SOLDIER HELD ON SUSPICION IN \$2,000 SHOE ROBBERY

Old 69th Veteran, Guarding Bronx Barges, Says Thieves Threatened Him With Gun.

Daniel McDonald, twenty-five, No. 132 Franklin Street, Brooklyn, a former member of the old 69th Regiment, was held in \$2,000 bail to-day in Morrisania Court on suspicion of burglary. He will be examined next Monday.

Shoes to the value of \$2,000 were stolen early yesterday morning from a barge of the Brooklyn Eastern District Terminal Company moored at Tifany Street, the Bronx. McDonald, who had been wounded and gassed in France, was in charge of the barge and told the police two men had suddenly appeared and pointed revolvers at him while others loaded auto trucks with the shoes.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulsified cocoon oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulsified cocoon oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last every one in the family for months.—Advt.

Ranking Officer of Navy and Wife, Who Crossed Ocean on Battleship

Mrs. Benson First Woman to Make Transatlantic Trip on U. S. Warship.

Admiral William S. Benson, Chief of Naval Operations and therefore ranking officer in the navy, arrived home from France to-day on the battleship Arkansas. Accompanying him on the warship, which anchored in the North River opposite 110th Street, was Mrs. Benson, who had the distinction of being the first woman to cross the ocean as a passenger on an American man-of-war.

There were 57,000 Americans in Europe trying to book passage home, the Admiral explained, and that was why he arranged to bring his wife back with him on the Arkansas.

The Admiral will come ashore this afternoon to resume his duties in Washington after having spent eight months abroad, where he assisted in framing the naval terms of the armistice and served as American naval representative at the Peace Conference.

A reduction in naval armaments if the League of Nations becomes a fact was predicted by Admiral Benson, who went on: "There would not be any need of a large navy if the covenant is adopted. I am sure President Wilson's ideas can be brought to full fruition and I believe they all should be worked out. I look for a large development in aircraft in our navy, though we are competing with on one."

While in France Admiral Benson was decorated by President Poincaré with the Grand Cross of the Legion of Honor.

LABOR REFUSES TO ASK FREEDOM IN "SPY" CASES

Federation, However, Urges Rescinding of Wartime Laws With Coming of Peace.

ATLANTIC CITY, N. J., June 20.—The American Federation of Labor, in convention here, refused to-day to ask for the release of so-called political and industrial prisoners convicted under the espionage and other war-time acts. Instead, the Federation adopted a modified resolution requesting that these acts be rescinded with the formal coming of peace.

Originally three resolutions had been prepared demanding freedom for political and industrial prisoners, but the Resolutions Committee, on advice of members who believed that many of these prisoners were deservedly convicted and sentenced, decided to present a substitute memorial.

This, adopted by an overwhelming vote, besides asking for repeal of legislation in the Harbord police court sentenced the rights of free speech, free press and free assembly.

NAVY PRISON TO FREE 287.

Osborne's Recommendations Approved at Portsmouth.

PORTSMOUTH, N. H., June 20.—Two hundred and eighty-seven men at the naval prison here will be released, it is learned to-day, the recommendation of Lieut. Commander Thomas Mott Osborne, in charge of the prison, having been approved. Seventy of the prisoners will be restored to full duty and 217 dishonorably discharged from service. Through the Mutual Welfare League the men had been given an opportunity to show their determination to become good citizens. The departure of these men will leave approximately 1,300 prisoners here.

NOT ONE DEPUTY'S BADGE GIVEN OUT, SAYS SHERIFF

Knott Objects to Mayor's Way of Placing Blame for Alleged Illegal Use of Insignia.

Sheriff David H. Knott to-day objected to Mayor Hylan's way of placing responsibility for the alleged illegal use of Deputy Sheriff's badges. While the Sheriff declared he did not wish to be put in the position of criticizing the Mayor for his letter to Police Commissioner Enright, he said he had not given a single Deputy Sheriff's badge since he was in office.

"We have had countless applications," said the Sheriff, "from men who have a right to ask for them, some from men who just want them so as to speed in their automobile. But I have not given any. If the occasion demands, I shall of course appoint as many deputies as are needed."

"In regard to people using badges which they have stolen or which have been loaned, we have taken needed action."

10 YEARS FOR FRAUD ON U. S.

Contractor Also Fined \$25,000 in Nitrate Case.

NORFOLK, Va., June 20.—W. E. Treadwell, a contractor, convicted of embezzlement from the Government in connection with nitrate shipments, was sentenced in Federal District Court to-day to ten years imprisonment and \$25,000 fine. Evidence at the trial was that shipments valued at \$100,000 which he handled disappeared in transit. Treadwell has filed an appeal.

Troy Woman Causes Arrest of Pullman Porter

PITTSBURGH, June 20.—Alleged to have stolen jewelry and clothing amounting to more than \$10,000, Garland Patton, negro Pullman porter, of No. 137 West 141st Street, New York, was arrested here today. The police say Patton has confessed to numerous Pullman robberies.

Patton's arrest followed the complaint of Mrs. A. S. Platt of Troy, N. Y., wife of an official of the Rock Island Railroad, that \$2,000 worth of jewelry had been stolen from her berth while en route here from New York.
