LOGAN, CACHE COUNTY, UTAH SATURDAY AUGUST 28 1915

THIRTEENTH YEAR

LIVESTOCK ENTRIES AT SEPTEMBER COUNTY FAIR ALREADY BEING MADE

The Three Days Have Been Designated as Follows: September 21, Merchants' Day; September 22, School Day; September 23, County Day. Interest Increases in the Race Track.

Entries for exhibits are already coming in for the Cache County Fair to be held September 21, 22 and 23, and some are arranging for space and concessions. The officers of the association are out in the county having the advertising matter distributed and visiting the livestock exhibitors. Cache has wonderful resources in live stock and the officers are determined that every stall, pen and space shall be taken.

Tuesday September 21 will be Merchants Day at the Fair and a move-

ASSIGNMENT OF TEACHERS FOR COUNTY SCHOOLS

County Superintendent of Schools, R. V. Larson has made the following assignment of teachers:

Young—Irene Griffin.

Benson—J. W. Seamons, and Leon Roundy.

Riverside—Jesse T. Reese and Sarah L. Reese.

Stephenson—David Winn and Nellie M. Smith.

Cornish—L. B. Adamson and Mrs. J. A. Anderson.

Petersboro—Leonard Roskelley.

ment will be made to get every store in Logan and the county to close for one half day that all the clerks, employees etc., may attend the Fair. As Monday comes before the opening of the fair, the officers will see that all exhibits are in place and that everything will be in readiness for the opening Tuesday, September 21. The fair, the first day will be just as good as the second or third as all the exhibits will be in place and an excellent program will be arranged.

Wednesday, September 22 will be School Day and the children under 14 years of age will be admitted for ten cents and all students upon presentation of their student body tickets will be admitted for twenty-five cents.

Thursday, September 23, will be County Day.

The Japanese daylight fireworks is one feature that will take place between the heats of the harness races. Hiravama daylight shells, reporting bomb shells, large colored paper balloons and flags will be used. The Hiravama shells are sent into the air about 500 feet and when they explode various kinds of birds, animals, fishes etc., appear. The reporting bomb shells ascend from 500 to 600 feet in the air and explode at that height with a report that can be heard for miles. The paper balloons are seven feet high and are filled with hot air and a beautiful American flag is attached. The balloon and flag gradually ascend until they can no longer be seen. This will be great amusement for the children especially.

The race track is being put in good condition and many local horses are trying it out. No doubt if enough county horses can be secured, a green horse race will be run in addition to the regular Cache county race. This will be done in order to encourage the breeders of driving stock in the county, and the outside horses will be eliminated gradually. The county race will be very exciting as there are many entries and each town thinks it has a winner.

The officials at the races are going to be much stricter than heretofore and if the horsemen cannot get on the track and start within a reasonable time, they will be left behind. The spectators must be considered and their patience not worn out by the drivers jockeying. Step lively will be the slogan.

NEW AMUSEMENT HALL AT HYRUM OPEN MONDAY

One of the Best Dance Halls in the West. Is a Brick Structure Name Not Yet Given

The formal opening of the new \$18,000 amusement hall which has been erected over the ruins of the fire of a year ago, will be Monday night at which time Hon. A. A. Law of Logan has been engaged to give a brief talk. Arrangements have been made to have the cars run to Richmond after the dance. This new amusement hall is something the entire citizenship of Hyrum is proud of, and well it might be, as there is no better amusement hall in the state found in a city the size of Hyrum. It is of brick, with a spring floor, a balcony, and is large enough to dance comfortably at least five hundred couples. The name of the hall has not yet been decided upon, but will in all probability be announced at the Monday night dance.

BATTLESHIPS, DESTINATION A SECRET, READY FOR ANY EMERGENCY THAT MAY ARISE IN MEXICO

NEW HAMPSHIRE (Top) ☆ ☆ ☆ LOUISIANA (Below)

Photos by American Press Association.

The navy department announced that while the battleships Louisiana and New Hampshire had left Newport and proceeded south their destination had not been determined. It all depended on developments in Vera Cruz. The ships, it was said, might be directed to Guantanamo or maybe put into Hampton Roads. The sailing orders were to "proceed to southern waters."

B. Y. COLLEGE READY FOR THE SCHOOL OPENING

Forging Department is one of the Best in the State. Buildings Have Been Given Thorough Renovating

The B. Y. College is fast being placed in excellent shape for the beginning of the school year, September 29. While strolling about the campus and through the buildings, one is forcibly struck with the neat, excellent appearance and condition which everything assumes. There has never been a year in history of the college when the grounds were so beautiful and when so many repairs have been made as this summer.

Of particular interest to all old B. Y. patrons and students is the remodeled blacksmith shop. This year a special appropriation to be used principally in the forging department was made by the General Church Board of Education. As a result a new cement floor has been laid. An excellent class room has been partitioned off from the workshop and a large roomy office has been supplied. The old forges have been replaced by the most modern and best iron forges on the market. It is giving justice only her own to say that the blacksmith shop is now one of the best equipped and attractive shops in the state. Anyone who is fortunate enough to obtain a place in this part of the school should certainly feel proud of the opportunity.

The carpentry shop has also been remembered. This part of the college has been well quipped for some time but of recent years the benches have been somewhat in need of repairing. This has been attended to so that the work in this department can continue its high standard.

The classes in forging and carpentry will hereafter meet four times a week for practical work and once a week for theory. It is felt that better results will follow this method of teaching these subjects than has heretofore prevailed.

The old dilapidated greenhouse has come in for its share of overhauling. An entirely new roof has replaced the old and the building has been painted both in and outside. The biology department plans to make good use of the greenhouse. This should strengthen this phase of school work as there has been somewhat of a handicap for want of fresh botanical

HEAVY FINE IMPOSED BY THE JUDGE

A \$200 fine and four months in jail is the sentence that Judge Brangham imposed upon Fred C. Yonk yesterday, after he had adjudged him guilty. The trial was held yesterday morning and Yonk's family and some of his neighbors appeared at the court room. There was an abundance of evidence as to the assault committed upon the person of Mrs. Yonk about a week ago, the lady herself testifying to the facts. Yonk would not engage a lawyer and when the testimony of prosecution had been adduced he contented himself with making a rather rambling statement as to his behavior on the day in question. He said he had never struck his wife but finally got tangled and admitted that he had. District Attorney Thatcher who conducted the prosecution refused to argue the case, remarking that it was quite plain enough without argument. Yonk upon being sentenced announced that he would appeal the case to the district court, and bail was therefore fixed at \$500.

BAND CONCERT

Tonight 6:30 to 8:30

1. Chicago Tribune.
2. Mexican Klases.
3. Tannhauser March.
4. Coronation March.
5. Faust Selection.
6. In the Spring Time, Intermezzo.
7. Fortune Teller Selection.
8. All For the Love of a Girl.
9. Sempe Fedelis.
10. Star Spangled Banner.

material for laboratory purposes.

The old fir flooring of the principal halls of the West building have been replaced with maple. This feature will be welcomed as the old floors were fast becoming unsightly.

Just now Custodian Holman has a large force of women cleaning all the wood work and windows are being thoroughly cleaned. All the rooms will be in ideal condition for the large attendance which reports show what the college will have. In fact it is reported from canvass made that this promises to be the banner year in the history of the college as far as work and attendance are concerned.

DONE FAMILY REUNION HELD AT SMITHFIELD

Speech Making, Musical Numbers, a Six O'clock Dinner, and Dancing Rounded Out a Most Pleasant Time

Smithfield, Aug. 27—The Done family reunion was held here in the First ward tabernacle August 21. Mrs. Alice Done, wife of George Done deceased, eight children, thirty-six grandchildren and twenty great-grandchildren also many invited guests were in attendance. The time was spent in speech making, musical numbers, a six o'clock dinner and dancing in the evening.

We have a great many visitors in town at the present time enjoying the quiet of our beautiful city. Bishop George Romney and wife, and Mr. Wallace Romney and wife, of Salt Lake City are visiting at the Valley View orchard this week.

Police Inspector C. A. Carlson of Salt Lake City was here on Tuesday trying to buy a home so as to locate here.

Mrs. Farr mother of T. B. Farr of our city is here, the guest of her son.

Mrs. Christina Hendrickson and daughter Alene of Salt Lake City is staying at the home of Mr. N. O. Gyllenskog.

Mr. and Mrs. Joseph Merrill of Blackfoot, Idaho, returned home yesterday after a pleasant visit among relatives and friends.

Miss Blanch Dunn and Miss Doris Dunn of Blackfoot, Idaho granddaughters of Mr. and Mrs. R. T. Merrill are spending the week here.

Mr. Shalley and Mr. Ford Haden of Los Angeles, friends of John M. Bain, are here with an idea of locating in our city.

Mrs. Ray Christenson of Bear River City is staying with her parents, Mr. and Mrs. W. A. Noble while her husband visits California.

Mr. and Mrs. Nathan Done, Mrs. Margaret Milligan, Mrs. Martha Blackhurst and Mrs. Poebe Covey left for Salt Lake City this morning in the Vanesse car.

The Hyde Park band will furnish the music for the dance to be given in the Hillyard opera house Saturday evening.

J. J. Meikle and family returned home Friday from their auto trip to the Teton Basin and report having had a splendid time.

Mayor Joseph J. Richardson has

AMERICAN STEAM LAUNDRY OUTING FOR COWORKERS

Fifty Fed at Summer Camp in Logan Canyon. Officers Set Standard of Qualifications

Seven years ago, E. P. Bacon, C. M. Harris, Dr. S. B. Thatcher, J. C. Walters and others, effected a consolidation of the then two steam laundries doing business in Logan and launched the American Steam Laundry which has ever since given service to the people of Cache Valley of such superior character that Manager George W. Squires appears justified in claiming that they have reached the goal "where only the best is good enough." To accomplish such a high standard of efficiency he has had the active support of the company's stockholders and directors and has gathered about him an organization of about forty co-workers, who are far above the average in skill, personal wholesomeness, intelligence and self respect. The manager, officers and directors have at all times set a high standard by which to measure the qualifications that should entitle applicants to employment. Every encouragement has been given to show appreciation for good work through all the departments. Regular meetings of co-workers, male and female are held, not only to promote efficiency, but to broaden and develop the individual character of co-workers. Time is found every week for these meetings, for short lectures from prominent professional men and visiting notables, and for entertainments by employees on their own initiative. One of the great entertainment events each year is the annual employees picnic. This the seventh, as last year was celebrated at the E. P. Bacon camp in Logan canyon, Saturday and Sunday, August 21 and 22.

The heads of the committees, having the affair in charge were: Executive, George W. Squires; transportation, John H. Taylor; refreshments, Mrs. Geo. W. Squires; entertainment, T. C. Lewis; utility, G. C. Corbridge. Everything was so perfectly arranged in moving the camp equipment, including a piano, and the fifty or more people all by automobiles that there was not the least thing omitted for the comfort and convenience of all.

Six meals were served, their preparation and supervision being in the hands of Mrs. Geo. W. Squires, whose previous reputation for excellence in catering, was greatly enhanced. The long tables under the trees were six times laden with whole some food and as many times unloaded into the fifty or more hungry people.

Saturday night was the eventful time of the outing. The camp is noted as one of the most beautiful in the canyon. It is one of the oldest, and has been improved at considerable expense, affording with its lawn surrounded by trees and fronting the stream, an ideal spot for a summer night's entertainment.

Under the wooded cliffs, lighted and shadowed by the moon, the music, the merry dancers on the green lawn, all together made a picture lovely indeed.

And the entertainment otherwise was quite remarkable. Manager Geo. W. Squires gave the address of welcome and was followed by felicitous remarks by President C. M. Harris, Dr. S. B. Thatcher, Rev. Edwin T. Lewis and E. C. Bacon, including neighboring campers, at least 100 people were present. There were also songs, farces and black face comedy, which latter was exceptionally good. The comedians were all laundry employes, as follows: Clarence Wayman, John Taylor, Joseph Aebischer, C. G. Curtis and Fred Hayward.

The American Steam Laundry is going forward with its program of constant endeavor to make its work better and to better the condition of all its co-workers, deserves the commendation and support of all. Nor should it be forgotten that the co-workers have proven themselves responsive, capable and strong for right living.

had a pleasant visit to California where he visited the fair and other places of interest.
