# Admiral Schley Uses Pe-ru-na

# In His Home.

Peruna Drug Co., Columbus, Ohio.  
Gentlemen:—"I can cheerfully state that Mrs. Schley has taken Peruna and I believe with good effect."  
—W. S. SCHLEY.

Battle of Santiago, Where Admiral Schley Made History.

ONE of the greatest naval battles in the world was the Fight Off Santiago. Never since the dispersion of the Spanish Armada has there been a more op- ing victory in the onward march of civilization than in the notable event of July 23, 1898, in which the great hero, Admiral Schley, took a leading part.

It was a great naval battle. Without a moment's warning it began. Quick decision, undaunted courage, excellent discipline, resolute self-confidence—these combined in Admiral Schley to produce that dash and daring so characteristic of the American soldier.

A man must think quickly in these days. There is no time for slow action. New enterprises arise in an hour. Old ones pass away in a moment.

A multitude of great themes clamor for notice. A man must take sides for or against by intuition, rather than logical deduction.

One day this fighting admiral, Schley, happened to be in company with other officers who were talking on various topics of popular interest. The subject of Peruna was

raised,—its popularity as a catarrh remedy, its national importance, its extensive use.

One asked his opinion. Without a moment's hesitation, he said: "I can cheerfully say that Mrs. Schley has taken Peruna and I believe with good effect."

Like the Battle of Santiago, the thought was sprung upon him without any warning, and he disposed of it with the same vim and decision as he did with the Spanish fleet led by the ill-fated Viscaya.

His words concerning Peruna have gone out into the world to be repeated by a thousand tongues, because he has said them.

Like the news of his victory over Cervera, his words concerning will be ADMIRAL'S WORDS CARRY WEIGHT. Peruna caught up multitudes and passed from mouth to mouth, across oceans and continents.

Except for an in-born manly independence, in a country of free speech, these words never would have been uttered by an officer in such a notable position as that of Admiral Schley.

Except for a world-wide notoriety and popularity, such as Peruna enjoys, no remedy could ever have received such outspoken public endorsement by such a man.
