Who's Boss at Your House?

Why do you split and carry wood?
Why do you build fires and clean up the muss?
Why do you swelter your life away?

Who's boss at your house—you or your cook stove?

A Gas Stove will prove that you are.

We want to convince you that Gas is the Best Fuel for You.

It has the advantage of being economical, is quicker, saves a lot of time in the kitchen, adds a lot to your comfort and saves labor—splitting and carrying wood. If you are not convinced

Telephone 85 for our Representative

Mr. Husband:

You use modern methods in your work, don't you? How about a modern method Gas Range for her work?—It's the system—your meals will be on time and you will not have to split and carry in the wood.
