judges what will he say about a common editor?

Heard and Teddy went into their holes about the same time. Right after the New York election.

The Charleston News and Courier objects to the paragraphs referring to a man's wife as a hole in his pocket. The editor evidently is a single man.

Pecan trees for shade trees are suggested. Not such a bad idea after all, but think how hard it would be to go work in the future when the roads are lined with bearing pecan trees?

Come to Pensacola during Mardi Gras and we will promise such a good time that the primary will be forgotten and hard feelings will exist no more.

Unless the newspapers are far ahead of the town, Tampa must be a mighty good place these days for the two daily newspapers are certainly up-to-date in every particular.

If opportunity has not knocked at your door yet you might get up and hustle around and head it off before it gets out of the community.

The reporters must be a bad sort when they are barred from such company as those in the Schenk murder trial.

The twenty-five hundred Blount supporters in Escambia should make an effort to get out as many more in the second primary.

It is worth a hundred to one to pick a winner in Jacksonville. Some said the game was not on the square in Pensacola, but the chances were better than that.

Household Economy

How to Have the Best Cough Syrup and Save \$5. by Making It at Home.

Cough medicine as a rule contains large quantities of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water and stir about 5 minutes you have as good syrup as money could buy. If you will then put 2 1/2 ounces of Pinex (50 cents worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. It keeps perfectly. And you will find it the best cough syrup ever used—even in whooping cough. You can feel it take hold—usually stops the most severe cough in 24 hours. It is just laxative enough, has a good tonic effect and taste is pleasant. Take a teaspoonful every one, two or three hours. It is a splendid remedy, too, for hoarseness, asthma, chest pains, etc. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualitol and all the healing pine elements. No other preparation will work in this formula. This recipe for making cough remedy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Canada. The plan has often been imitated but never successfully. A guarantee of absolute satisfaction, or money promptly refunded goes with this recipe. Your druggist has Pinex, or will get it for you. Send to The Pinex Co., Ft. Wayne, Ind.

The tariff subject may be dropped for the time being. The Democrats will attend to the revision in a few months. It will be downward, too.

The new commercial body is getting ready to get something for Pensacola.

If you expect to live a hundred years you are invited to join a Hundred-Year Club in Chicago. There might be some excuse to organize a club of this character in Florida, if one were necessary, but who in Chicago wants to live a hundred years?

VOX POPULI.

A GOOD SUGGESTION TO EMPLOYERS

Pensacola, Fla., Jan. 17th, 1911. Editor Pensacola Journal. I would like to make a suggestion for the aid of W. A. Blount's election on the 31st, as follows: Request the merchants and business men of the city and country to make a half holiday on that day and everybody get out and not only work for Blount, but for the interest of the whole state and country, especially Pensacola, for I believe his success is our advancement. Let me add, in advocating this move, to say that Mr. D. Kuglerman, my employer, has given his services and mine in the past primary free and propose to do the same in the next on the 31st of this month. By every one doing this and getting out and work, we should give him five hundred more votes in Escambia county, for there is many a man forgets and some want to be brought to the polls to vote. Who is next? Yours for the success of W. A. Blount. PAT McRUICH.

SHERMAN ACT TO BE USED IN A LABOR SUIT

ZACK MANDEVILLE BRINGS ACTION IN THE UNITED STATES COURT FOR FIVE THOUSAND DOLLARS AGAINST COTTON SCREWDRIVERS ASS'N. NO. 2

The Sherman anti-trust act to prevent conspiracy in restraint of trade is to be brought into use for the first time in this section of the country in a labor controversy. Upon this law is based the suit of Zack Mandeville against Cotton Screwmen's Benevolent Association No. 2 for \$5,000, which was filed in the United States court yesterday by Jno. F. Stokes, attorney for the plaintiff. The suit is directed against the officers of the union and the association as a whole.

Mandeville alleges in his suit that he is a cotton screwman by trade and that the association which he is suing will not allow him membership, therefore he cannot procure work and is being and has been deprived of a livelihood by the acts of the association. He further sets forth that the work in which he desires to engage is foreign commerce and therefore comes under the provisions of the Sherman anti-trust law and that the association is operating in restraint of foreign commerce and trade.

The outcome of this suit will be watched with much interest, not only in Pensacola, but throughout the south.

PIRATES TRIM THE TIGERS

OUTCLASSED THEIR OPPONENTS AND WON BY LOP-SIDED SCORE OF 29 TO 12

The Pirates simply outclassed the Tigers in their intermediate league basketball game at the Y. M. C. A. yesterday afternoon, winning in lopsided fashion by a score of 29 to 12, the score at the interval standing at 15 to 6 for the Pirates. The winners are a speedy lot of youngsters and will be a hard aggregation to trim in this league on their showing yesterday. The teams lined up as follows: Pirates—Forbest, L.F.; Smith, R.F.; Fell, C.; Carter, R.G.; Stillman, L.G. Tigers—Owen, L.F.; Barrow, R.F.; Finch, C.; McLean, R.F.; Walton, L.F. Horace Roberts made a very satisfactory referee.

GARNIERS.

Special to The Journal. Garniers, Jan. 18.—Mrs. John Stafford is quite sick with pleurisy at present.

Mr. and Mrs. C. W. Bishop were called to mourn the loss of their little son, Bryan, aged two and one-half years. He died Thursday, Jan. 12, after an illness of but nine days. He seemed to be troubled with diphtheria. The remains were interred in the Wright graveyard Friday, Jan. 13th. Prayer was offered and passages from the scripture were read by Mr. W. N. Hartgrove at the grave. This is the first member taken from this interesting family of seven little ones and the loss is sorely felt by the indulgent parents and the brothers and sisters.

The mail launch Ruth, the steamer Belle and the schooner Viola all brought supplies to Mrs. Littlefield last week. Mr. D. P. McKenize was a caller on Mr. W. N. Hartgrove one day last week.

The launch Gem was in our bayous on Wednesday last with representatives of several Pensacola business houses aboard.

Bud Rayburn and family will move to St. Andrews Bay this week. He will engage in fishing with the Barnes, brothers who have been there for some time.

Mr. W. N. Hartgrove is in Jacksonville attending the meeting of the Grand Lodge of Free Masons.

Mrs. C. E. Seranton returned from Pensacola Monday on the Ruth.

Mr. W. H. Sprivey and son, Everett, came up from Pensacola on the mail launch Ruth Monday.

Circle Crossing was the scene Monday of much anxiety on the part of boat men. At one time there were a large schooner, two steamers and the mail launch stranded on the bar.

SAMSON.

Special to The Journal. Samson, Ala., Jan. 18.—Yesterday afternoon at the residence of the bride's parents, Mr. and Mrs. W. J. Gresham, Miss Minnie Gresham and Mr. Clinton Savelle were joined in the holy bonds of matrimony. Rev. Frank Fleming performed the ceremony in his usual impressive manner. Miss Gresham is the oldest daughter of ex-Mayor W. J. Gresham and Mr. Savelle is a young business man of this place. The young people have hosts of friends who wish them a pleasant voyage over the matrimonial sea.

Miss Kate Keith spent Sunday with relatives in Geneva.

Mr. and Mrs. G. C. McKinnon, of Panama City, are the guests of relatives here this week.

J. J. Jones and C. G. Campbell made a business trip to Geneva today.

Lamont Golson, of Eleanor, Fla., spent Sunday with his mother here.

Miss Jackson, of Geneva, is the guest of Miss Mary Wyatt.

The Samson Ledger has moved into the store recently occupied by J. J. Morris as a law office.

Mrs. Brunson, of New Brookton, is visiting her daughter, Mrs. D. C. McKinnon.

DESTIN.

Special to The Journal. Destin, Jan. 18.—Mrs. Ed Knapp went to Pensacola Thursday, returning on Friday's boat.

Mr. and Mrs. Geo. Marler and children came back from Boggy Tuesday. The cold spell we had a short time ago has probably killed all the orange trees here.

Mr. and Mrs. Wm. Marler and children and Geo. Destin, Jr., went to Mary Esther and Camp Walton Sunday, returning in the evening.

Rev. Mr. Stock left Saturday for Mary Esther to fill his regular appointment there.

Mr. and Mrs. T. J. Nicholson came up from Harris Friday after spending some time with relatives at that place.

Mr. and Mrs. Joe Marler and family

Reprimanded For His "Last Drop of Blood" Speech

COMMANDER W.S. SIMS

Washington, Jan. 18.—When Commander William S. Sims, U. S. N., commanding the battleship Minnesota, flagship of the third division of the Atlantic fleet, made that "last drop of blood" speech in the Guildhall, London, following a dinner and reception to the rank and file of the American fleet by the lord mayor and the sheriffs of London, it is reasonably certain that he had no idea what a hornet's nest that little after dinner talk was going to stir up. A general order reprimanding him for this speech has been issued by the secretary of the navy. The order will be sent to every officer of the American navy and posted on every board on every vessel and at every navy yard. Sims is now at Guantanamo, Cuba, in command of the battleship Minnesota.

were guests of Mr. Geo. Dustin Sunday.

Mr. and Mrs. Fred Williams and children returned from Boggy Wednesday.

Mrs. Cummings and children have been in Boggy visiting relatives. They came home Thursday.

C. E. Witherill, of Pensacola, was up this way Sunday.

Wm. Rogers came up from Mary Esther this morning in his launch.

Wm. Williams, Geo. Woodward and Edward Bedsole went to Boggy and Rocky Monday on the Sadie.

Mr. and Mrs. Geo. Marler and family spent Friday night with Mrs. Bedsole.

Wm. Marler has begun work on a launch for L. D. Woodward.

"As Easy As An Old Shoe"

That's a common expression made by many people who are shod from The Boston Shoe Store. Just another way of complimenting us on our ability to fit feet correctly. A great deal of burning feet and sore feet comes from improper fitting of shoes in shoe stores. With a full line of shoe sizes, in all leathers and combination of leathers known to footwear makers, and a knowledge earned from years of long experience, we are able to furnish shoes that make for foot comfort as no others possibly can. Drop in for a try-on of a pair or two and we'll be glad to "show you."

Boston Shoe Store
