

PLAN SHORTER ROAD TO PARIS

LONDON, April 25.—American commercial interests plan to hop off twenty-four hours in the journey from New York to Paris. This will be done by financing a railroad from Vigo, just north of Portugal, to Arun and Hendaye, on the Franco-Spanish border, going thence to Bordeaux and Paris.

Madrid dispatches say Spanish commercial interests warmly favor the plan. They also approve the British scheme to penetrate the heart of Spain by a railroad from near Gibraltar to Cuenca, Madrid, thence to Bordeaux by way of Soria, and Pamplona. It is reported that American interests plan to develop the port of Vigo, building warehouses, docks and quick unloading devices. The port would be a quick route for American products into central Europe. The British route through Spain is designed to permit eventual railway communication, by use of the cross-channel ferry, with Cape Town, South Africa.

'Pickle' Submarine in U. S. To Aid Victory Loan

The U-111, German submarine, photographed at the Brooklyn navy yard, where it is being provisioned and inspected prior to its scheduled visits to ports of the New England States. The submersible craft, said to be one of the finest of undersea fighters, is to be used in behalf of the Victory Liberty loan drive. The vessel was brought across the Atlantic by an American crew.

Taft at Omaha

“Today is more serious in Europe than the day upon which the German hordes came nearest Paris. It is the crisis of the world. Should Europe go to pieces America would be involved in another world-war without the least doubt.”

Philadelphia Public Ledger, Feb. 26, 1919.

Shall we hesitate to lend our own Government the money it needs to make the fruits of victory sure? Shall we be poor financiers as well as poor patriots? That will never be said of the American people for WE WILL SUBSCRIBE TO OUR LIMIT.

How the People View The New Peace League

The out-and-out opponents of the League of Nations covenant apparently have not been won over by the amendments adopted in Paris to meet their objections. The New York Tribune (Rep.) finds the “denatured covenant” powerless for either good or evil, while the New York Evening Sun (Ind.) goes further and declares that “it is both an all-round invasion of sovereignty and at the same time impotent for the enforcement of peace.” In many quarters, however, it is thought that the recognition of the Monroe Doctrine and other changes “will win for it many votes and may prove sufficient to secure its ratification” by the Senate, to quote the Republican Philadelphia Press. It adds that the credit for these changes is due to the constructive criticism of such Republicans as Mr. Taft, Mr. Knox, Mr. Lodge, and Mr. Root.

Be sure and read THE LITERARY DIGEST this week. All angles of public opinion on the League of Nations covenant are presented in the leading article. Other subjects that will interest the American people are:
