TRADE HORIZON CLEAR

FEARS OF EFFECT OF SOUTH AF-RICAN WAR HAVE BEEN DIS-PELLED BY RESULTS

BRITISH MARKETS ARE STRONG

That Has Aided Situation in America to a Material Degree-Heavy Transactions in Steel Are Again a Feature of Business Prosperity -Wheat Remains Practically Unchanged-Farmers Holding Off.

NEW YORK, Oct. 27.-R. G. Dun & Co.'s weekly review of trade tomorrow will say: Fears and not facts made a war in South Africa seem a menace to prosperity here, and a week of conflict has cleared away the fear. British markets for securities have been helped by the belief that mining shares would be worth more with no Boer control in mining regions, and large purchases here of ammunition, packed meats and other army food have swelled the balance due this country. Money markets have grown less embarrassing, stocks have gradually advanced, industries are still supported by a volume of demand for which no precedent can be found, and payments through the principal clearing uses for the past week have been 36.6 per cent larger than last year and 57.3 per cent larger than in 1892. So great many and potent forces making for pub-

The heaviest transactions in steel rails ever made so early cover 1,500,000 tons for next year's delivery, or two-thirds of the entire annual capacity of the works. The Pennsylvania is said to have taken 105 000 tons at \$33, but all the leading railroads made large purchases, and the price was then advanced to \$35 per ton, the same works having delivered during the past year at \$18 and \$19. Great contracts for material follow, one concern having bought 100 tons Bessemer pig at Pittsburg for \$23, while \$24.50 is paid for at Wheeling, \$38.50 being quoted, with slabs at \$39.50 and sheet bars at \$36. Such transactions only show the general belief that high prices will run far into next year. For structural work many quence for the East and for Cuba, and in bars the car and implement demand makes the Chicago market very strong, but at Pittsburg works anxiety for future contracts has depressed the price to \$2.15, and in plates some works have nearly caught up with contracts and are accepting 2.75 cents. Sheets were also weaker, 3.05 cents being quoted at Pittsburg, as the proposed combinations seem to have failed.

Markets for minor metals are reacting, tin having fallen to 30.62 cents, with recovery to 31.25 on Dutch sales in October, 400 tons larger than usual, and lake copper is largely offered at 17.37 cents. Lead is a shade lower, at \$4.571/2, and spelter is demoralized and offered at 5 spelter is demoralized and offered at 5 observed that large bids were received cents. Coke holds strong, shortness of for the \$2,800,000 of New York city 3½ cars hindering deliveries, though more per cent bonds which were offered this ovens than ever before are producing.

for September were 380,599 cases, against 343,814 last year, and less in any other, the reluctance of buyers to pay as much as manufacturers ask renders spring orders much below the average.

Buying of wool has been heavy at Boston, 10,071,200 pounds for the week, and at the three central markets 13,579,837, making 42,928,289 pounds in four weeks, against 36,394,090 in 1897, when the last great speculation was on foot. Many mills are now buying which have recently started, after long idleness, besides the American Woolen company, with others which have bought largely before, while foreign quotations and some British buying of Australian and South African wool stimulate the market, though prices are not quotably higher. The demand for goods improves and a great season is onfidently expected.

The advance in cotton goods does not stop, for the demand is heavy, and standard print cloths have been raised 1/8 of a cent by the selling company. But the peratives have demanded higher wages, possibly influenced by reports made when combination was proposed, and ket closes 1-16 of a cent lower, shortage of movement being attributed largely and perhaps too largely, to concerted holding of stocks by growers or fac-tories. The increase in October movement compared with last year has been heavy, and exports have been small, al-though at such prices that 500,000 bales

Failures for the week have been 190 in the United States, against 126 last year and 23 in Canada, against 24 last year

DISTRIBUTIVE TRADE.

Bradstreet's Report Shows a Quieting Down in That Direction.

NEW YORK, Oct. 27.—Bradstreet's tomorrow will say: A quieting down of distributive trade, more particularly at retail, is reported in telegraphed advices to Bradstreet's this week, growing out of the unseasonably warm weather now be ing experienced in most sections of the country. Reflection of this is found in less urgent orders received by jobbers and in somewhat impaired collections at many points. As regards prices, however there is no appreciable loss of strength, the great majority of quotations remaining steady, and among those making changes advances are still most numerous. That this condition of the country remains at an unprecedented volume is testified to by the heavy gains noted in bank clearings over a year ago, and by the immense increases in raffway earnings over exceptionally good returns last October. As regards the country activity in transportation it may be said that east-bound traffic from Chicago in the past month has been more than double that reported in the same period a year ago, and nearly twice as large as that ago, and hearly twice as large as that reported in October of 1892—a record period of good trade. The ocean freights situation is gradually improving, partly because of the high rates that are attracting all available disengaged tonnage, and partly because the check to foreign buying, partice riy of cereals, caused by the advance in vessel rates, has exercised a reflex action on the lat-

Simultaneously with the drop in freight rates this week has come a hardening of quotations for cereals, partly the

WORDS OF WISDOM.

Every Word of This Statement Is Based on the Strong Foundation of the Truth.

Weight and authority are attached to every statement made in the advertising of Beecham's Pills. They cure Blilousness, Heartburn, Waterbrash, Indigestion, Weight or Fuliness in the Stomach, Bitter Taste in the Mouth, Offensive Breath, Sick Headache, Dizziness, Nausea, Constipation and Female Allments. A sale of 6,000,000 boxes yearly proves how well they cure these complaints. The very name of Beecham's Pills seems to carry with it an atmosphere of good health, and the testimony of those who have been cured by the use of this peerless remedy would fill a volume, the like of which the world has never seen.

result of this improved foreign buying meeting the late decline, and partly, also, by foreign and domestic demand, for corn has not as yet brought out the flood of offerings earlier looked for. Wheat has been sympathetically strong, as have other cereals, and wheat flour has been

advanced this week. Coffee is firm, but not much higher on the week, some speculative reaction hav-

ing been noted. Among leading products decreasing in price, tin and copper among the metals have been most notable, the latter claimed to be due to production approaching more to a parity with demand. Cotton is more to a parity with demand. fractionally lower, as the result of the deadlock between foreign consumers and American producers. The situation of cotton goods, one of aggressive strength, ls undoubtedly a supporting feature of no small account. The strength of woel is natural, in view of the large sales, mest of which are claimed to have been for account of manufacturers. goods demand is favorable and further slight hesitation at some markets, due to enlarged supplies, is again very firm, as are also hides and leather, in sympathy with recent advances in boots and

In all lines of business demand is still very heavy-demand for steel for cars, of plates for shipbuilding and for wire being additional signs of strength. Demand for hardware is active at nearly all markets. for prompt shipments. Barbed wire, nails some Eastern markets. Complaints that present high prices are injuring our export trade are also heard.

FAIRLY ACTIVE.

Bradstreet's Financial Review or Conditions of Stock Market. NEW YORK, Oct. 27.-Bradstreet's

Financial Review will say: A fair degree of activity and an en-largement of public interests in speculation accomplished a further, though irmovement was partly based on recovery the London market, which, early days of the week, discounted the sibility of a speedy ending of the Transvaal war by a sharp advance, in which American railroads shared the

henors with Kaffir mines. The somewhat easier tone of money also relief was shown when it became ap- given by the claimants that they int nd parent that the recent rise in foreign exchange rates was due largely to excepearly delivery, and 50,000 tons of billets tional transactions in securities, that no were sold to one concern there and 30,000 gold was likely to be shipped to London, and that the Bank of England and the on money market recognized that it would be unwise to create any extra pressure or disturbance in the financial situation here. Freed from this apprehension and meeting for some days at least with decreased demands for shipment of funds to the interior, the market for call quoted on last Monday being 6 per cent

The increased activity and advance in stock prices on the succeeding days were, however, accompanied by a harder tone in the market, the market for call money promptly rising to above 6 per cent, and Minn., for more than a year. This, it is on Friday afternoon touched 10 per cent. This was accompanied, however, by continued evidences of discrimination against industrial collateral by the banks opper stocks in some instances having, appears, been rejected in bank loans of the weakness of that class of securi-Yet the stock market appearances more impressed by the talk of a speedy return of money from the interior to New York, and it might be week, the average of the bids being over 107.

The money situation was also influenced by the favorable statement of the Bank of England and the further decline of dis- the classification as timber land eck by the restrictions which the lack of facilities for carrying them imp There has been not a little fresh outside buying of stocks, even in the building up of industrials, and collateral seemed to be a factor in the market. The activity was supplemented by some renewed Lon-don buying and some bullish manipula-tions, which pools and large operations

Harper Changes Explained.

Harper Changes Explained.

NEW YORK, Oct. 27.—At the office of Harper & Brothers today it was denied that the alliance with Doubleday & McClure had led to a revolution in the older house. It was admitted, however, that Mrs. Margaret Sangster had retired from the editorship of Harper's Bazar, her successor being J. H. Sears. The change took place July 1. The Round Table, a paper for boys, had never been profitable, and long ago it was determined to suspend its publication and in its place issue a new monthly magazine to be called the Franklin Square, under the editorship of Albert Lee.

Albert Lee.
Still another Harper-McClure magazine will be issued, with James Finley as editor. Henry Loom's Nelson retired from the editorship of the Weekly about July 1. Henry G. Paine is now editor.
When the Harper-McClure alliance was announced it was inferred that the McClure company was to be absorbed by the older firm. However, Mr. McClure and Mr. Doubleday seem to be the dominant force in the allied concern.

LANDS AT CASS LAKE

THE CASE IN WHICH MR. WHITE. OF ST. PAUL, IS INTEREST-ED ARGUED

AN APPEAL IS ANTICIPATED

Action Likely to Be Taken to the Supreme Court of the United States Before Title to the Disputed Townsite Section Is Quieted-Early Ruling by the Interior Department Expected.

WASHINGTON Oct 27.-Assistant Attorney General Vandevanter of the interior department heard arguments today on the application of Reuben Gray and Edward B. Glass to locate lands embraced in Cass Lake townsite with missionary scrip under the treaty of 1555. This is the case in which A. A. White, of St. Paul, has appeared so prominently and which has been decided adversely by local officers and by Land Commissioner The scarcity of supplies noted last week is still a feature, and jobbers are pushed isters and missionaries are allowed to enter 160 acres of land within the limits of the Chippewa reservation, and Glass magazines and periodicals. and Grav claim to come within this favored class. The treaty of 1889 provides that unallotted lands shall be sold for their timber value or to homesteaders, thus barred Glass and Gray's right to locate with their missionary sculp. As above stated, the decisions heretofore have been adverse to their claims.

Quick action on the part of Judge Vandevanter will be necessary, as it is desirsale next Wednesday. Argument for claimants was made by Orville Rinchart, ent but did not make a formal appearance in the case. No intimation was to bring proceedings to restrain the secretary from selling Cass Lake lands. Evidently the government expects inful if White will undertake to enjo'n the St. Cloud land office at this date. He can get into the supreme court by some legal

During the hearing some interesting disclosures were made relative to the Lyleck claim to section 16, on which the townsite is located. According to the report of the special agent, Mrs. Nellie Lydeck, is a suit made affidavit that her legal residence had been at Grand Rapids. held, would separate her from the Oak Point reservation and sever her tribal relations.

It is a sort of civil service deal, the same as in the case of a departmental employe being out of office for more than a year is barred without taking another examination. The interest in the outcome of the Cass Lake case is evidently quite intense. Congressmen Eddy and Morris received several telegrams of in-quiry today regarding the status of the throughout the country-in fact every 31/2 quiry today regarding the status of the throughout

A question has arisen whether there is really enough timber on the 251 acres advertised for sale to actually bring it into The appraised value of pine is only \$1.684.

CABINET IS CONCERNED.

Devoted an Extra Hour to Discus sion of Philippines.

WASHINGTON, Oct. 27.-The cabinet meeting today lasted two hours and a half, an hour longer than usual. After the adjournment the members were unusually reticent. One member said that the president had cautioned them against making any statement about the meeting today. It can be stated, however, that the discussion related to the Philip-pines, and there is reason to believe that it was in reference to military and naval plans which are to be placed in operation soon.

Fully an hour of the session of the cabinet was consumed in a discussion of the political outlook, especially in Ohio, some of the members having received advices from their friends engaged in the campaign, conveying an accurate statement of existing conditions. There was some talk as to the preparation of designs for the new customs house at New York, but no attempt was made to reach a conclusion. The Philippine discussion was brought about through newspaper publications of recent date purporting to outline the treaty or arrangement which Gen. Bates has made with the sultan of Zulu archipelago. Secretary Root took occasion to point out the unsoundness and unfairness, as he alleged, of the criticisms which have been cast upon the conditions of that arrangement, especially where they relate to the question of slaveholding in the

Hawaiians Call on President.

WASHINGTON, Oct. 27.—A delegation of native Hawaiian preachers, who have been in this country several weeks attending the session of the international Congregational conference at Boston, and the board of foreign missions of the same character at Providence, R. I., called upon the president today to pay their respects. They were Revs. O. P. Emerson, James Kaubane, E. C. Timoteo, S. L. Desha and J. M. Ezera.

State Postal Figures.

WASHINGTON, Oct. 27.—The total receipts at the postoffices in Minnesota for the last fiscal year were \$1,776,384. The expenses were \$162,358, and the net revenue \$1,014,026. For the principal cities the gross receipts for the year were: Minneapolis, \$60,342; St. Paul, \$482,761; Duluth, \$90,448; Winona, \$33,506; Mankato, \$24,066; St. Cloud, \$14,599.

PROSPEROUS BUSINESS VENTURE.

Hungerford & Darrell Advertising Agency of Washington, D. C., In-

The recent incorporation of the Hungerford & Darrell Advertising Agency of Washington, D. C., directs attention to the prosperous business conducted by the agency, which, up to the time of incorporation, was known as The Star Advertising Agency.

The business was established in 1892 by William A. Hungerford, for seven years previous to that time the advertising writer for Woodward. & Lothrop. Mr. Hungerford built up in Washington the most phenomenal local advertising business in any city in the country. In no other city are so many merchants—big and little-represented in the columns of the daily press. Mr. Hungerford's patient, persistent work in advocating the use of crisply written businesslike ads., with frequent changes of copy, had much to do in bringing about this result.
In 1896 Louis P. Darrell, who had before that time conducted an advertising business of his own, merged his business with Mr. Hungerford's, and has been a valua-

ble assistant in building up the present At the recent incorporation Frank Roe Batchelder, a trained newspaper man, formerly with the Worcester (Mass.) Telegram, and for several years clerk of the committee on banking and currency the house of representatives, entered the corporation. He is well known for liter-ary work regularly contributed to leading

The business of the Hungerford & Dar-Advertising Agency is one of the most prosperous in the country in proportion to its plant. It is capitalized at \$100,000, all the stock being held by the and the question with relation to the actual managers of the business. This Cass Lake lands is whether, under this agency now prepares the advertising for treaty, congress has specifically designated the manner of disposing of these, and Miller" shoes for women and "Hu-man-i c" shoes for men throughout the counhas been and is now being vigorously conducted by this agency. Mr. Hunger-ford coined the name "Hu-man-ic" for a new men's shoe which the Boston makers, Hathaway, Soule & Harrington, desired to place upon the market. All the able to clear the record in time for the advertising matter for both these shoes is planned by the Hungerford & Darrell

The foreign business of the agency is of Minneapolis. A. A. White was pres- steadily growing, at the same time that the local field is being thoroughly cultivated. One of the advertisers recently added to its list is Tincture Amal, the remedy for consumption, which is to carry on a large advertising campaign during the coming season.

Evidently the government expects in-junction proceedings in case White's ap-in the Equitable building, Baltimore, peal is not sustained, but it is very doubt-ful if White will undertake to enjoin the things from the foreign field.

The staff of the agency includes fourteen ad. writers, bookkeepers, clerks, artists, etc., who are kept busy throughout the year. Its present quarters are at 1003 Pennsylvania avenue, but on the completion of the magnificent marble building in process of erection for The Evening Star it will have a handsomely appointed suite of offices therein. The officers of the cor-poration are: William A. Hungerford, president; Louis P. Darrell, vice president; Frank Roe Batchelder, treasurer; Robert W. Cox, secretary; C. C. Archibald, assistant secretary.

STOCK YARDS FIGHT.

Indianapolis Case That Involves Interests of Many Other Cities.

INDIANAPOLIS, Ind., Oct. 27.-The big fight in the federal court between the rival stock yards concerns of this city, in which the leading lawyers of the city city where there is more than one stock yards company operating. The attorneys have been arguing for

four days whether or not Judge Baker should grant a temporary mandatory injunction compelling the railroads to trans-port live stock to and from the yards of the Interstate company when the roads agreement to handle cars of stock only for the old stock yards company.

The lawyers and men from both of the stock yards companies say the case is one most important that has been in the federal circuit court for a good many years. For this reason stockmen from all over the United States are interested. A decision by Judge Baker is expected tomorrow or next day. The court has already granted a temporary injunction, compelling the Union Stock Yards company and the Belt railroad to deliver cars of stock consigned to the new com-

RIVERA WAS BOUNCED

DID NOT RESIGN AS CIVIL GOV. ERNOR OF HAVANA PROVINCE

OPPOSED THE NATIONAL SPORT

Only Reason He Can Offer for His Dismissal Is That He Refused to Sanction Cock Fighting - Senor Capote Tells a Different Story-Havana Newspaper Asserts Cuba Is Worse Off Than Ever.

HAVANA, Oct. 27.-Gen. Ruis Rivera, civil governor of the province of Havana whose withdrawal from the governorship was cabled yesterday as a resignation, denies that he resigned. He claims that he was dismissed, and does not know on what grounds the dismissal was made. He admits that he said recently he would resign in the event two or three Americans he had recommended for office were not appointed, but he says he was dismissed through Senor Capote, secretary of state in Gov. Gen. Brooke's cabinet. Senor Capote, according to Gen. Rivera, sent a request asking for the latter's resignation, which was refused.

Gen. Brooke, when asked about the resignation today, declined to talk, saying he preferred that any explanation required be made by Gen. Rivera himself. Senor Capote said he requested Gen. Rivera to resign because he had become an obstructionist. Gen. Rivera refused to resign, saying he would wait to be dismissed, which was done. There was no objection on the part of the secretary of state to Gen. Rivera, as a private individual, holding certain views, but he objected to Gen. Rivera refusing to carry out certain instructions, and making himself an obstructionist. La Lucha, referring to the dismissal, says:

"The sole cause was the refusal of Gen. Rivera to allow cock fighting, his course in this respect being contrary to a previous order emanating from Senor Capote permitting it." La Discussion says:

"The incident shows the lamentable lack of harmony between prominent Cubans now occupying leading positions. tional reasons for dismissing such a prominent man.'

AMERICANS ABUSED. El Cubano, in an editorial on the general state of affairs, abuses the Americans and congratulates Gen. Rivera on

his dismissal, adding:
"Cuba is worse off than formerly, when she only had bad Spanish laws. Now she is worse governed than ever, as both the American and Spanish laws are in force, to be used at the option of the Americans."

The Society of Veterans of Independence will hold a meeting tonight to consider the action of the veterans in Santa Clara province, who recently started a new political party. A prominent mem-ber of the revolutionary party will address the meeting, it is said, regarding the way in which Gen. Rivera has been deprived of office. La Lucha says:

The meeting will probably censure the action of the Santa Clara veterans, but at the same time will draw up regulations to be followed at all the insular centers. It is this plan-the attempt of the Havana body to dictate rules for other sections of the island-which is causing much of the disagreement between the league and National party.

ALASKA'S NEEDS. Them and Adjourns.

JUNEAU, Alaska, Oct. 21 (via Seattle,

Oct. 27.)—The Alaska territorial conventien, which has been in session for more than a week, has adjourned. > Through Pullman Tourist Sleeping Car Service to Texas, Old Mexico and California,

and California,

Via the Chicago Great Western Railway to Kansas City, and the Missouri, Kansas & Texas, the San Antonio & Aransas Pass and Southern Pacific railways through Dallas, San Antonio, El Paso and Los Angeles to San Francisco. The only through car line from the Northwest to Texas points and connecting at Spofford Junction for all points in Oid Mexico. A new weekly service established on Nov. 3, and continuing weekly thereafter. They will be in charge of an experienced official, and will leave Minneapolis at 10:45 p. m., and St. Paul at 11:20 p. m. every Friday and reach Dallas the following Sunday, San Antonio on Monday, El Paso on Tuesday, Los Angeles at noon Wednesday, and San Francisco early Thursday morning. These cars are the Standard Pullman Sleeping cars, similar to those run on all transcontinental lines, and the charges for berths are about half those charged in regular Standard Pullman Sleepers. To persons who have made the trip to California via other routes, this Southern route will prove a most delightful change, and to persons contemplating a trip to Texas or Mexican points it furnishes facilities heretofore unoffered. This car may be taken at any point along the line of the Chicago Great Western Railway between Minneapolis and Kansas City. For full information and assistance call on or address T. P. Elmer, G. A. P. D., Fifth and Robert streets, St. Paul.

THREE HUNDRED THOUSAND.

More Than That Number of Immi-

grants Arrive in a Year. WASHINGTON, Oct. 27.-In his annual report to the secretary of the treasury, Commissioner General Powderly, of the immigration bureau, gives the total number of arrivals for the year ended June 30, 1899, as 311,715, an increase ever the next preceding year of \$2,416, or 35 per cent. The opinion is expressed that at least 25,000 persons were not listed in this number, through a defect in the law, as well as an indeterminate number from Canada and Mexico, who are not, under existing regulations, accounted for. The existing regulations, accounted for. The increase over the figures for last year is represented largely by inmigration from Europe, specifically from Italy, Austria-Hungary and Russia, which show gains respectively of 18,806, 22,694 and 31,154. Of the total arrivals, Europe supplied 297,349, Asia 8,972, Africa 51, and all other countries 5,343. The distribution as to sex was 195.227 males and 116,438 feto sex was 195,227 males and 116,438 fe-males; as to age, 43,983 were under fourteen, 248,187 from fourteen to forty-five and 19,545 of forty-five years or older.

creat Meeting in Cincinnati in Be half of the Miners.

CINCINNATI, O., Oct. 27.-An enormous meeting was held tonight at Music hall, the officers of which were of the Central Labor Council of Cincinnati, and speakers were Samuel Gompers, president of the American Federation of Labor and Edwin Boyce, of Butte, Mont., president of the Western Federation of Miners. Fully 6,000 men remained during the two long

The announced purpose of the meeting was to protest against the treatment of prisoners held in the Coeur d'Alene region, in the bull pen. Before the speaking began the resolutions were read. The first resolution was a demand of the president of the United States to enforce the con stitution, especially the sixth section. The second resolution demanded of the president the withdrawal of the United States troops from Shoshone county. The next resolution demanded a court-martial of Gen. Merriam and his subordinate officers. The last resolution was that all the federal, the military and civil officers responsible for the alleged illegal acts committed by them should be held to the strictest accountability.

President Gompers said that he was in the mining region, near the scene of the uprising in Shoshone county, but few days before it occurred. He sai by conversation with men who knew about the situation he learned the condi-tion of affairs at Wardner, Bunker Hill and Sullivan mines. He vehemently de-nied that any labor organization had anything whatever to do with that uprising.

OFFER DECLINED.

Sisters of Charity Seek Charge of

Iowa Refractory Girls. DES MOINES, Io., Oct. 27.-Three sisters of charity, representing a Davenport institution, called on the state board of control this morning and offered to take from the jail all the incorrigible girls concerned in the recent riots at the Mitchell reform school, place them in Catholic institutions without cost to the state, and reform them. They declar that they have succeeded especially well with this class of girls. The board declined the offer on the ground that to accept would be to admit inability to handle the cases, and would subject the board to criticism in placing them in a Catholic institution.

MRS. SEWALL INDORSES.

Asks That Her Name Be Added to Anti-Polygamy League.

INDIANAPOLIS, Oct. 27. - Mrs. May Wright Sewall, president of the Inter-national Council of Women, has written the Anti-Polygamy League of New York

"In response to yours just at hand I write to authorize you to add my name to those already included in the organiza-tion committee for the constitution of a than a week, has adjourned. The most important work accomplished was the adoption of a memorial to congress and the selection of John G. Price, of Skagtay, as commissioner to go to Washington in the interest of the people of Alaska. The memorial to congress provides for two additional judges of the district court a delegate to congress problet.

BANKERS SEEK RELIEF.

They Allege Discrimination in Favor of Express Companies. WASHINGTON, Oct. 27 .- A delegation of bankers, consisting of F. W. Hayes, president of the Preston National bank,

of Detroit, Charles R. Cannon, First Na-tional bank, of Council Bluffs, and Percival Kuhne, of Knaath, Nachod & Kuhne, New York, representing the convention of bankers that met vesterday was given a hearing today by Commissioner of Internal Revenue Wilson on the subject of the alleged discrimination in favor of express companies, in the matter of the payment of the special war tax imposed upon bankers and brokers for dealing in exchange. Last spring, under an opinion of the attorney general, based upon a decision of the supreme court, the commissioner held that the domestic money orders and travelers' checks issued by express companies were in effect ordinary checks, and not ex-change within the meaning of the law, and that for their issue, express companies were not liable to the payment of the special tax. Against this rule the bankers and brokers take no exception,

but they argued that in the issue of foreign money orders and travelers' checks they were selling exchange and were liable for the tax, the same as bankers and brokers. Another point made against the American Express company is that it buys and sells foreign money, The law provides for the payment of the special tax by bankers or brokers buying or selling "exchange, coined money,"

GREED FOR GOLD. How It Brought a Texas Minister to

the Scaffold. DALLAS, Tex., Oct. 27.—Rev. G. E. Morrison was hanged at 12 o'clock noon today at Vernon, Tex., for wife murder, He met his death calmly. On the scaffold he said to the select party of twenty wit-

nesses permitted at the execution:
"I am innocent. Circumstances over which I had no control have placed me in this position. I have taken my trouble in private to my God. I admit that I have acted indiscreetly. I have done no who stand high in the religious, social, business and official circles of your state, I have nothing to confess. I am in the hands of my Maker. He knows I am

Morrison's neck was broken by the fall and his death, apparently, painless

Furniture to Be Advanced. GRND RAPIDS, Mich., Oct. 27.—The announcement is made today that all grades of furniture will advance 10 to 20 cents in price as a result of the efforts of the Grand Rapids Furniture association. The advance will include all parlor, chamber, extension tables and desk furniture and will take effect almost immediately.

Five Most Important Words. If you want to get hold of five words that will earn you money, read this item. Franklin said, "A penny saved is two earned." If you buy rubber boots, or shoes, or mackintoshes, or coats, the five words that will save you money are Goodyear Rubber Co., New York. These words on any article indicate superior quality, Beware of imitations. Goodyear Rubber Co., St. Paul, wholesale dealers.

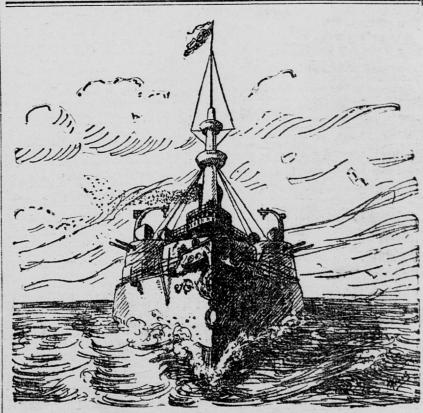

Dr. Gole CONSUMPTION.

Consumption is not always hereditary,

Consumption is not always hereditary, or its first stages attended by a cough. Thousands of young men from youthful indiscretions, and middle-aged men and women from excesses, are easy prey to this fell destroyer. First, there is a pain in the back; blue rings under the eyes; sleep does not rest them, and they get up in the morning feeling tired; appetite fails; commences to lose flesh, thin, hollow-eyed, the whites of their eyes are yellow; fearful, always expecting the worst to happen; very nervous; bad dreams; startled in sleep and awake quickly much frightened; later, night sweats, then a dry, hacking cough, followed by profuse expectoration; pain in the chest; skin dry in the day and clammy at night; craves something to eat they cannot get. Can't rest or sleep now for coughing. Still hopeful, they could not be convinced that they are in the first stages of consumption. They scorn the suggestion. Believing that they have no consumption, they are perfectly indifferent, and suffer on, This octopus of death has fastened its tentacles about their vitals and in a short time they pass to that "bourne from whence no weary traveler has ever returned." Death ends all. If you have any of these symptoms, a course of Dr. Cole's famous Creo Treatment will give back to you the substance of life you have so wickedly wasted. Creo electrifies the whole system, searches out the weak points and fortifies them at once, by acting on the nerve centers, stomach, digestive organs, heart, lungs, liver, kidneys, bladder, spinal cord and brain, making men and women strong, vigorous and healthy, without an ache or pain, correcting the whole system.

ing men and women strong, vigorous and healthy, without an ache or pain, cor-recting the whole system. CALL OR WRITE.

If you can visit our offices, by all means do so. If not, write all your symptoms as best you can. On receipt of letter we will make a searching investigation for the diseased organs and learn their condition; and if you send a sample of your water, labeled with name (charges prepaid), a chemical analysis and microscopical examination will be made of same, free; and inform you whether or not we can cure you. Address DR. A. L. COLE and Council of Physicians, 24 Washington Avenue South, Minneapolis, Minnesota.

ON THE WEST COAST.

I am greatly pleased with Ripans Tabules and will introduce them on the West Coast. On board our ship alone there are four hundred and sixty men, and I think next pay day you will receive some more orders from different members of the crew.

U.S. Battleship Oregon, San Francisco, Nov. 15, 1897.
