CHURCH CHATTER.

The new Union Theological Seminary will be opened October 5 at Richmond, Va.

Non-Conformists now have 1,805,723 members in England, while the Church of England has 1,778,351.

Installation services at the Presbyterian church Sunday. Rev. S. M. Rankin writes from Louisville that he will be here Friday or Saturday.

Elder J. Q. Montgomery writes to us from Liberty that the new church at that place will be dedicated the third Sunday in this month. He adds that all are cordially invited.

Rev. S. M. Logan and E. M. Green, D. D., and Elder J. J. McRoberts and J. S. Pointz, M. D., have been chosen commissioners from Transylvania Presbytery to the General Assembly of the Presbyterian church, which meets in New Orleans this month.

In introducing himself to his flock at a new pastorate, Rev. E. B. Lytle, of Maryland, Mo., said: "I am a Methodist in religion and an American in politics. Nobody owns me. I have one wife and she has two children. I guess that is about all."

W. H. Weatherford, who had charge of a large church at Crocker, Mo., was arrested and brought back as an escaped convict from the Frankfort penitentiary. He was sent to prison in 1886 from Livingston county for grand larceny and in November of the same year he made his escape. He went to Missouri and began to preach and soon won the high regard of the community in which he lived and was considered a model preacher. The preacher's son represents a Missouri district in the Legislature.

MIDDLEBURG.

Born, to the wife of Constable J. W. McWhorter, a democrat.

Most Casey county farmers will finish corn planting this week.

The forests are shooting forth their verdure and the hills of old Casey can't be glimpsed for beautiful scenery.

Robert Hall, of this place, was Casey county's first volunteer as far as the writer knows. Several of the boys are talking of going. Excuses are below par in this neck.

Rev. John Sweeney, of Paris, who is visiting his old friend, Mr. John W. Moore, near Liberty, preached at the Christian church Sunday and at Liberty in the evening. He is a fine talker.

Albert Keeney, who recently secured a position with the Peter-Bauer Drug Co., of Louisville, has resigned his position to accept a more lucrative one with the Royal Tailors, of Chicago, C. C.

G. A. R.'s RESOLUTE.

At the regular April meeting of the James Humphrey Post No. 81, Department of Ky. G. A. R., the following resolutions were unanimously adopted:

That whereas our American neighbors, the Cuban patriots have borne with fortitude the oppression and tyranny of the heartless Spaniards for years, and that our flag has been insulted and the battleship Maine blown up and 266 officers and men killed, be it resolved:

1st. That we heartily endorse the action of Congress and President McKinley.

2. That we are made happy to see those who wore the blue and those who wore the gray standing side by side in defense of "Old Glory" and that a copy of these proceedings be sent to the Casey County Progress and the INTERIOR JOURNAL for publication.

Jacob Rigney com., Jas. W. King ad.

For sometime the girls at Hamilton College, Lexington, have been greatly annoyed by Bible Students trying to flirt with them. A policeman was put near the building and he captured three of the offenders. They were given the option of going before the faculty and apologizing or going to jail and chose the former. After much pleading and promises not to do so again they were liberated.

John Sherman is taking his first rest from public service since 1854. He was continuously in office for 44 years.

LANCASTER.

Robinson and Hamilton have bought several artillery horses and they have been branded U. S., which reminds our old people of the civil war.

Mr. J. Joseph has been called to Ohio to see his father, who is dangerously ill. Mr. and Mrs. T. M. Goodknight were here on Tuesday with Miss Lula Batson.

We may expect to have a war president elected next time, as such has frequently been done in the past. I am for Lee or any other democrat who renders good service in the cause of liberty.

In the police court, Stewart Umber, colored, was fined \$15 for whipping his wife and \$5 for abusing H. Singleton. The trial of Belle Griffin, colored, for stabbing Mary Denny was passed until Saturday, the Commonwealth not being ready.

On Monday the fiscal court let contracts for putting metal on the various sections of the pike. Many bids were considered at \$1.25 to \$7.50 per rod, the average cost, at the bids accepted, being about \$6 per rod. One section was let at \$4.25 per rod, and it is claimed that those who do the work, will realize no profit.

The young ladies, who raised the fund to purchase a flag for the company of volunteers, having learned that the flag could not be utilized by them while in the service, and desiring that every member of the company shall be equally benefited, have deposited the fund in the Citizen's National Bank, as a relief fund, to be used for their benefit, should they become wounded, or afflicted by any of the dire diseases to which they may be subjected. Any one desiring to supplement the fund can leave any amount at said bank.

Capt. Mike Salter says that while near Barbourville he heard it rumored that Alfonso XIII had been captured by our fleet, and he started to town to hear the particulars. On the way he met a native, who was intoxicated, coming out from town meeting another native, when he said: "Jim we have captured 13 Fonsiows." "What are they?" asked his neighbor. "Damfino," was the drunk man's reply. Some of the captain's friends believe that he is the man who got mixed up with moonshine, and the news about Alfonso XIII, but I do not believe that.

Capt. Duncan has been notified that a special train will be here on Friday morning to convey his company to Lexington via Richmond and Paris and his company will be in readiness. The prospects of a cessation of hostilities and the evacuation of Cuba by the Spaniards have caused a shadow of melancholy to hang over our boys. They would be sadly disappointed if they were not permitted to lend a helping hand in the matter. But the impression prevails here that the Manila victory and the revolt in Spain will bring about a peaceful adjustment, so far as we are concerned; but even our preachers favor the war, so long as it is carried on in the name of humanity, and not for the purpose of acquiring territory.

CATHOLICS WILL DO THEIR DUTY.

GENTLEMEN AND FELLOW-CITIZENS:

There has been a great injustice done to me and Mr. Huser by a false report being spread over the entire county by some ignorant party; and by investigating, I find it is, as it seems to me, because we are Catholics. What is the duty of a Catholic? Catholics have no need of lengthy instruction concerning their duty in time of war. They have been taught from childhood that the service of their country is a part of their service of God. St. Paul wrote to the Christians of Rome that the authority of their civil rulers was given by God, and whoever resisteth that authority resisteth God. God has made it of the nature of men that they shall live in society; society must have civil government, hence God required that the civil government be obeyed and served in all that is not sin.

The power of declaring war is an essential attribute of sovereign authority, consequently Catholics understand very well that in time of war every one must do his full duty to his country, according to his state and his obligations, under pain of sin, and this sin is punished by God, even if human penalties fail to reach it.

Because we have the advantage of the natives of this county, in speaking the German language, you may take us to be foreigners, but that is not the case. I am an American citizen, born and raised in a log cabin, protected by the stars and stripes; and so is Mr. Huser, and we will stand by our flag and protect our country, until death claims us.

Ealy, the Negro preacher of Bowling Green, who was elected to a minor position by the Kentucky Legislature, and who was arrested while there upon a complaint from Todd county, of having misappropriated school funds, has been acquitted. BOBBITT TO DISCUSS THE SPANISH WAR.

TO THE EDITOR OF THE INTERIOR JOURNAL.

CRAB ORCHARD, May 3.—I desire to notify the people through your paper that there will be speaking in the courtroom at Crab Orchard, Saturday, at 2 P. M., on the Spanish war, and I want to state now that as much as I despise the New England States, and many of the Northern ones, I find that I am heartily for the United States government against the treachery of the Spaniard. This great government was made great by the South and the great territory acquired by her valor and treasure. The South is now, and always was, more loyal to the constitution than the North, and we see from the frozen heart of Connecticut that the South will have to do the principal fighting. The North has often denounced the constitution as a "Covenant with death and a league with hell." What historian does not remember with burning indignation the blue lights of Connecticut in the war of 1812, and the Hartford convention, that Jackson dispersed by his glorious victory at New Orleans. For a warning to the traitors in this country, of whom there are few, I desire to define treason under the constitution. It "consists in levying war against the United States, or in adhering to their enemies giving them aid and comfort." An act of Congress passed April 30, 1790, inflicts the penalty of death by hanging upon the one guilty of this crime.

By a subsequent act of Congress passed July 17, 1862, it was made discretionary with the court trying the case to put the offender to death, or to imprison him for not less than five years and fine him in a sum not less than \$10,000. Thus it will be seen that those who are adhering to the yellow flag of Spain in this country are liable to a heavy penalty.

I see the president is contemplating calling out 10,000 Negroes. Why do you contemplate Mr. President? Why do you not call at once for 500,000 and let us hurl back against yellow and see which is the stronger color? We all know that a Kentucky Negro would make a braver soldier than a New England Yankee.

FONTAINE F. BOBBITT.

Flour has advanced 33c per cent., eggs about 17 per cent., hams about 17 per cent., potatoes 50 per cent., canned corn 20 per cent., beans 15 per cent., and so on through the list.
