

ZION BREAKS OFF RELATIONS WITH U. S. OVER GERMS

CHICAGO, Oct. 25.—Zion City has severed diplomatic relations with the United States.

Historically speaking the break occurred some days ago, but was kept secret because Overseer Wilbur Glenn Voliva held off in the hope the Government would listen to reason.

Zion City's standing army—the whole line of them—is still standing for its rights at Camp Grant, Rockford. Which recalls the motive of the break. For those who do not know it may be explained that Aesculapius and his lance are without the pale of the Zionist

church. Vaccination and inoculation are banned.

So, when Zion's quota of nine marched away to Rockford with every corpsus shouting patriotism imagine their chagrin to learn on reaching camp they would have to have it mixed with an alloy of germs. The army was confounded. It notified Voliva. He was nonplussed.

But not for long. He wrote a note to President Wilson to the effect that the United States Government would be held to strict accountability for every arm of the nine drafted by a vaccine point. The President took the matter up with the Secretary of State and Cabinet and the note was turned over to the War Department.

"And has anything been done?" asked the reporter.

It was here that Mr. Voliva abandoned neutrality.

MT. RAINIER ADDS \$11,000.

Mt. Rainier residents have put their signatures to \$11,000 more applications for Liberty loan bonds, thus running the grand total subscribed in the Mt. Rainier and township high into the thousands.

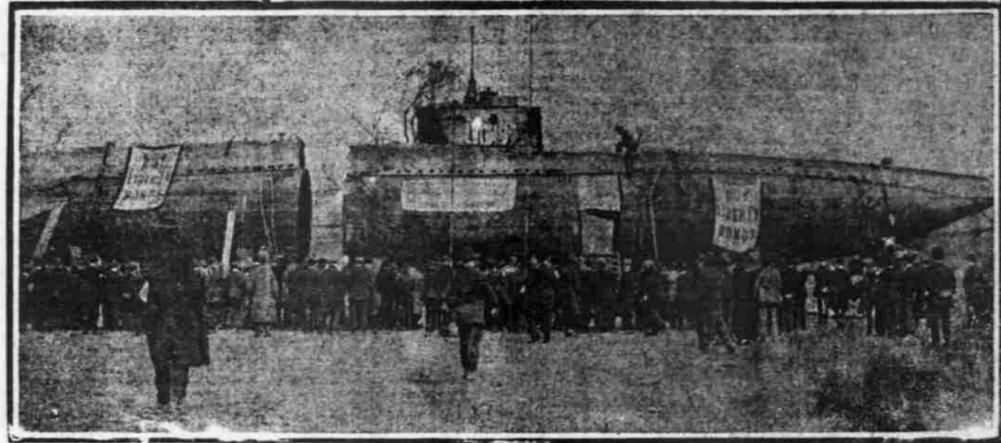

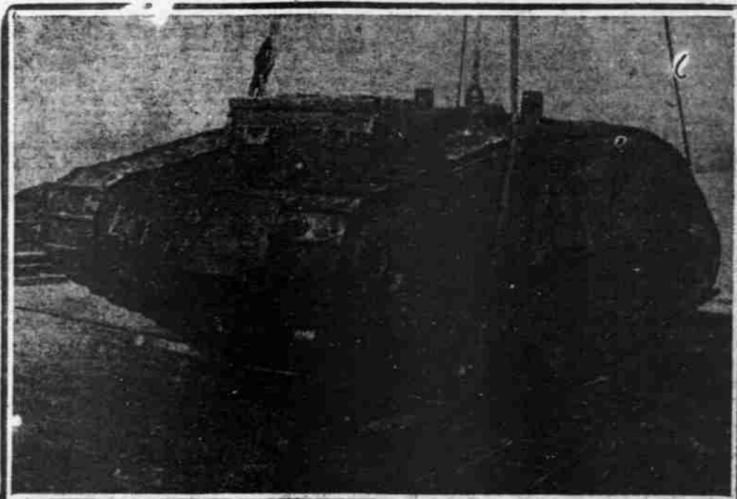

"Tank" and U-Boat Stir New York to Buy Bonds

TANK AND U-BOAT FEATURE NEW YORK LOAN CELEBRATION

NEW YORK, Oct. 25.—The feature of yesterday's monster Liberty loan parade here was the armored British tank, just from the French front, and driven by its original crew at the head of a parade of 20,000 marchers. While airplanes rained "Liberty bonds" over the city, the parade proceeded to Central Park, where a German U-boat is on exhibition.

The celebration reached a climax when the marchers joined 30,000 spectators to witness the rechristening of the German submarine U-5 as the "U-buy-a-bond."

After the standard of the German empire had been lowered from the wireless staff of the U-boat and the colors of Great Britain and America run up, Secretary of the Navy Daniels delivered an address.

The tank arrived from England in time to take a leading part in the Liberty Day "drive," just as it has taken part in drives against the enemy in Flanders, backing up the men who go "over the top," as American dollars are to back up the American army in its forthcoming drives against the enemy. The captive U-boat, once used for laying mines for the Kaiser's navy, now lies peacefully in Central Park, where it will be a station for the sale of Liberty bonds.

"COUNT" IS SUED, BUT IS WORRIED ONLY BY CRAVATS

PHILADELPHIA, Oct. 25.—Flanked by deputy sheriffs, "Count" Arlbert Sacky, left his temporary domicile Ludlow street jail, to appear before Justice Ford and a jury, in the supreme court in an action brought by his wife, Mrs. Lillian Suarez Sacky, to recover \$32,000 she alleges he converted to his own use.

The "count" has been accepting the hospitality of the city since August 24, when his wife caused his arrest, and his only concern was whether his sartorial habiliments were perfect. Gray spats were adjusted over his patent leather shoes to a nicety, and he selected from his varied wardrobe an expensive dark blue suit with a faint white stripe. With his toilet completed, "Count" Sacky was conducted to court.

Mrs. Sacky, who is the widow of a wealthy Cuban banker named Suarez, testified she began handing out money to the "count" long before her marriage to him, on January 15, 1916. In all she had given him, she estimated, more than \$100,000, which was to be used for specific investments.

Mythical hogs made their appearance in the course of the plaintiff's testimony. She had given her husband, she said, \$5,000 to invest in the raising of porkers, because he told her very profitable returns would be made. However, the hogs never appeared and the money disappeared.

Mrs. Sacky was asked by the defendant's attorney whether she had proposed marriage to her husband, but Justice Ford declined to permit the witness to answer.

According to Mrs. Sacky's attorney, her husband represented himself to be a Russian count, although born in Germany. When he testified he spoke with a marked English accent. He said his wife often expressed her opposition to her relatives, who had manifested, she told him, considerable interest in the longevity of her life during a time she was ill. They were interested, testified the "count," in bringing about an estrangement because Mrs. Sacky made a will leaving her large estate to her husband.

"A thousand times I would add to me, you are my husband and everything I have is yours," said the defendant. "I want you to invest it for me and use your own judgment about it. Later I told her she could do anything, that all I wanted was to rest in peace."

RUSSIAN PUPILS BALK AT TOO MUCH LATIN

PETROGRAD, Oct. 25.—Pupils in the public schools of Tiflis, says a dispatch, have revolted because they claim their Latin course is too hard. A strike has been called.

The pupils also demand that they be given the right to have representatives of the three higher classes in the administration of the school's affairs.

Too Much Meat Bad For the Kidneys

Do you get enough exercise to need meat two or three times a day?

Probably not. The meat habit dates back to days when people lived outdoors and had to have hearty food. Too much meat puts uric acid in the blood, disorders the kidneys, causes backache, headaches and dizzy spells and puts you in danger of gravel, dropsy, heart trouble, and Bright's disease.

If your kidneys seem weak, lighten the diet and begin using *Doan's Kidney Pills*, the special kidney medicine so strongly recommended by your own townspeople.

Washington Testimony:

C. E. Mangilla, 410 Virginia Ave., says:

"For years I had kidney and bladder trouble and was in bad shape. My kidneys acted irregularly and caused me much distress. My back hurt me all the time, too. I used different remedies, but none of them helped me much until I used Doan's Kidney Pills. Doan's entirely relieved me of the trouble."

W. J. Garner, captain of Engine Co. No. 20, 1730 Wilford St. N. W., says:

"My back became weak and I didn't dare bend over because such pains always caught me. The kidney secretions were often too frequent in passage and then again scanty. The secretions were also highly colored and contained sediment. I was hardly fit for work when Doan's Kidney Pills first came to my notice. Several boxes of Doan's made a cure."

CANADIANS HONOR TELEPHONE INVENTOR

BRANTFORD, Ont., Oct. 25.—The Bell Memorial, erected in honor of Alexander Graham Bell and his invention here, in 1874, of the telephone, was unveiled here by the Duke of Devonshire, Governor General of Canada.

Mr. Bell took part in the ceremonies. The memorial, which is the work of W. S. Allward, of Toronto, cost more than \$25,000, while the total cost for the grounds and Bell homestead, dedicated as the Alexander Graham Bell Gardens, represents an outlay of \$45,000.

W. F. Cockshutt, M. P., originator of the memorial, described Mr. Bell's work here, resulting in the sending of the first message over a commercial line, in 1875, between Brantford and Paris, Ont.

The Duke then unveiled the monument and Mr. Bell presented to him a silver telephone on behalf of the city.

After a municipal luncheon, the Duke formally opened the new home here for returned soldiers.

DISEASE RAVAGES PUT FATHERLAND HEARSE ON RUN

BY HENRY WOOD, United Press Staff Correspondent.

WITH THE FRENCH ARMIES.

Oct. 25.—Thousands of letters taken from prisoners at Verdun describe in harrowing terms the ravages of dysentery, cholera, and typhus throughout Germany. Some idea not only of the widespread nature of these epidemics, but of the effect they are having on the German population can be gained from the fact that over one-half of the letters found contained references to spread of dysentery caused by improper and insufficient food.

Disease Widespread.

These letters spoke of the disease at Cologne, Mulheim, Cobourg, Bursstadt, Guben, Alakenbourg, Langden, Lichtenberg, Stargard, Altona, Weisbaden, Grunz, Bormey, Pollnow, Steclin, Eckel, Zannow, Halle, Dulsbourg, Hugar, Dulsbourg-Beck, and other towns.

Some typical extracts follow:

"Bursstadt, Aug. 6.—I believe it will soon be the end. At Mannheim dysentery exists since a long time now, and the streets are closed. Now it exists also at Bursstadt. Mamma is very much afraid because a great many people are dying of it. They fall almost like flies."

"GUBEN, Aug. 10.—Dear Brother: Here people are dying every day of dysentery, only it is not allowed to be known outside."

"GUBEN, Aug. 9.—Today there are again some dead. Always of dysentery. But it is true that it could not be otherwise with what we have to eat. There is absolutely no fat left in our bodies."

"CHEMNITZ, Aug. 2.—The hearses are obliged to gallop."

Streets Closed to Traffic.

"MAYENCE, Aug. 14.—Since several days both cholera and typhus have made their appearance to the extent that several streets have been closed to traffic."

"GOLLUP, Aug. 9.—At Graudenz and Thorn people are dying of cholera. We can be sure the disease will come here also. My God, we must die now or later."

"Cologne, Aug. 5.—An epidemic of dysentery has broken out here. The barracks and hospitals have been closed for fifteen days. Dysentery also reigns among the civil population. People no longer have any fat or grease left in their bodies. Many have died."

What makes these letters all the more reflective of the condition of Germany is that all of them had been carefully censored before being sent to the soldiers. Presumably the details cut out by the censor were far more serious than the ones above, which were passed.

AUTO TRUCK OWNERS TO AID "SAFETY FIRST"

Washington auto truck owners today are cautioning every driver against speeding or violating any part of the traffic code as the result of a meeting of the Truck Owners' Association last night at the Chamber of Commerce, at which all present pledged their full co-operation with the police in bringing down the Capital's alarming number of street accidents.

Major Pullman, Lieutenant Headley, of the traffic squad; President Peabody, of the Safety First Association, and A. D. V. Burr, president of the Truck Owners' Association, made addresses.

MRS. DICK CLAIMS RECORD.

The record for woman Liberty bond sellers is claimed by Mrs. Klodia T. Dick, of New York, who established herself in the Blackstone Hotel lobby in Chicago and sold \$320,000 worth of bonds in one day.

'OBJECTORS' AT CAMP GO ON HUNGER STRIKE

CAMP FUNSTON, Kan., Oct. 25.—The conscientious objectors who were scrubbed, fumigated, and given clean clothing have gone on a hunger strike. They refuse to eat or go to the table for meals.

Two of the men, an international Bible student and a Mennonite, decided that collecting garbage was in no way assisting in military operations. They were assigned to work with one of the big army trucks.

The Huttlah brethren knelt all night by the side of their iron cots and prayed.

"We are asking forgiveness from Christ for having our hair cut and our beards trimmed," one explained today, "and for wearing the overalls of the army. It is against our religion to do anything in connection with war or military organizations."

The Huttlah brethren are all of German extraction and speak, read, and write German only. They come from a community at Freeman, S. D.

Strict orders have been issued by divisional headquarters that no one other than officers in the Eighty-ninth division may buy arms of any kind.

The order came as a result of information that merchants were selling weapons since it became known that 12,000 negroes were going to be sent here.

RIO JANEIRO TO VOTE ON ENTERING WAR TODAY

RIO JANEIRO, Oct. 25.—Parliament is to vote today upon the question of declaring war on Germany. Prohibitions were made upon the eve of the session that the vote would favor a declaration of a state of war.

it along to others.
It works!

Ouch! ? ! ? ! ? This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called frezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says frezone is an ether compound which dries immediately and never inflames the surrounding tissue or skin. A quarter of an ounce of frezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.
