SEARCHING FOR MAN OF THE HOUR

Mediators Bend Efforts to Find
Acceptable Successor to
General Huerta.

OPTIMISM PREVAILS

Man of Unusual Qualifications
Needed to Conserve Interests
of All Factions.

Niagara Falls, Ont., June 13.—The mediating colony turned their thoughts today from diplomatic forms and protocols to questions of personnel for the new provisional government of Mexico. They began the search for the man of the hour—a successor to Huerta who shall be acceptable to all factions, capable of pacifying Mexico so that a constitutional election may be held.

A man of unusual qualifications is sought. He must be without violent prejudices, who can conserve the interests of the Huerta followers, as well as the constitutionalists. The neutral populace, too, must be satisfied that a sound and stable administration will be inaugurated which will be immediately recognized by the United States and the world generally. In a spirit of optimism the mediators and delegates began their task. They felt today that they had accomplished much by the signing of the first of the series of protocols. In this document the American and Mexican delegates, as well as the diplomatic representatives of Argentina, Brazil and Chile entered into an agreement for the transfer of power from the hands of General Huerta to the new provisional president, in the following manner:

Government to Be Installed.
A government is to be constituted in Mexico of a character to be later provided, which shall be recognized by the United States and represented by the mediating plenipotentiaries, Argentina, Brazil and Chile, on (date to be fixed) and which from that day forward shall exercise public functions until there shall be inaugurated a constitutional president.

Another protocol will deal with the personnel of the new provisional government, and set forth that the new executive shall be installed after being recognized by Mexican nationals, including all political parties. The Mexican delegates are anxious that some clause be written in one of the protocols by which it shall be emphasized that the new president is to be recognized by interior Mexico as well as by foreign nations. The purpose of this is to make it consistent for General Huerta to resign in accordance with his declaration made recently, namely that he would retire when Mexico was "politically pacified." This was explained by the Mexican delegates as meaning, not material pacification of the country, but an agreement as a result of the mediation which all political factions would accept.

Points to Be Worked Out.
These points will be worked out in future conferences, but for the present attention is centered on the individual. The name of Pedro Lascurain, minister of foreign affairs, when Madero was forced to resign, is being mentioned as a possibility, but it is known that he would not be accepted by the constitutionalists. As yet the American government has not suggested any names.

While rapid progress is expected here now, it is conceded on all sides that the success or failure of all negotiations depends upon the choice of a provisional president. A man of constitutional sympathies will be chosen, but he must not have been an active constitutionalist or one who would not safeguard the lives and property of the Huerta followers.

A conference between the American delegates and the mediators on the subject of names was planned for today.

ESTIMATES OF U. S. INCOME

Income Tax Returns Fall Below 1913—Tariff Receipts \$21,000,000 More Than Expected.

Washington, June 12.—Estimates by Secretary McAdoo tonight indicated that the government income for the fiscal year ending June 30 will exceed ordinary expenses by about \$30,000,000. That is about \$10,000,000 less than last year's. Income tax returns have fallen far below the expected decrease in tariff receipts under the new law, but the receipts under the last fiscal year, custom houses turn in about \$21,000,000 more than it was figured they would.

Whatever surplus there is for the year will be absorbed by Panama canal payments as it was last year. Secretary McAdoo estimated that this year's ordinary receipts would aggregate \$730,000,000 and the total ordinary disbursements \$700,000,000. Total receipts for the last fiscal year were \$728,782,921 with ordinary disbursements of \$682,698,692.

LONDONERS GREET COL. ROOSEVELT

Visit Purely Social and Scientific—Refuses to Discuss
Any Politics.

MEETS NEWSPAPERMEN

Will Deliver Lecture Before
Royal Geographical Society,
May Meet King George.

London, June 13.—Colonel Theodore Roosevelt arrived in London today from the continent, accompanied by Mrs. Nicholas Longworth and Philip J. Roosevelt, his cousin. Ambassador Walter Hines Page was waiting at the station. With him were the members of the embassy staff, Lieutenant Colonel Arthur Hamilton Lee, former British military attaché at Washington, and now conservative member of parliament; R. Newton Crane of the American society in London and a number of other Americans.

One of the first to welcome Colonel Roosevelt was the Archbishop of Canterbury, who had traveled on the same train and who greeted him on the platform.

Will Not Discuss Politics.
"My visit to England is purely a social and scientific one. I have come here to lecture before the Royal Geographical society on the subject of my discoveries and adventures in Brazil and also to meet friends. I will not discuss politics, either American, English or French."

This was the reply of Colonel Roosevelt to a bombardment of questions from a score of newspaper men for whom he delivered an informal reception at Lieutenant Colonel Lee's London residence.

One of the colonel's first visitors was Dr. John Scott Keble, secretary of the Royal Geographical society, who brought with him a number of maps for the use of the colonel in his lecture. This is to be delivered in a small lecture hall so that the audience will be composed entirely of those Fellows of the Society, who made early application. There is to be no discussion and while it has not been disclosed whether Colonel Roosevelt will make any reply to A. Henry Savage Landor, the British explorer and others who have questioned his discovery, it is understood that this is not considered necessary because there has been no tendency to attempt to discredit the sincerity and the usefulness of the colonel's expedition.

It is possible Colonel Roosevelt may see King George before his departure from England. His Majesty is spending a week at Windsor Castle, but no arrangements have been made for a meeting.

Seventeen Injured and Two
Dead Bodies Are Taken to
Los Angeles on Special.

Los Angeles, Cal., June 13.—Twenty-three persons were killed and twenty-three injured, according to late reports, of the wreck last night at Bagdad, Cal., when an eastbound Santa Fe limited train ran into an open switch and crashed into a freight train on the siding. Seventeen of the injured and the bodies of E. M. Cram and Charles Feldin of San Francisco, the two men killed, were brought here aboard a special train today.

ONE HUNDRED SEVEN OFFICERS GRADUATE

West Point, N. Y., June 13.—June week at the United States military academy closed yesterday with the graduation of the first class. One hundred and seven new officers of the army received their diplomas from Colonel Townsley, superintendent of the academy, and listened to a brief address by the secretary of war.

One of the features of the exercises was the presence of a delegation of Filipinos headed by Manuel Quezon, a Philippine delegate in congress. The party witnessed the graduation of Cadet Vincente P. Lim, a Filipino boy, the first to enter the academy from that country. Cadet Lim will be commissioned in the scouts of the islands.

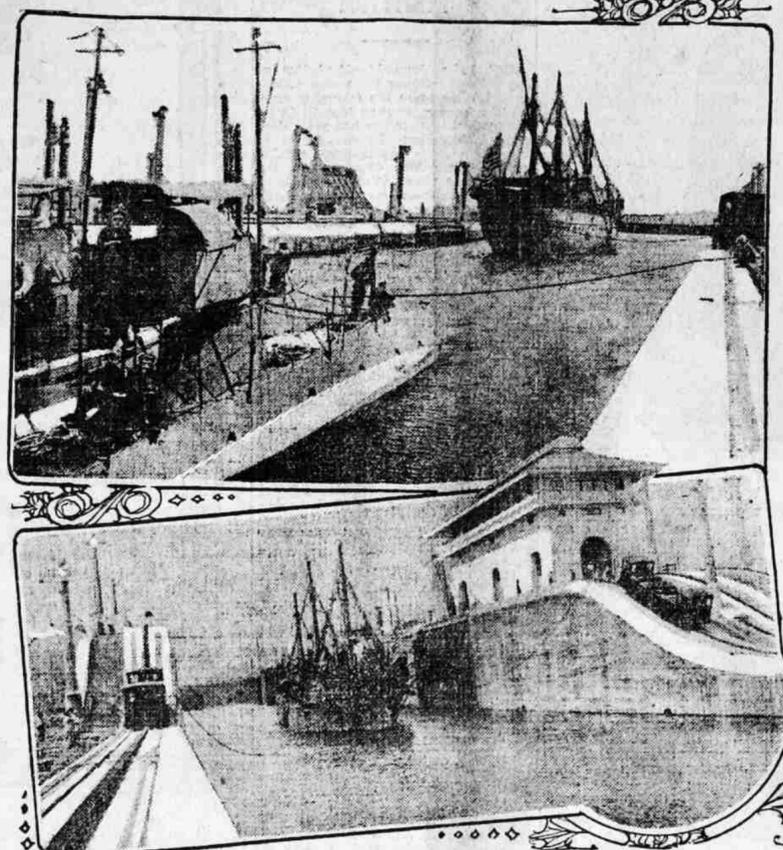

Cadet William Holcombe of Indiana, was the honored man. The graduates will receive a three months' tour (and will join their commands) next September.

The battalion of cadets will move into camp for the summer today.

SAMUEL L. PAGE TO BE RECEIVER

FIFTH ERUPTION OF MT. LASSEN

Last More Violent Than All
Sulphur Smell in Air—Ashes
Fall 16 Miles Away.

RANGERS MISSING

Fears That Four Men Have
Been Overcome by Gases in
Yesterday's Disturbance.

Redding, Cal., June 13.—A fifth eruption of Mount Lassen, more violent even than that of last night, which in turn was far greater than any of those that preceded it, occurred early today. For the first time the smell of sulphur was in the air. Ashes fell at Mineral, sixteen miles from the peak.

At this distance the mountain is hidden in haze, but the United States forestry station at Mineral reported that the vast column of blackened vapor rising from the crater was visibly tinged with sulphur fumes and that sulphur could be smelt there.

The successive outbreaks of Mount Lassen have been progressively fiercer, but the last two far overtopped the others.

A searching party of three today started to look for Ranger Abbey and his party of three who failed to return last night from a trip to the summit, and who, it is feared, may have been overcome by gases in the eruption yesterday.

MILWAUKEE PEOPLE HAD DELIGHTFUL TIME IN OGDEN

D. M. Newton, traveling passenger agent, arrived home yesterday, after conducting the Milwaukee Merchants and Manufacturers special from Pendleton, Oregon, to Boise, Ogden, Salt Lake City, and then back to Ogden.

He reported having had an especially fine trip with the Milwaukee people, who were, he said, treated royally at every stopping place.

Mr. Newton will leave the city again this afternoon in charge of the Yellowstone Park special, which is due to leave about 5 p. m. This train will include eleven cars, eight of which are coming from Los Angeles, occupied by Yellowstone Park hotel employees; one car is to come from Beaver Falls, Pa., and one from Beloit, Wis., occupied by employees of the Wylie.

The "elephant" car will be diner, which is to be put on at the local depot, for the use of the 250 or more members of the three parties. The Park employees will leave the

SUFFRAGISTS WIN AN ENDORSEMENT

Twenty-year Fight to Break
Down Women's Federated
Club Rule Is Successful.

FEW NEGATIVES HEARD

Illinois Delegation Starts "Battle Hymn of the Republic" and "Glory Hallelujah" Is Heard in Auditorium.

Chicago, June 13.—The principle of woman's suffrage was endorsed here today by the General Federation of Women's Clubs. By this action a twenty-year fight by the suffragists to break down the federation's constitutional bar on political and religious subjects was successful.

The actual operation required less than five minutes. The motion was made by Mrs. E. G. Dennison of San Francisco, chairman of the resolutions committee.

There were seconds from all over the house but Mrs. James Lee of Kentucky insisted on being heard and read a paragraph hymn-like woman creed. Others would have spoken but Miss Lottie E. Starns of Milwaukee objected.

HAS PLAN TO SHAME VICE RESORT OWNERS

Dr. Jenkin Lloyd Jones, the noted Chicago divine, has a plan for shaming the owners of vice resorts. "A brass door plate with the name of the owner on it would fix the responsibility for a building which is rented for saloon and other immoral purposes," says Dr. Jones. He declares that a large percentage of the buildings for immoral uses in Chicago are owned by widows, some of whom are socially prominent.

The resolution follows:
"Whereas, The question of Political Equality of Men and Women is today a problem under discussion throughout the civilized world,
Resolved, That the General Federation of Women's Clubs give the cause of political equality its moral support by recording its earnest belief in the principle of political equality regardless of sex."

HAMBURG LINER RAMS NEW YORK

Rips Hole 12 Feet High and
32 Feet in Port Side of
Big Ship.

CAPTAIN AVERTS PANIC

Pretoria's Anchor Torn From
Bow and Left Inside Gap
Torn in the New York.

On Board Steamship New York,
Via Wireless, Siasconsette, Mass.,
June 13.—While the American liner
New York, westbound, was motored
in a heavy fog north of
Ambrose Lightship early today, the
Hamburg-American liner Pretoria,
bound east, ran into her and ripped a
hole 12 feet high and thirty-two
feet long in her port side. The hole
is flush with the main deck and is
15 feet above the water line. So
great was the force of the collision
that the Pretoria's anchor was torn
from her bow and left hanging in
side the gap that had been torn in
the New York. Practically all of the
passengers on board both ships were
asleep.

RIOTING MINERS ATTACK MAYOR

Butte Union Men Wreak
Vengeance on Hall and Seek
Officers in Hiding.

Acting Mayor Remonstrates
and Is Sent to Hospital in
Unconscious State.

Butte, Mont., June 13.—Rioting miners, intent upon wreaking vengeance upon the officers of their union because of alleged mismanagement, attacked Acting Mayor Frank Curran here today when he sought to prevent the wrecking of the Miners Union hall. The mayor was hurried to a hospital in an unconscious condition.

While the riot was at its height, Alderman Charles Lane made a demand upon the acting mayor that he appeal to the governor for troops. The county commissioners hastily assembled and authorized Sheriff Driscoll to swear in as many deputies as were needed to control the situation.

PLAN CONSOLIDATION OF THE ELECTRIC RAILWAYS

Vice President Joseph Scowcroft
and Manager P. D. Kline of the
Ogden Rapid Transit company have
gone to Logan on business connected
with the proposed extensions in
Cache valley of the company's electric
interurban car system. It is possible
that the plan of consolidation of
the Logan transit company and the
Ogden Rapid Transit will be perfected
at this time and that, under the
consolidation, construction work will
be advanced more rapidly. The
parties in the Logan company are
also at the head of the Ogden organization
but it is said that legal consolidation
is necessary for the better
interests of the stockholders.

HORSE THIEVES ARE TRAILED OVER THE MOUNTAINS

Yesterday Sheriff T. A. DeVine and
Deputy Sheriff Oren Hadlock were
in the mountains between Eden and
Randolph looking for horse thieves.
Tuesday evening two valuable mares
belonging to R. O. Graham and C. Z.
Jensen of Eden were stolen from
pastures, but the sheriff was not advised
of the theft until Thursday evening.

Sheriff DeVine was accompanied by
the owners and the animals were
tracked across the mountains to the
head of Beaver creek, where night
overtook the party and they returned.
It was considered useless to
longer follow the trail, as the thieves
had two days the start.

table.

EXAMINER CLOSES ANOTHER BANK

Fifth in String of Lorimer-
Munday Institutions Sus-
pended by State Official.

PRESIDENT IN COLLAPSE

Approximately Four Million
Dollars Tied Up in State
Institutions.

Chicago, June 13.—A fifth bank was
closed today by the state bank ex-
aminer in connection with the dis-
closure of conditions in the La Salle
Street Trust & Savings bank. This
bank, the State Bank of Calumet, ac-
cording to the bank examiner, com-
pletes the chain of what were known
as the string of Lorimer-Munday
banks in Chicago.

The bank examiners from the state
auditors office in Springfield arrived
today to assist in the examination
of the five banks now in the state
banking department's hands.

William Lorimer, president of the
La Salle Street bank, was said to be
near a physical collapse from the
strain of the developments of the last
24 hours.

The bank examiners worked steadily
on the books of the La Salle Street
bank, the Broadway State bank, the
Illinois State bank, the Ashland-
Twelfth State bank and the State
Bank of Calumet.

Approximately \$4,000,000 of deposits
are tied up in the state controlled in-
stitutions.
