

# SUBMARINE BOAT HOLLAND, AMERICA'S NEW WAR CRAFT

THE Holland, Uncle Sam's "steelclad hellsdiver," is, strictly speaking, a torpedo, but a torpedo controlled in all its workings by human agency inside the craft, instead of being automatic in its operations. The ordinary torpedo, by an arrangement of springs to counteract the water pressure, is made to go through the water at any

depth set for it. It has to go in a path fixed for it beforehand. When it has run its course it comes to the surface or sinks, in accordance with a predetermined plan.

The Holland has men inside it to control it at will from moment to moment, and with the additional power to discharge at

will automatic water torpedoes. It can go 150 miles on the surface without renewing its supply of gasoline. It can go fully forty knots under water without coming to the surface, and there is enough compressed air in the tanks to supply a crew with fresh air for thirty hours. It can dive to a depth of twenty feet in eight seconds. It could stay at sea under an emergency for a week.

## FATHER LOCKS HIS SON IN A PRISON CELL

Walter B. Smith Arrested for Grand Larceny in Boston.

Taken Into Custody by His Parent, Who Is Heartbroken Over the Misdeeds of the Boy.

Special Dispatch to The Call.

BOSTON, April 7.—A case of fact where the promptings of love and duty fought a bitter contest was brought about in the City Prison this morning, when a father was called upon to put his own son into a cell and turn the key upon him, making him a prisoner, charged with breaking and entering and larceny in the night time.

Walter B. Smith, twenty years old, is the criminal. He looks more like a college student than a thief. Robert Smith, the father, is one of the best-known, most faithful and respected members of the force, and this sad blow has almost unerved him.

Once before the boy was miked up in a serious scrape and his afflicted father succeeded in adjusting the matter. In this case the boy is said to have admitted his guilt and surrendered the property which he had stolen. He also told how the work was done.

The proper way to mash a masher is to fit on him.

## GENERAL OTIS RELIEVED OF HIS COMMAND

Will Start Homeward From the Philippines Early in May.

Recalled at His Own Request and MacArthur Named to Succeed Him as Military Governor of Luzon.

WASHINGTON, April 7.—General Otis has been formally relieved of the command of the United States forces in the Philippines and of the Eighth Army Corps. The correspondence showing how this was brought about was made public at the War Department this afternoon. It is as follows:

MANILA, April 3.—Private interests require my return to the States; have been absent from family and business, attention to which is important, since November, 1897, except a few days. Wish to sail by May 1 if possible; believe matters can be placed in quite satisfactory condition by that date, although large repressive military force must be maintained for some time.

OTIS.

WASHINGTON, April 3.—Otis, Manila: Replying to your cable of April 3, the Secretary of War instructs me to say that the President desires to have you leave the Philippines, but he feels that your distinguished and successful service in both military and administrative capacity for nearly two years entitles you to prompt compliance with whatever wish you choose to express regarding your return to your duty and the requisite order will be made for your return on May 1, by such route and taking such time as may be agreeable to you. With the understanding that General MacArthur will succeed as Military Governor, the Secretary of War wishes you to remain in Manila until the departure of the Department of Northern Luzon.

CORBIN.

MANILA, April 6.—Will remain until certain important modifications of civil administration are determined. The new code of judicial criminal procedure is approaching completion from other matters which are pressing. Think can leave about May 1. Will cable latter part of month the date I desire to be relieved and command an officer for my replacement. Wish to return by most expeditious route and desire to wait orders for a time until private business receives attention. No request to make regarding future sphere of duty.

OTIS.

**Poolrooms Denounced.**

Special Dispatch to The Call.

SAUSALITO, April 7.—A mass-meeting was held here to-night under the auspices of the Good Government Club poolrooms of the coming elections. The poolrooms which have long infested this city were generally denounced. No particular reference was made, it being generally conceded that they were a blot and nuisance, no matter who ran them. Among the speakers were C. H. Becker, Dr. Crumpton and J. T. Harnes.

**Young Booth's Name Changed.**

NEW YORK, April 7.—In the Circuit Court at Newark, N. J., the application was granted permitting William Booth, the 12-year-old son of General and Mrs. Ballington Booth, to change his name to Charles Brandon Booth. The petition claims that the change was asked because Mrs. Booth Tucker has named her son William Booth, and for the petitioner to have the same name would be a serious detriment and might result in loss of property to him.

## OFFICER SHOT AT ESQUIMALT BY A SENTRY

Lieutenant Scott Is Seriously Injured and May Die.

Claimed That He Did Not Answer the Challenge and Was Mistaken for a Spy by the Man on Guard.

Special Dispatch to The Call.

VICTORIA, B. C., April 7.—Lieutenant Reginald D. Scott, navigating officer of H. M. S. Pheasant, is dying at the Naval Hospital as a result of wounds inflicted by Gunner Higgins of the Royal Marine Artillery, who was one of the guards on duty at the naval yard last night. Higgins, who is awaiting court-martial in the guardhouse, alleges that he thought the lieutenant was a spy.

It seems that Scott is an officer of the watch, which, since the opening of the war and the prevalence of Fenian reports, has been doubted and instructed to fire on any one not answering a challenge. Scott has been in the habit of endeavoring to surprise sentries, and he landed at the lower and seldom used end of the yard. Higgins saw him and challenged, and on receiving no answer fired two blank cartridges. The lieutenant then started to run and the sentry fired two bullets into his chest. He must have been coming backward, for when the searchlights were placed on the scene from all sides when the sentry's carbine was heard the lieutenant was seen in a crouching position, and not long after over him. Scott was carried out of the yard with two bullet wounds in the region of his lungs. He was then rowed across to the Naval Hospital, where he now lies. His death is expected at any moment.

Higgins was arrested and will be tried by court-martial. It is openly asserted at Esquimalt that there has been great friction between the naval men and the Royal Marine Artillery, to which Higgins is attached. Scott before had trouble with a guard, whose matter furnished the basis for remonstrance from the commander of marines to Captain Fagen, who is in charge in the absence of the admiral.

"Although the measures taken by sentries now are extreme, the presence of Fenians in the city seems to warrant them. A few days ago a sentry at Macaulay Point fortifications discovered a man over the chevaux-de-frise of entanglement, with which he seldom used end of the sentry fired two shots, but the man escaped, leaving behind him the board by means of which he attempted to gain entrance. Many daring attempts have also been made to destroy property at the forts and naval yard, and not long ago a man was arrested who said that he and others had determined to destroy the guns even if they paid for it with their lives."

**Superstitious Lose Heart.**

FRESNO, April 7.—The Democratic flagpole at the Courthouse Park, flying a great flag in honor of Bryan's coming, blew down this forenoon in the high wind, killing three horses. The pole had stood thirteen years. The superstitious are agashed.

## JAILER SHOT A PRISONER GIVES LIBERTY

Arizona Train Robbers Released by Treachery of a Trusty.

Desperadoes Have Taken to the Hills and the Chances Are That They Will Escape Across the Border.

Special Dispatch to The Call.

TUCSON, Ariz., April 7.—A sensational jail delivery took place at noon to-day at Tombstone. Jailer Braven was shot by Billy Stiles, a guard, who was also a prisoner awaiting trial for train robbery. Stiles testified against his companions, who comprise the gang that held up the Arizona and New Mexico Railroad train at Fairbanks two months ago. For taking this course the jail authorities allowed Stiles the freedom of the jail, and recently he was engaged as a guard to watch over his companions behind the bars. The Tombstone jail contained the Halderman brothers, who are sentenced to be hanged, and the gang that robbed the train at Fairbanks. The District Court convenes next week, when the trial of the train robbers was set.

Stiles had evidently planned the killing and the escape of the entire crowd of prisoners, for at noon when Jailer Braven came, Stiles stepped up behind him and fired, and the jailer fell to the ground. Stiles then took the key of the cells from Braven and opened the door which led into the inner corridor. Burt Alvord and Bravo Juan's cells were unlocked by Stiles, and these desperate characters were soon free. Burt Alvord was engaged by Stiles and placed in a Southern Pacific hold-up at Cochise. Stiles did not have time to liberate the Halderman brothers, for the firing was heard in the town and men were rushing toward the jail. Stiles joined Alvord and Bravo Juan, and the trio started toward the mountains. They went in the direction of the Chiricahua and in half an hour a posse, headed by Sid Mullen, Deputy Sheriff, was in pursuit.

Another posse was organized in Tucson this afternoon and left the city on a special train for Cochise, from where the posse will ride to Tombstone and take the trail of the fugitives. The posse from here is composed of Sheriff Wakefield, Special Detective Thacker, Nabor Pacheco and Luke Allen.

The fugitives are bad men and will make a desperate fight before they are taken by officers.

Burt Alvord was constable of Wilcox until six weeks ago when he was arrested by Detective Thacker, who reviewed his supply of gasoline. It can go fully forty knots under water without coming to the surface, and there is enough compressed air in the tanks to supply a crew with fresh air for thirty hours. It can dive to a depth of twenty feet in eight seconds. It could stay at sea under an emergency for a week.

A message was received from the posse to-night which said that the fugitives have not been seen since they left Tombstone and the posse was in hot pursuit.

Bravo Juan is one of the most desperate men in Arizona, and with a shrewd head he has been holding the key of the Tombstone jail and Judge Davis yesterday authorized Sheriff Scott White to employ two guards. Jailer Braven died late to-night.

## MARGUERITE SILVEY ACQUITTED BY A JURY

While Testifying for Herself the Young Woman Broke Down and Her Mother Fainted.

Special Dispatch to The Call.

MERCED, April 7.—The jury in the Silvey case rendered a verdict to-night of "not guilty." The day was occupied in examining witnesses, and this morning Lacey Silvey, brother of the defendant, was placed on the stand, and during the testimony he was interrupted by the mother of the prisoner fainting. She was removed from the courtroom and restored to consciousness.

After Lacey Silvey had given in his testimony, the defendant took the stand and recited her relations with Thomas, telling how he promised to marry her and of her trip south when she thought that she was being taken to Los Angeles, but instead was taken off at Fresno, and on account of Thomas not having sufficient money to get married she was compelled to return to Merced, he following four days later. She was very nervous during the time she was testifying and finally broke down, the court excusing her until the afternoon session, when she resumed the stand and continued the story of how Thomas had deceived her.

After the examination of the witnesses for the defense the case was submitted to the jury without argument, and in a few moments returned with the verdict that acquitted the young woman of the crime.

## INTERESTS THE PEOPLE OF THE PACIFIC COAST

Congressman Needham Recommends Reduced Duties on Fruit for the Philippines.

Special Dispatch to The Call.

WASHINGTON, April 7.—Congressman Needham has recommended to Assistant Secretary of War Melkielehn that the duty on canned fruits and vegetables sent to the Philippines be reduced. The duty now is 2 cents per kilogramme—several times the first cost of the goods in California—and is practically prohibitory. Needham suggested a duty of 2 cents a kilogramme, or 15 per cent ad valorem, the latter a trade less than the former. The agricultural appropriation bill reported to the House to-day contains an item appropriating \$35,000 for general irrigating purposes. The California delegation had hoped for an appropriation of \$50,000, but is quite satisfied with the sum allowed in the present bill.

Senator McBride to-day introduced an amendment intended to be proposed to the sundry civil appropriation bill, providing for the appropriation of \$2,531,100 to continue the work on letties at the mouth of the Columbia River.

Masonic Banquet.

Special Dispatch to The Call.

MONTREY, April 7.—Alexander R. Underwood, a leading Mason of this city, gave an elaborate banquet to the Masonic fraternity as represented on board the battleship Iowa, now in this port, a number of prominent Monterey and Pacific Grove Masons being also invited. The affair was one of the most notable ever known in fraternal circles hereabouts. William Jacks, worshipful master of the Monterey Lodge, presided at the board, and the venerable past master, Captain T. G. Lambert, acted as toastmaster.

John D. Sargent Goes Free.

CHEYENNE, Wyo., April 7.—John D. Sargent, of Robert Ray Hamilton notoriety in 1897, who was driven from the Jacksons Hole country in Western Wyoming by a mob of citizens, who charged him with the murder of his wife, has been set free. The Uinta County authorities have been unable to find sufficient evidence against him to secure a conviction. Sargent returned to Wyoming last summer to face his accusers and was promptly indicted for murder. He was confined in the County Jail at Evanston and released last January, as he was rapidly losing his mind. Sargent is now located in Salt Lake City.

# SHE SPEAKS FOR HUDYAN, Because Hudyen Gave Her Health, Strength and Comfort.

MRS. W. H. PUTNAM of Denver, Colo., writes: "I have used HUDYAN, and to my delight and great satisfaction it restored me to perfect health. I was indeed very ill. Had been so for three years. I could scarcely get about. The least exertion would make me feel faint or dizzy. I could not sleep at night; suffered headaches. I was also very irregular in my sickness and suffered untold agony. Thanks to HUDYAN I am over all troubles. I am strong and hearty, can do my own work, have gained weight. I heartily recommend HUDYAN to like sufferers. Very gratefully, MRS. W. H. PUTNAM."

HUDYAN is indeed splendid for all nervous conditions complicated with organic disturbances. HUDYAN cures dull or throbbing pains in head (Fig. 5), pale, emaciated or sallow complexions (Fig. 4), choking sensations or heavy feeling in chest (Fig. 1), weakness or palpitation of heart (Fig. 2), coldness of extremities (Fig. 3). These symptoms appear when the nerves that govern the heart are involved. It is a dangerous condition. Remember HUDYAN cures and permanently.

The symptoms of nervous exhaustion are many and varied. Tremblings, dots before the eyes, hollow eyes, dark rings under eyes, pain in back, dizziness, tendency to faint, sleeplessness, horrid dreams, a fear of impending evil, despondency, all-gone, tired feeling, lack of energy. All these prove that the nerves and nerve-centers are weak. HUDYAN relieves one and all the above symptoms.

Nervous conditions in women, complicated with chronic inflammations and ulcerations of the uterus and its appendages, are promptly cured by HUDYAN. HUDYAN cures painful or irregular periods, profuse or scanty menses, leucorrhoea, dragging or bearing-down pains. HUDYAN brings back the roses to pale, wan faces—it cures permanently.
