HAVE ENTERED PLEAS OF GUILTY YESTERDAY

CRIMINAL COURT FOR ANDERSON MOVES ON

THE SECOND DAY

Three Shaws Were Acquitted On the Charge of Assault and Battery on Strickland

The second day of the Court of General Sessions for Anderson county succeeded in dispatching more business than on the first day and considerable progress was made on the docket.

When court convened yesterday morning the case of W. M. Gentry charged with violating the dispensary laws, was first completed. This case was in progress when court adjourned Monday evening. The jury returned a verdict yesterday morning of guilty.

The next case taken up was that of John William Shaw, Eugene Shaw and Carl Shaw, charged with assault and battery upon the person of G. W. Strickland. This case occupied the attention of the court throughout all of the forenoon and part of the afternoon. The jury returned a verdict of not guilty.

In the case of S. M. Enos, charged with selling whiskey, the jury returned a verdict of not guilty.

The following pleas of guilty were entered yesterday: Will Williford, George Williford and Sam Williford, on a charge of manufacturing whiskey, and they were sentenced to a fine of $100 each or six months in jail.

Henry Lee entered a plea of guilty on the charge of obtaining money under false pretenses and was sentenced to seven months in jail.

Newt Kay pleaded guilty to a charge of selling whiskey and was sentenced to a fine of $100 or six months in jail.

The following true bills were returned yesterday by the grand jury:

Will Belcher, charged with murder; W. Parker Bowie, charged with murder; for selling whiskey, Dick Pollard, Jacob Lewis, Point Fant, Will Barnes, George Johnson, Henry Bass, Lewis Hamilton, Colbert Chanticales, Gale Simpson, N. D. King, Gaines Robinson, Sam Hopkins, Bert Compton, E. L. Pepper and Charles Davis.

It was announced last night that the next case to be called today would be one of the murder trials, following which they will take up the case of the white man charged with hoisting a negro up by the thumbs and leaving him tied in that position for some time. The latter case will probably excite a great deal of interest.

STATE'S FARMERS TO GATHER HERE

County Union Yesterday Adopted Resolutions of Appreciation For Work of Congress

The Anderson County Farmers Union held a very interesting meeting in the city hall here yesterday.

The first matter considered by the body was that of the State meeting of the South Carolina Farmers Unions, which is to be held in this city some time in July. A committee was appointed to make all necessary arrangements for this meeting and they were given the power to act.

The following resolution, adopted by the union, is self-explanatory:

Whereas it has been from its infancy a part of the work of the Farmers' Union, to advocate co-operative action among the farmers in memorializing congress to enact several laws of eminent value to our agricultural interest, as well as the general public.

And, whereas congress in its wisdom has in its own way complied with our demands in enacting these laws as asked it not in our original names and forms.

Be it resolved by the Anderson County Farmers Union in session that we extend to congress in general our appreciation of their splendid work in the interest of the farmers, and especially do we congratulate the women of South Carolina for the honor of supplying in the senate and congress the men who have fought their battles and are still making good in their battles for the interest of the farmers.

PENDLETON FOLK TO MEET FRIDAY

Quarterly Meeting of the Farmers' Society Will Attract Large Delegation Attendance

Plans are rapidly being completed for the quarterly meeting of the Pendleton Farmers' society, which is to be held next Friday, according to information coming from Pendleton, Anderson. Plans in this connection are now complete and it is said that this meeting will be one of the most interesting yet held. A number of Anderson people intended making the trip to Pendleton for the day.

The meeting is to be held in the Farmers' Hall at Pendleton, and it is said that the meeting will be called to order promptly at 10 a. m.

Marines Leaving Warships For the Wharf at Vera Cruz

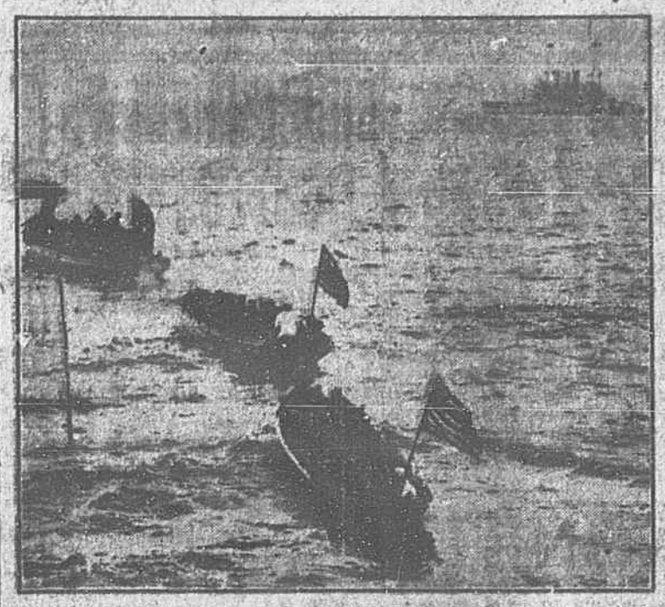

Photo copyright, 1914, by American Press Association.

HERE are shown three boatloads of marines after leaving the battleship Michigan in Vera Cruz harbor and making their way for a landing. Battleships are seen in the background. The landing of these marines was regarded as full of danger, although they were protected by the big guns of the fleet in the harbor. While the small force of defenders in the Mexican city fired several volleys at these small boats, in most cases their aim was bad. Meanwhile the big guns of the fleet were trained on the places from which the fire on shore was directed and did their part in silencing the defending forces.

IMPORTANT MEETING OF BOARD OF HEALTH

MANY MATTERS CONSIDERED BY THAT BODY

PASS RESOLUTIONS

Recommend That City Council Take Immediate Action On Sanitary Conditions in City

The Anderson Board of Health held a very important meeting Monday night, this being the regular monthly meeting. While the business for the most part was of a routine nature all matters discussed and considered were very interesting.

Citizens appeared and complained that there is a lack of sanitary observance in the Hampton street section and urged that the board turn its attention to improving conditions in this section. After considering the matter the board adopted the following resolutions:

"That the city council be asked to investigate the sanitary conditions in the Hampton street section, and that some way be devised so that conditions can be improved. The board considers the present conditions a nuisance and a menace to the public health."

The board will ask that city council require the street railway company to sprinkle the streets for 15 inches on either side of the street car tracks and between the tracks in order that the dust may be stopped. It is understood that the citizens all over the city complain about the amount of dust by the cars.

Recommendations were made in regard to the condition of the Piedmont & Northern line station and these will be presented to council at once. The board will request that the building be better ventilated and that all conveniences be given more attention than has been the case.

RATES GRANTED FOR GREAT EVENT

P. & N. Will Give Reduced Rates To Anderson For the Confederate Reunion

For some time negotiations have been underway with the Piedmont & Northern lines, the local committee endeavoring to secure a special rate for the Confederate Veteran reunion, to be held here May 27-28. The following letter from C. E. Allen of the P. and N. lines was received yesterday, in which Mr. Allen says that the special rate will be granted.

"I have your letter of May 8th in regard to reduced rate account of U. D. C. Reunion May 27th and 28th.

"I have carefully considering your letter and it will be granted. Tickets will be sold on May 26th and 27th, good until Thursday, May 28th, inclusive, at rate of one and one-third fare for the round trip. Minimum rate for any ticket will be 25 cents.

"Please advise us how many tickets you will need, and if you will kindly furnish us with a list of the points from which you will need tickets, we will be glad to have same, and will see that agents are supplied with sufficient tickets for this occasion."

TEXAS TWINS COMING TO GREET COMRADES

WILL BE HERE SOON FOR THE REUNION

EXPECT OVER 1,000

Plan to Furnish Veterans With Free Coffee, Sandwiches and Plenty of Lemonade

A letter was receive in Anderson yesterday from James and William Doyle of Texas, twin brothers, in which they said that they would leave in a few days to be present at the Confederate Reunion in this city. Both brothers fought in the same company in the Fourth Cavalry, with Gen. C. A. Reed of Anderson and Col. J. C. Stribling of Pendleton and these gentlemen are looking forward with much pleasure to the visit of the Texas men.

The Doyle brothers, together with Gen. Reed and Col. Stribling were members of Trenholm's Squadron at the close, but they had seen service with the Anderson men in the Fourth South Carolina before that. They both acquitted themselves in an able manner during the war and they will be distinguished visitors here for the two days' gathering of the veterans.

All plans for the reunion are going ahead in fine shape. It is believed that the housing committee, when it meets this afternoon at the chamber of commerce, will be able to make report to the effect that homes have been found for all veterans and this will remove a big burden from the shoulders of those in charge.

Secretary Whaley yesterday ordered 2,000 individual paper drinking cups and it is possible that still more of these will be ordered and plans are now being considered for having a barrel of lemonade and a barrel of ice water at every corner on every business street, which will be free to the veterans. Arrangements are also afoot just outside of the main room, where veterans will be served coffee and sandwiches free of charge.

It is probable also that the several children of the city, some 1,500 in number, will be engaged with baskets of roses and each child will present some veteran with a bouquet. This will be a pretty feature, if it is carried out, and it is to be hoped that it is.

Those who are in a position to know say that there will be over 1,000 Confederate veterans here for the reunion, and they say that fully all of this number will be here and Anderson people are daily receiving letters from veterans in which they say that they are coming for the affair. Certainly a number here for the reunion will fill this event to the last notch, but it will require a large crowd to do that.

The general committee in charge of the preparations says that if the committee report to build tents for all the veterans the hardest part of the work will be over. Today is the last day for the housing committee to canvass the town and it is hoped that every home in the city limits may be open to the veterans.

To Raise Legation.

Washington, May 13.—Senator Bacon in Arkansas and Cullom with to raised to the rank of ambassador under bills passed by the house today. The Argentine bill already has passed the senate and now only the president's signature is necessary. The Cullom bill now goes to the senate. Both measures were advocated by the administration and will be reciprocated by the two South American governments.

CURIOS COMING FOR VETERANS REUNION

OVER 100 RELICS WILL BE SHOWN HERE

COMPLETE OUTFIT

Offer of Belton Man to Send the Interesting Arms Here Has Been Accepted

One of the features of the reunion to be held here this month of the Confederate veterans will be the display of curios and relicts, loaned to Anderson for the occasion by Alda R. Smith of Belton. Mr. Smith has written a letter to the committee in charge of affairs in which he says that he will be glad to furnish the entire stock of relics and curios provided a guarantee will be given him that none of the articles are lost or misplaced and that they will be carefully watched throughout the reunion. Mr. Smith will not be present, being detained at home by business engagements and the request for a guarantee is absolutely imperative on his part.

It was stated here yesterday that Mr. Smith's offer would be accepted and it is believed that this will be one of the centres of attraction during the two days of the reunion.

The Intelligencer has secured a list of the articles to be shown here by Mr. Smith and they are as follows:

1 Springfield rifle captured at Harper's Ferry, Va., by Jackson, dated on lock 1862, C. S., Richmond, Va.

DIED SUDDENLY

Mr. J. W. Smith, Agent for Southern Railway, Passes Away Suddenly at Home

Mr. J. W. Smith, agent for the southern railway at Honea Path died very suddenly yesterday afternoon at 4 o'clock and quite a shock was caused in that city when the news of his death became known. Mr. Smith had been in apparently excellent health and just two days ago had been conducting a normal examination of a big class of white and colored boys and girls at Honea Path. He was a member of the Baptist church and was also a member of the Honea Path lodge of Woodmen of the World. He was a native of Pickens county and was about 45 years of age. He is survived by his wife and three children, two boys and one girl, who is married to Mr. Wm. Grady Childers, who lives near Honea Path. Mr. Smith was a brother of Mr. Wm. Smith of Trenton, his old home, and of Mr. Tennant Smith of this city. He was a loyal member of the Confederate cause.

Mr. Smith is said to have been in apparently excellent health and just two days ago had been conducting a normal examination of a big class of white and colored boys and girls at Honea Path.
