ROCKED BY QUAKE; SWEPT BY STORM

Southern States The Scene Of Dual Disturbance

Several Lives Are Lost, Shipping And Property Damaged

Atlanta, Ga., Oct. 19.—While a tropical hurricane was flaying the gulf coast, earth tremors overturned chimneys and frightened many people from their homes in Georgia, Alabama and Tennessee.

The earthquake did little damage, but a wind that reached a velocity of 114 miles an hour lifted roofs from houses at Pensacola, Fla., and sank a number of vessels in the harbor. One life was lost there.

Mobile reported that it had been touched more lightly, although the wind blew 110 miles an hour. Two small buildings were destroyed and a negro woman was killed by a live wire. Shipping at Mobile had been warned and apparently suffered little harm. Two river steamers were sunk and a schooner and a steamer were driven ashore and small boats were lost.

The earth shocks were severest in Montgomery and Birmingham, Ala., where swaying office buildings were emptied within a few minutes. In these towns chimneys were destroyed and articles were hurled from shelves in residences and shops. Elsewhere no damage was reported. The earthquake was felt as far north as Louisville, and east to Augusta. Its duration was about three minutes and there were two shocks.

When Mobile was struck by the hur-

ricane wire communication went down in a short time. Soon Pensacola, too, was cut off for a time. Estimates put the damage in Mobile at \$15,000, but no estimates had been made of the loss at Pensacola. New Orleans escaped the storm.

Everywhere the high wind was accompanied by a torrential downpour of water. At Burwood, La., there was a fall of nearly 11 inches during the day. Montgomery, Ala., was swept by a heavy wind and there was a heavy rainfall, but little damage. Houses were damaged at Opelousa, La., and there was damage at other small towns throughout Alabama. Houses and stores were unroofed at Troy. In these sections there was no report of loss of life.

Judge Shot While Hunting.
Rose City, Mich., Oct. 19.—Judge Edward J. Jeffries, associate recorder of Detroit, was shot near this city. It is not known how seriously he has been injured, as he was rushed in an automobile to South Branch in a vain effort to find a doctor, and was taken on to West Branch. It is not known who shot him. He was a member of a hunting party and received shot in the face and eye.

GUARDSMEN FOR BORDER

Camp Perry, O., Oct. 19.—Ohio's last quota of militiamen to leave for the border entrained here. Recruits for the Fifth, Fourth, Sixth, Eighth and third regiments to the number of eighty were mobilized at the camp prior to their departure. The troops will travel through Kansas City to El Paso. The men will remain at the border until the last week in November, returning to Columbus to be mustered out Dec. 1.

RESCUED BY FIREMAN

Cleveland, Oct. 19.—Firemen rescued Roy Cree and L. Nobbe from death by suffocation and burns when fire broke out in a foundry plant here. A dozen other employees had narrow escapes. Cree and Nobbe were trapped in a blazing freight elevator. Both men were overcome by smoke when firemen rescued them.

BANDITS GET \$10,000 IN HOLD UP OF BANK

Coffeyville, Kan., Oct. 19.—Four men, three masked and one blacked as a negro, held up the First National bank at Centralia, Okla., an inland town twenty-five miles southeast of here, locked four bank employees and four customers in the vault and es-

caped in an automobile with from \$8,000 to \$10,000 in cash and all the bank's notes and securities. They fled southwest, passing through Ruby and Cody's Bluff, two other inland towns, and robbed the store at the latter place. Posses started in pursuit.

WILSON WILL SWEEP OHIO ASSERTS CHAIRMAN FINLEY

Columbus, Oct. 19.—"President Wilson will sweep the state," W. L. Finley, Democratic state executive chairman, asserted in a letter to candidates. As to Democratic county candidates, he said, there are just two classes in Ohio, those who are certain

of election and those who have splendid chance of being elected. "The Wilson sweep that has set in in Ohio will carry into office many Democratic candidates in hitherto hopeless minority counties," says the Finley letter.

BATTLESHIP ARIZONA ENTERS SERVICE AS AMERICAN NAVY'S BIGGEST VESSEL

The superdreadnaught Arizona, latest addition to the Atlantic fleet and one of the most powerful ships in the world, has just entered the service of Uncle Sam, fully manned and ready for action. This addition to the navy is far from a clear gain in strength, however, since it was necessary to strip three other battleships of their crews and place them in reserve to find a full complement of men for the new fighter.

The Arizona was turned over to Captain John D. McDonald with much ceremony. A marine guard stationed aft on the quarterdeck of the dreadnaught, now at anchor in New York navy yard, presented arms, the band played "The Star Spangled Banner," the American flag was run up and the commission pennant was broken out upon the after truck. The Arizona then passed formally into the possession of the nation. Her keel was laid in 1914.

The new superdreadnaught, which was built in the New York navy yard, is 608 feet over all, has a displacement of 32,567 tons and is built for a cruising speed of 21 knots. Her main battery consists of twelve 14-inch guns similar to those shown in the picture. She carries 43 officers in addition to the 911 men gathered from the three battleships that have gone into reserve, with 70 marines. She is commanded by Captain McDonald, with Lieutenant Commander W. R. White as executive officer, and as engineer officer Commander S. H. R. Doyle, who built her machinery and who will be held responsible for her future internal actions.

HARD TO GET STARTED

Thaw Killed in Action?
New Haven, Conn., Oct. 19.—William Thaw, the American aviator, who is a member of the French flying corps, was killed in action, according to news received at Yale in a letter from S. S. Walker Yale, 1917. Thaw was a member of the class of 1915 but did not graduate.

Chicoin Dies in France.
Paris, Oct. 19.—Frank Clair of Columbus, O., and George Delpoche of New York, Americans fighting in the French army, have died from wounds, according to information received here. Both were in the foreign legion and were wounded on the Somme front.

HATCH MAKES RECORD RUN

Chicago, Oct. 19.—Sidney Hatch of this city covered the distance from Milwaukee to Chicago—95.7 miles—in 14 hours, 50 minutes and 30 seconds, beating the former record by 4 hours and 7 minutes. Hatch ran every step of the way, making only three stops for a total of 16 minutes and finished strong, although 10 pounds lighter. He averaged a mile every 8 1/2 minutes.

YOUNG BRIDE TAKES POISON

Cleveland, Oct. 19.—Mrs. Gladys Mullen, nineteen, is in a dying condition in Charity hospital, following an attempt at suicide with poison in her home. Her husband, Wallace, twenty-one, awakened from a nap to find her fallen across his body and screaming in agony. They had been married four months.

SAFE BLOWERS SECURE \$50

Cleveland, Oct. 19.—Burglars blew open a safe in an automobile shop and general plant and escaped with \$50. Nitrolycerin used to blow open the vault, set fire to the building, but the blaze was extinguished with little loss.

WOMEN DENIED EQUAL RIGHTS

Episcopal House of Bishops Re- jects Two Proposals.

WILL NOT SIT AS DELEGATES

Another Request That Women Be Allowed Membership in Hankow Bishop's Advisory Council Is Denied. Optional Use of Commandments in Full or Shortened Form Suggested. Prayer of George Washington.

St. Louis, Oct. 19.—In two actions taken by the house of bishops of the Protestant Episcopal general convention here, women were denied equal rights with men.

A proposal to permit women to sit as delegates in the general convention was rejected, while a request from the Rt. Rev. Logan H. Root, bishop of Hankow, to be allowed to admit women to membership in his advisory council, was denied. The house suggested to the bishop of Hankow, it was stated, that he might create an auxiliary council of women.

The proposal to give women equal rights with men in the convention was sponsored by Robert H. Gardner of Gardner, Me. A similar resolution is now on the calendar of the house of deputies, and it was pointed out that action in the upper house does not preclude it being discussed in the lower body. Since concurrence of the two houses is necessary, in the event the house of deputies should approve the proposal it will go to the house of bishops for reconsideration.

The house of bishops, which also considered changes recommended in the communion service by the commission on the book of common prayer, will suggest in its report to the house of deputies that the Ten Commandments be printed in the prayer book in both their shortened form and in their full form and that clergyman be given optional use of either in the service, it was stated. The committee had recommended that five of the commandments be shortened, as read in the communion service, by the elimination of the reasons.

Efforts to have the prayer of George Washington, uttered upon the occasion of his laying down the supreme command of the federal armies, adopted and substituted for the present prayer "for our country," in the book of common prayer, were inaugurated in the house of deputies by Roland S. Morris of Philadelphia.

BIG ONRUSH IS CHECKED

Teutons Unable To Carry Out Their Program

Roumanians Halt the Enemy All Along Their Border.

DELIVER COUNTER ATTACKS

Bavarians Storm and Capture Russian Positions On the Narayuvka Front in Galicia—French Report Successes North and South of the Somme River in France—Berlin Reports All Attacks Repulsed.

London, Oct. 19.—Dispatches from the near east state that the Roumanians have been successful, at least temporarily, in stopping the advance of the Teutonic allies all along their border.

At no point along the line does either Berlin or Vienna claim fresh successes against the Roumanians, while the Bucharest war office asserts that the troops of King Ferdinand at various points have repulsed the attacks of the Teutonic allies, inflicting heavy losses on them.

Violent fighting is still in progress in Galicia, where, on the Narayuvka front, the Bavarians have stormed a Russian position and captured 350 men and 12 machine guns.

Berlin asserts that west of Lutsk, in Volhynia, following the repulse of the Russians, the troops of Emperor Nicholas have not returned to the fray and are merely bombarding the Teutonic positions. The repulse of Austro-German attacks in the Carpathians, where snow is now falling, is recorded by Petrograd.

Both north and south of the Somme the French troops have made fresh gains. The village of Sully-Sallitell is now entirely in their hands and the Germans have been driven from the hills northwest and northeast. Over a front of a mile south of the river, between La Malsonnette and Baches, the German first line defenses have been driven back by the French, Paris states.

The German war office reports the repulse of all French and British attacks on the Somme during the last twenty-four hours. French assaults near Morval and Rancourt, the statement says, broke down after hard fighting, while Franco-British thrusts also failed in the regions of Thieval, Courcellette and Bouchavesnes. British attacks on both sides of Paucourt l'Abbaye broken down under the German curtain of fire, it was stated.

MASONS IN OHIO

Columbus, Oct. 19.—The one hundred and seventh communication of the Grand Lodge of Ohio, F. & A. M., was brought to a close here at noon. Grand Master Frank H. Marquis of Mansfield, during his annual address, made announcement that application for charters from at least six new lodges in formation had been made and that these, with the additions to the lodges already formed, would show that the order is having its most prosperous year. He told the delegates that there are now 107,000 members in the mother lodge of the state.

WATCHING COLONIZATION

Columbus, Oct. 19.—Attorney General Edward C. Turner made it clear that state and county authorities are to do everything possible to assure a clean election for Ohio. In letters to county prosecutors, he urged them to be prepared to act if evidence is disclosed. Mr. Turner requests that the prosecutors make investigation of reports of colonization of non-residents for the purpose of illegal voting.
