This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weak-ness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost what may be its causes (for they are almost numberless), its symptoms are much the same; he more prominent being sleeplessness, sense the more prominent being sizepleasness, seeke of prostration or weariness, depression of spirits and wart of energy for all the ordin-ary affairs of life.
