TREMENDOUS POWER OF FLEET NOW OFF MEXICO

Severe Trial of Big Guns Before They Are Mounted.

Continued from first page.

not more than thirty or forty ships of a hundred-ton class, was carried on in the Pacific, where there were 2,000 ships of all classes. There were 1,500 ships in the Mediterranean, and 1,000 ships in the Pacific. It was estimated that the battle fleet was to arrive off the coast of Mexico in time to meet a Spanish fleet of 500 ships. But the American fleet was not to meet the Spanish fleet, but to engage in land operations. The American fleet was to land in Mexico under the command of General Scott. The American fleet was to land in Mexico under the command of General Scott.

THE FLEET WENT INTO ACTION.
