USS ALBACORE SS-218

*From the depths of the sea,
reaching toward heaven,
our shipmates are doomed
to spend eternity in a silent vigil,
on eternal patrol...*

The Blueback Base of Submarine Veterans Inc. have placed this plaque in honor of all of the U.S. Navy submariners who have routinely placed their lives at risk to defend the country in silence, and to the over 4000 who continue on ETERNAL PATROL in lost submarines and those who lost, their lives defending their country on submarines

From the beginning of the submarine service in 1900 until the present, submarines have played an ever increasingly important role in the defense of the United States of America, and to protect America's interests through out the world.

It is therefore an honor to remember the service that our shipmates have given, ever being ready to sacrifice for us. May we always remember them with gratitude.
