

HOW BOSTON WON FROM NEW YORK NATIONALS

Was Exchange of Blows when Crowd Made Insulting Re- marks at McGraw

Bedient and Wood Pitched Great Game for Champ- ion Red Sox

(By Associated Press.)
BOSTON, Oct. 17.—The Boston American League club won the world's championship for 1912 yesterday by defeating the New York Nationals by a score of 3 to 2 in a ten inning contest before 20,000 persons. Mathewson pitched a wonderful game until the final inning, when he weakened. The Red Sox were one run behind when they went to bat at the end of the tenth inning. A glaring muff by Snodgrass of Engles' long fly put the batter on second. After Hooper had filed out, Speaker came through with a single and Engle rushed across the plate with the tying score. On the throw Speaker went to second, Yorkes having gone to third on the play.

Leads was purposely passed in order that the forced play could be made at the plate. When Gardner went to the plate the stands were in a turmoil of excitement. Gardner caught an inshoot on the end of his bat and sent it to Devere, whose throw to the plate was too wide to catch Yorkes as he went over the plate with the winning run. The crowd rushed on the field and began cheering the home players. Some spectators address an insulting remark to McGraw and there was exchange of blows. McGraw was on his way to the Red Sox bench to congratulate Stahl on the victory.

The crowd pressed about Mathewson and patted him on the back for his clever work in the box. Bedient and Wood pitched effectively for Boston.
Boston, 2-3-4; New York 2-3-2; 10 innings.

SATURDAY IS MARKET DAY

Fiscal Market Day of 1912 Will be Big Success from all Indications

Saturday is the last market day of 1912 and the merchants and business men of the capital city are making a determined effort to assure its success. Most of the farmers of the surrounding territory are getting cleaned up with their threshing rapidly, and it is believed that there will be a record breaking attendance.

Among the features of entertainment that will be provided for the visitors on this final market day are a band concert on Main street at 1 o'clock and a free vaudeville performance at the Orpheum theatre. Free tickets to the theatrical entertainment will be given all farmers and their families who may happen to be at the market grounds.

The market days that have been held during the past year have all of them proved eminently successful and the commercial club officers and directors as well as the local business men are already contemplating holding another series of market days during 1913.

MEXICAN REBELLION MAY END SUDDENLY

Federal Armies Now Direct- ed Toward Vera Cruse to Crush Diaz

Two Military Trains Equipped with Artillery Leave Mexico City

(By Associated Press.)
MEXICO CITY, Oct. 17.—In order to crush the rebellion of Felix Diaz at Vera Cruse, not only have the federal armies from the north and south been commanded to converge on that city, but General Joaquin Beltran, who has been stationed at Esperanza, between the capital and Vera Cruse, on the Mexican railroad for the purpose of operating against the rebel general, Aguilar, has been ordered to move on to Vera Cruse.

From Mexico City itself two military trains under command of Col. Rubio Navareto, with twenty-four pieces of artillery, have been sent to Beltran's assistance.

Among other officers ordered to take the field are Colonels Castor and Ocaranza, both prominent in the campaign against Zapata in the state of Morelos.

The general public does not seem inclined to share its optimism of the government and it is considered not improbable that some part of the army ordered against Felix Diaz will join him instead of fighting against him. Vera Cruse is now completely isolated except by water. The government has instructed the railways to withdraw all their rolling stock. No trains will be run beyond the federal lines.

The total cutting off of Diaz from communication will depend on the loyalty of the gunboats, which is not considered likely to be maintained.

SCHRANK A SOUND SLEEPER

Tells Jail Visitors Nothing Bothers Him

Eats Heartily of Food Given Him in Jail

(By Associated Press.)
MILWAUKEE, Oct. 17.—"Why shouldn't I sleep well, there's nothing bothering my conscience."
This was the remark of John Schrank, the man who fired the thirty-eight caliber bullet into Roosevelt's breast in Milwaukee Monday night, when he was asked by an attendant at the county jail whether he rested well during the night. Schrank apparently slept through the eight hours without a break, as everytime the turnkey made his rounds he found the prisoner resting easily and without indication of discomfort. The prisoner again partook of the usual breakfast prison fare, consisting of cereal, bread and coffee and seemed to relish his repast.

Be sure that the roosting quarters are well ventilated at this time of the year. Pure air is free and inexpensive and will enter every nook and corner of the poultry house, if it is permitted. It is one of the very essential things. Close, stuffy quarters are very injurious.

NET GETS TIGHTER AROUND LT. BECKER

Could Not Prevent "Lefty Louie's" Wife From Testifying

Tells of Early Call Becker Had Day of Rosenthal Murder

(By Associated Press.)
NEW YORK, Oct. 17.—Mrs. William Rosenberg, wife of "Lefty Lewis," one of the four gunmen, was a witness for the state today in the Becker trial for the Rosenthal murder. Becker's attorney made vigorous but futile attempts to bar her testimony from the records. Mrs. Rosenberg's testimony was corroborative of the portion of the story told by Rose last Saturday. She told of the conversation Sam Schepps and Rose had with her husband at her home regarding bail for Jack Zelig, the gang leader, who was being held on a charge of carrying concealed weapons.
On cross examination she added she was not testifying in hope of helping her husband.
Two telephone operators told of a call Becker had in the early morning hours of the day of the murder.

ED. PIERCE HAS RESIGNED

State Senator From Ransom County Resigns Because Of Ill Health

State Senator Ed. Pierce, who has been a member of the upper branch of the state legislature from Ransom county for a long term of years has resigned. Mr. Pierce is a man of extensive business affairs, but for the past seven or eight years has been in rather poor health. During the session of 1905 he was compelled to be excused from the senate and went to a warmer climate for his health, and two years ago he was compelled to leave the Cowan trial because of the same reason. He would have been a holdover member this coming session but he will no doubt go to Florida to remain during the cold months.

TUBERCULOSIS DAY PLANNED

Sunday, October 27, will be Occasion of General Observance

Superintendent W. R. Davis of the Bismarck Indian school has received a number of circulars regarding the crusade that is being waged against tuberculosis. Sunday, October 27, has been designated as Tuberculosis Day, on which occasion addresses will be delivered in the various churches throughout the country in behalf of the anti-tuberculosis work. Among the points that will be thoroughly discussed are the effects of tuberculosis and the danger from using worthless or injurious patent medicines.
The Indian department is deeply interested in the anti-tuberculosis crusade as this great white plague has proven fatal to hundreds of the red men. Hence an effort will be made to educate them to the best methods of disease prevention.
