**How a Battleship Looks In the Building**

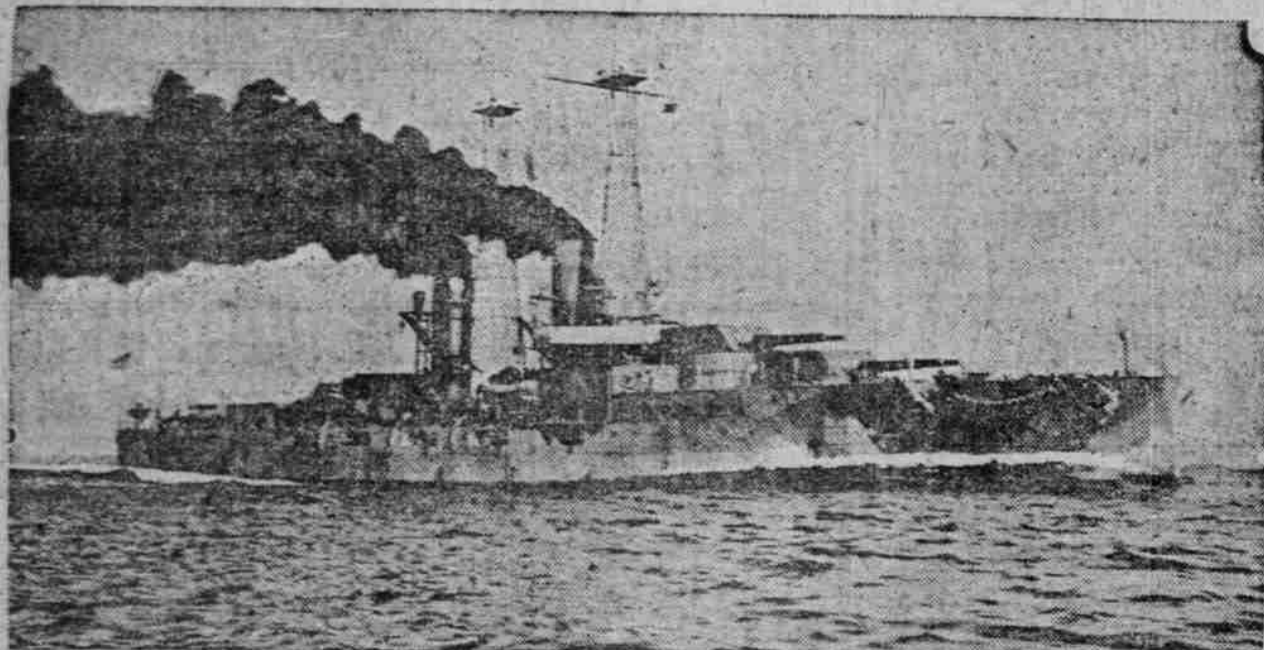

STERN AND TWO PORT PROPELLERS

THE WYOMING READY FOR LAUNCHING

The battleship Wyoming, the latest big addition to the United States navy, launched at Philadelphia, will have a guaranteed speed of 20.5 knots. Her displacement is 24,000 tons. She is 515 feet long. This sixth Dreadnought of the navy was christened by Dorothy Knight, daughter of ex-Judge Knight of Wyoming.

**The Dreadnaught Of the American Navy**

The United States battleship Delaware, which will loom above all other ships of any nation at the naval review during the coronation of King George—Admiral McKenna, of the British navy, sorrowfully admitted in the house of commons recently, in reply to a question, that the Delaware will be the largest craft in the review, surpassing Great Britain's show-ship, the Neptune.

**News Brevities**

**Trains Bulletin.**  
 The Sunset limited from the east due at 6:20 a. m., will arrive at 10 p. m., and Texas Pacific, due at 11:40, was reported two hours and 35 minutes late. All other trains except G. H. trains from the east were reported on time Wednesday afternoon and evening.  
 Good milk means good health. When you drink El Paso Dairy milk

you get both. Free deliveries. Both phones.  
**Dr. Cameron's dentist**, moved over 311 Paso Optical Co., Mesa avenue.  
**Dr. Pessee**, Osteopathic Physician moved offices to Roberts-Banner Bldg.  
**Dr. Strong** has moved, 518-1/2 Roberts-Banner. PHONES 227, 3529.  
**Wife's Letter Causes Arrest.**  
 San Jose, Cal., May 31.—Robert Lester, formerly assistant passenger agent for the Oregon Short Line at Butte, Mont., was arrested here on a charge

of embezzlement. He was traced through letters written by his wife.

**The Corset Section**

The Calisher Corset Section can be depended upon at all seasons to supply not only the most stylish but the most comfortable corsets known. In addition to many other brands carried, we direct special attention to the

**Mme. Mariette**

The Mme. Mariette is the most perfectly designed and finished corset of either European or American make. When you have worn the Mme. Mariette, the corset itself will make you realize how fully foreign art has been combined with American utility. The fabrics and trimmings used in Mme. Mariette corsets are of the highest grade of imported materials and wide scope is afforded in the matter of selection. The boning is the "special Mme. Mariette boning," guaranteed to retain its shape under the most severe strain. Will not rust or break. Mme. Mariette hose supporters have a special patent construction which prevents the metal parts from coming in contact with the flesh at any point. This is a special feature that is always appreciated by careful women. Another special feature of the Mme. Mariette corsets is the imported steel of highest grade used for the front. This steel is specially manufactured for the Mme. Mariette, has an inner covering of rubber for extra protection, and is made with a softened flexible top for greater comfort. In the higher priced models it is also lined with a velvet pad the full length of the steel.

**Mme. Mariette Model C**

We illustrate above one of the Mme. Mariette models. This model is designed for a fully developed figure, the special feature being the roomy comfort of the low bust, allowing the flesh to be evenly distributed without raising it, short under the arm, effecting comfort. The incurving waistline is not only attractive but eliminates the uncomfortable shifting sensation often caused by straight models. This model comes in beautiful satin brocade of unusual durability, also coutil and batiste. Priced—\$6.00 and up.

**"H. & W."**

A Complete Line

"H. & W." WAIST.

It is a well known fact that the "H. & W." line is the most extensive and conforms more closely to hygiene than any other make. We carry a full line of "H. & W." Waists for women, misses and children. "H. & W." Dress Form and Corset Combined, "H. & W." Brassiere Bust Reducing Corset Covers. We illustrate style No. 1969 of "H. & W." Brassiere Bust Reducing Corset Covers. Made of excellent quality batiste; closed back and three pearl buttons in front. The string regulates the fit at the waistline. The character and points considered in bringing out this garment are the lower gored section and the formation of the bust by vertical seams carefully arranged to produce a more delicate fit of the garment. Sizes 32 to 46—odd and even.

**"H. & W." Waists for Children**

"H. & W." Waists for Children carry all weight of the clothing from the shoulder. Tape bound button holes—won't tear out. Buttons put on with double-tape—will not pull off. Special attention is paid to the selection of neat dainty patterns in lace or embroidery used for trimming purposes. Prices range—25c to \$1.50.

president, and H. E. Green, of Salt Lake City, vice president.

Are you a user of pure milk—the El Paso Dairy kind?—If not, why not get this good milk? Costs no more than the ordinary kind. Both phones.

**Business and Visiting Cards.**  
 The latest styles and sizes. We make them in our office.  
 J. B. Stanton Co.,  
 117 N. Stanton St.

**Storm Wrecks Oil Field.**  
 Beaumont, Tex., May 31.—One hundred and twenty derricks in the Vinton La. oil fields, were wrecked by a storm which swept a section of the gulf coast and "severed inland in the vicinity of Louisiana-Texas boundary.

**Dr. A. T. Still Osteopathic Infirmary.**  
 Dr. Ira W. Collins, physician in chief; Dr. Amelia Burk, Dr. Grace Parker, Dr. Paul E. Collins, consulting physicians, 201 W. Missouri street.

**Notice.**  
 Consultation hours 2 to 4 p. m., at rooms 211 and 212 Roberts-Banner Bldg., other hours at Eye and Ear Infirmary, 316 Wyoming street, phone 855.  
 Dr. Carpenter.

**Remarkable Surgical Feat.**  
 Philadelphia, Pa., May 31.—A remarkable surgical operation was performed here when Dr. Chevalier Jackson, of Pittsburg, without the use of a knife, removed a brass paper clip that had been imbedded in a young woman for eight years. The instrument used was a bronchoscope to which was attached a tiny electric light, reflector, and minute forceps. The tube was lowered down the patient's throat and the clip was removed after about an hour's work.

**C. L. Billington, 705 Magoffin. Tel 1453, painting, paperhanging, decorating**
