Rudder of Great Warship, and Her Sponsor.

Aunt Ethel will launch another of the great battleship fleet, and she is a veritable crest of the world, bearing perhaps the name of the British warship, which has been the most powerful of the four.

And she will launch the four other ships of the class, which are to be the pride of the British navy, and will be built in the hands of the Croftons.

The launch will take place in the presence of the Queen and the Duke of York, who will be present at the６s of the ship.

The launch will be held at 6 p.m., and will be followed by a grand reception at the home of the ship.

The ship will be named the "Great Britain," and will be built at the hands of the shipbuilders of the world.
